## AS YOU CUT WEEDS, YOU CUT WEED LOSSES

By A. H. Martin, Department of Agriculture, Toronto, Written Especially for Haldimand County Weed Cutting Week, July 3rd — July 8th, 1933.

Every county has weeds, but some have more than others, and it is largely through the original and enterprising efforts of the citizens of Haldimand County, including the Municipal Councils and Weed Inspectors that the farms, lots, streets, roads and public property are reasonably free from Sow Thistle, Ladder Campion, Will Cress and other pernicious and unsightly weeds.

We have Ontario Weed Cutting Week, Potato Week, etc., why not have a Weed Cutting Week? It has been given a few days lately needed work which originated and is being done for the first time in Haldimand County, is welcomed and highly commended by the local Agricultural Association, Weed Inspectors and all occupants of property who have a pride in their surroundings and a desire to keep their property free from bad weeds.

Due to the fact that weeds spread rapidly from farm to farm, weed control is a community problem and can only be successful through the united and co-operative effort of every citizen.

## INSTALL AN EMCO BATHROOM NOW

YOU may have done without a bathroom solely because you thought the cost was more than you could afford. If so, that reason no longer holds. Prices of Emco Bathroom fixtures are extremely low, owing to reduced manufacturing costs, and because every part is entirely made in Canada.

Let us show you different designs in Emco Bathroom equipment.

The three pieces shown in the illustration, with all fittings, ready for installation, only cost **\$82.75**

Our booklet, showing different styles in Emco Bathroom equipment and with prices shown, will be gladly mailed you.

Duro Pressure Water Systems, all Canadian-made, will supply running water throughout your home.

Easy time payments available on all Emco equipment.

## SAFE DRIVING

will save money

Our Merit Rating Plan of Automobile Insurance provides reduced premiums for careful drivers.

Because we believe that careful motorists are entitled to a further reward for Care, Courtesy and Common Sense in their driving, we have extended our Merit Rating Plan in Ontario so that DISCOUNTS UP TO 25% are now available for Private Passenger Automobiles on All Classes of Automobile Insurance—PUBLIC LIABILITY, PROPERTY DAMAGE, COLLISION, FIRE AND THEFT.

- 10% DISCOUNT to motorists who have owned and operated a car for the past year without claims.
- 15% DISCOUNT to motorists who have owned and operated a car for the past two years without claims.
- 20% DISCOUNT to motorists who have owned and operated a car for the past three years without claims.
- 25% DISCOUNT to motorists who have owned and operated a car for the past four years or more without claims.

Our Merit Rating Plan is the only one available in Canada which provides such discounts for all coverages for Private Passenger Automobiles. These discounts apply, whether or not the motorist has been insured with this Company in the past, and are deducted from the premium on the issuance of his policy.

A claim having been made under either the Collision, Fire or Theft coverages will not disqualify the motorist for his Merit Discount on the Public Liability and Property Damage sections, and likewise a claim under either the Public Liability or Property Damage sections will not disqualify the motorist for his Merit Discount under the sections of Collision, Fire and Theft.

"It's the man at the wheel that counts"

If you can qualify for this policy, see us today. Full details furnished gladly on request.

## BUSINESS OFFER

A travelling manager has pitched his tent on the edge of a provincial town, and a number of boys were looking about.

One of them, a thin, ragged urchin, thought he would like a peep at the show, so he got down on his hands and knees and pushed his head under the canvas.

He was evidently enjoying himself when the manager came along and pulled him out.

"Do you know what we do with boys like you?" the manager cried. "We make meat of them for the lions."

The boy looked up at him and said, "Look here, guv'nor, I tell yer what—let me see the show for nothing, and I'll have the fattest boys in the place scrawling under the tent to-morrow night!"

Seven good rules on life.

Man was born to sorrow — when he gets too old to fall in love he gets the gout.

Sport gives the mind holiday and stops you masticating the ponderous thoughts of life and its perplexities.

Ability without enthusiasm — and you have a rifle without a bullet.

The surest way to be happy is to get so busy that you have no time to be unhappy.

Playfair, bes quare, and you find more sport in living and less in dying.

Life is a one-way street, and you are not coming back.

The definition of a heathen country today is a place where the inhabitants cannot make poison gas or play football.

Fisher Body Craftsman's Guild.

Oshawa, June 12 — Young craftsmen of the Dominion — 60,000 strong — began a period of intensive work this month, with the goal of university scholarships and free trips to the Century of Progress Exposition.

They are members of the Fisher Body Craftsman's Guild, competing in the second annual competition for awards totaling \$85,000.

Guild membership in Canada this year has exceeded all expectations, according to R. S. McLaughlin, president of General Motors of Canada, Limited, and president, also, of the

Canadian section of the Fisher Body Craftsman's Guild. A total enrollment of three times as large as last year, he said, showed an increasing interest among the younger generation in the type of work that develops the skilled craftsman.

Fourteen Canadian boys, representing seven provincial districts, will make the journey to Chicago in August as guests of the Guild.

Most coveted of all the awards, however, will be the two university scholarships, valued at \$5,000 each, which go to the best Canadian boy craftsman in junior and senior age divisions.

Before joining the 120 Guild members from the United States, who will be at the Chicago World's Fair, the Canadian group will gather in Toronto for a two day convention.

It will be a week packed with interest and thrills and its lure should keep every Guild member hard at a task to insure completion of a real winner within the allotted time. All models must be finished and delivered before midnight, of June 30th.

Notification is being sent out from Guild Headquarters in Oshawa, telling each boy where and how to deliver his model.

## The Practical Gardener

(By special arrangement with Arcadian Nurseries, Islington, Ontario.)

## INSECTS AND INSECTICIDES

It is strange but nevertheless true. One of the most effective is a solution of very few of us when planning a garden ever give a thought or provision against insect attacks.

We can visualize the ul- of this product that can be purchased and all we will say here is be sure of a worm-eaten rosebud, a beautiful shrub that is very thorough has almost every leaf curled up and plant are covered with the spray.

More often than not we wait until the plant has been voraciously destroyed before we apply the remedy. It certainly is disappointing indeed.

For brevity we will divide our insecticides into two classes, actual eating or chewing insects, and those that are not actually eaten. Of the latter class we will deal first.

These are green, black or white aphids usually found on the new soft stems of plants and on the underside of the leaves. They are very fond of the common snowball.

These insects are not only a nuisance but they also cause the plant to be covered with a sticky substance called honeydew.
