Beware of Community Wreckers

The private citizen may have his
troubles, but the average town
merchant is up against all kinds of
competition these days, with transient
peddlers, door-bells, and
down to dark, selling everything
from needles to washing machines;

England's County Names

Almost every place-name in Great
Britain has its meaning. The names
of the English counties are peculiarly
interesting and you may have won-
dered how and when the name in-
duced here. As a rule, as in Domesday
Book, and many go back for hundreds
of years beyond that.

Discard the Rubbish

A youth was once invited into a
King's garden and left to wander
about as he desired. He came to a
beautiful summer house, on the floor
of which many bright old stones
were scattered about.

Temperance Education Proceeding

The Ontario Prohibition Union re-
cently sent out Petitions for circu-
lation among certain churches re-
garding the Ontario Govern-
ment and its proposed legisla-
tion in regard to the sale of
liquor for medicinal and
other purposes.

Top Top Tailors Make Another Sensational Announcement

—same insistence upon the best of tailoring.

The Ebb of the Colony

(Experimental Farms Note)
A normal colony contains a great
number of bees just prior to, and
during the main honey flow which
usually commences about midsum-
mer. After the main flow is over,
brood production becomes less and
less until it finally ceases in late
autumn.

Home Made Syrup From Sugar Beets

(Experimental Farms Note)
Owing to the many inquiries being
received for one of our recipes for
making an edible (table) syrup from
sugar beets the Division of Chemis-
try at the Experimental Farm, Ot-
tawa, has been making further ex-
periments to determine the possibi-
lities of making a palatable and whol-
some and clear appearing syrup from
home.

Organize

A planter down in Kentucky, the
story goes, had just equipped a
team with a mule drawn wagon and
a hand mowed lawn mower. A free
blow of wind came, blowing the
mower and lawn mower into the
road over which they were going.

5000 Facts About Canada

The thirtieth annual issue of
"5000 Facts About Canada" is
a milestone in its history. It
contains a complete and up-to-date
survey of the country's resources,
industries, and general conditions.

Artificial Heart

It is reported from Moscow that
two doctors of the Institute for Blood
Transfusion have devised an "artifi-
cial heart" with which very remark-
able results have been achieved in
operations on dogs.

Health - Sleep and Sleeplessness

The ability to throw off the cares
of the day and to compose one's self
into a night's refreshing sleep is
something that is best appreciated
when it is lost.

Army of Machine

British gun - remarkable new
weapon which in war would make every
man a machine gunner.
A machine rifle which, though
little heavier than an ordinary ser-
vice rifle, is capable of firing at the
rate of 1,100 rounds per minute has
been demonstrated to the head, of
the B.S.A. gun works at Bir-
mingham.

IS DAMN PROFANITY?

Is damn a swear word? If not,
we have only to confess that we have
used it for many years.
Not long ago Governor Murray
of Oklahoma announced that the
word damn is not profanity, and that
he would use it freely in his govern-
ment.

The Wages of Sin

The horse and mule live thirty years
A and nothing but grief and
woes attend them.

Nelles Corners Poultry Culling

(Experimental Farms Note)
Culling is a term applied to the re-
moval of the unprofitable or non-
productive birds from the flock. It
should be to a limited extent, a con-
tinuous process, and should be based
on the results of the culling.

The Forgotten Man

It is time someone did something
about the forgotten man, to bring
him back into the world of the living.
The Forgotten Man, the one who
has been forgotten by the world, is
the one who has been forgotten by
the world, is the one who has been
forgotten by the world.

Will Prosecute Makers of Bread

Inspector and Chief West Seized 150
Loaves of Underweight Bread in
Simcoe - Prosecution of Manufactur-
ers Likely to Follow.
Consternation reigned in the ranks
of grocers and other vendors of bread
in Simcoe when a weights and mea-
sures inspector visited that town and
found that many of the loaves of
bread were underweight.

Another Laurier Needed

Back in 1895 the people of Canada
were in the throes of a depression,
such as we are now passing through.
Just as to-day, everyone had a diffi-
cult time of it, so it was in 1895.

Is Late This Year
