COUNTY COUNCIL MINUTES

THIRD SESSION

First Day

Council met pursuant to adjournment.

All the members present.

The Warden in the chair.

Moved by Mr. Furry, seconded by Mr. Shaver, that we resume business with the Warden in the chair. Carried.

Moved by Mr. Allan, seconded by Mr. Studdy, that the report of last meeting be taken as read and adopted. Carried.

The following communications were then read:

1. Letter from Department of Public Welfare, re resolution passed by the County of Wentworth.

2. Letter from Minister of Agriculture, re resolution passed by the County of Wentworth recommending a reduction in the price of motor licenses for farmers (which was concurred in by the County of Wentworth).

3. Two letters from Deputy Attorney General acknowledging receipt of copy of resolution passed by the County of Frontenac in the County of Haldimand.

4. Letter from Minister of Public Welfare, acknowledging receipt of resolution passed by the County of Haldimand.

5. Letter from Manager of House of Refuge, re Sydney Logg.

6. Letter from Deputy Fire Marshal, re House of Refuge.

7. Letter from Valley City Seating Company Limited, re supplies.

8. Letter from Department of Highways advising that the Road Expenditure in the County should be reduced.

9. Letters from Department of Agriculture and Lawton Casper, Provincial Entomologist, in which it is stated whether Corn Borer Inspector be appointed this year.

10. Letter from County of Frontenac recommending that the normal classes, 28, 122, be exempt from going to Normal School this year.

11. Letter from County of Lincoln that High School Teachers' salaries be placed on a more uniform basis.

12. Letter from M. E. Shaver, re Court House Insurance.

13. Letter from B. M. Haney, re Court House Insurance.

14. Letter from M. J. Hoehly, re Court House Insurance.

15. Letter from M. J. Cleary, re Court House Insurance.

16. Letter from R. M. Haney, re new wordings for policies on Court House. Referred to Insurance Committee.

17. Letter from A. Bradt, re County Road Superintendent.

18. Letter from Geo. R. Wilson, re County Road Superintendent. Referred to Good Roads Committee.

19. Letter from Canadian Engineering & Contracting Co., Ltd., claiming \$500 balance owing on York Bridge contract.

20. Letter from Police Magistrate Massie, re Marie Dell.

21. Letter from St. Joseph's Hospital, re Mabel West.

22. Letter from Haldimand War Memorial Hospital, re Putnam.

23. Letter from Hamilton General Hospital, re Murtland.

24. Letter from Hamilton General Hospital, re Murtland.

25. Letter from St. Joseph's Hospital, re Murtland.

26. Letter from St. Joseph's Hospital, re Murtland.

27. Letter from St. Joseph's Hospital, re Murtland.

28. Letter from St. Joseph's Hospital, re Murtland.

29. Letter from St. Joseph's Hospital, re Murtland.

30. Letter from St. Joseph's Hospital, re Murtland.

31. Letter from St. Joseph's Hospital, re Murtland.

32. Letter from St. Joseph's Hospital, re Murtland.

33. Letter from St. Joseph's Hospital, re Murtland.

34. Letter from St. Joseph's Hospital, re Murtland.

25. Letter from Hamilton General Hospital re Master Samuel Murtland. Be filed with the Clerk.

26. Letter from St. Joseph's Hospital, Hamilton, re C. Cecilia Khipel. Be filed with the Clerk.

27. Letter from St. Joseph's Hospital, Hamilton, re Mrs. Walter Smuck. Be filed with the Clerk.

28. Letter from Hamilton General Hospital, re Edward Martin. Be filed with the Clerk.

29. Letter from Haldimand War Memorial Hospital, re Erwin Carpenter. Be filed with the Clerk.

30. Letter from the Mountain Sanatorium, re Nancy Wickworth. Be filed with the Clerk.

31. Letter from the Mountain Sanatorium, re Hazel Ford. Be filed with the Clerk.

32. Letter from St. Joseph's Hospital, Hamilton, re Mrs. Hillary Young. Be filed with the Clerk.

33. Letter from Old Age Pension Commission, re Haldimand. Be referred to the Committee of the Whole.

34. Report of Mothers' Allowance Commission, Haldimand County. Be filed with the Clerk.

Save your buildings NOW... before it is too late! Rib-Roll is permanent. It cannot shrink, peel, crack, curl or bulge. It is fireproof—sparks cannot ignite it. When properly grounded at the four corners according to the Ontario Lighting By-Law, it gives complete lightning protection.

Millions of dollars worth of farm buildings are being eaten up each year by rust and decay caused by leaky roofs, and by fires. Save your buildings NOW before they get beyond saving. Rib-Roll is permanent. It cannot shrink, peel, crack, curl or bulge. It is fireproof—sparks cannot ignite it. When properly grounded at the four corners according to the Ontario Lighting By-Law, it gives complete lightning protection.

Rib-Roll is permanent. It cannot shrink, peel, crack, curl or bulge. It is fireproof—sparks cannot ignite it. When properly grounded at the four corners according to the Ontario Lighting By-Law, it gives complete lightning protection.

"Council Standard" Rib-Roll is now selling at the lowest prices in history. Quality is still maintained at its highest point. Write for free sample and useful roofing booklet.

Hydro-Electric Power Commission of Ontario

Home Owners must make application for survey of premises to secure Free Electric Flat Rate Water Heaters

IN ORDER to secure early installation of free electric flat rate water heaters it is necessary for house-owners, landlords and tenants to send in their application now, by means of the coupon shown below. The method is simple and direct. Simply write your name and address in the space provided, and mail it to your own local Hydro or apply at your local Hydro offices or municipality and a preliminary survey will be made of your home to determine conditions of wiring, the existing system of hot water heating and your hot water requirements. From that the type and capacity of the flat rate water heater is decided and, also, whether a "Booster" heater is required in addition. Then installation proceeds.

This absence of elaborate detail and unnecessary red tape in applying for free installation of water heaters is one of three direct advantages conferred on the people of Ontario by the Ontario Hydro Free Installation Plan. The other advantages are:

1. The installation of flat rate electric water heaters will be absolutely free of cost to the house-owner, landlord, or tenant. Cost of heater element, tank insulation, thermostat and necessary wiring will be borne by the Commission. All the consumer will do is to pay a new low rate for the service he receives.

2. In any home where the new low flat rate electric water heater is installed a higher standard of comfort, convenience and economy will immediately be created. The fact that electric water heating is the best and most economical means known; that the new equipment will be trouble-free, automatic in action and requiring no attention from the householder, and that Ontario power rates are among the lowest in the world, indicates how much this free heater plan means to the citizens of Ontario.

If you desire any additional information on any point, your local Hydro officials or municipality will gladly furnish it.

Fill out and mail this coupon today

ONTARIO HYDRO PLAN CIRCULATES FUNDS

Constantly Revolving Flow of Money Set in Motion by Heater Installation.

Toronto, April 17.—Interviewed today on the financing of the new Ontario Hydro plan to free installation of electric water heaters, Hon. J. R. Cooke, Chairman of the Ontario Hydro-Electric Power Commission, declared the plan would pay for itself inside twelve months. He outlined the basic principle of the plan by citing the story of the hotel keeper who paid a debt with a \$50.00 note. The friend who received the note passed it to a creditor to whom he owed \$50. The creditor in turn passed on the note in payment of a similar debt. The note then passed from hand to hand until finally a man paid the \$50.00 debt to the hotel keeper with the original note. Thus all debts were paid, everybody satisfied and the hotel keeper had his original \$50.00 note back.

This principle of circulation of funds is, according to the Hon. Mr. Cooke the basis of the new Ontario Hydro Commission Plan of free heater installation, details of which were announced recently. The plan, continued the Chairman of the Commission, while involving a heavy first investment by the Commission, will eventually pay for itself and in doing so will have benefited practically every resident of the Province of Ontario.

Here is the story of the Hydro Plan as outlined by the Hon. Mr. Cooke. The Ontario Hydro Commission proposes in its new plan to place in every Ontario Hydro home a flat rate electric water heater, free of all installation cost to the user. That is the beginning of the circle. By installing these electric water heaters new outlets for electric power will be created, Ontario residents will obtain trouble-free automatic water heating and the ensuing low rates they pay for current use will, in the course of a year, pay for the entire Commission investment in manufacture and installation of the heaters.

But the flow of money set in motion by the Hydro Plan does not end with the recompense of the Hydro Commission for its expenditure. It will percolate through the Province in the form of contractor's and employer's payments and workmen's wages as practically every industrial and manufacturing section of Ontario will participate in the work.

It is already recognized that the manufacturing of such a large number of electric water heaters required to equip thousands of Hydro homes in the Province will both create new industries inside the Province and stimulate existing mechanical, electrical and other organizations.

Practically every phase of Ontario activity will be influenced by the constantly revolving flow of money set in motion by the Hydro Commission plan. Even those industries and manufacturing plants which do not directly affect the flow of revenue derived from the increased industrial activity and the released stream of wages in circulation. Stores, luxury products, staples, and textiles, are only a few of the many Provincial businesses which will derive benefit from freely circulating money.

The Hydro Plan thus creates a perpetual circle, its course beginning with the Commission's initial expenditure, then circling trade and industry, and stimulating them to activity, reaching to Ontario residents and giving them employment and wages, touching retail stores, luxury merchandise and essential products, and finally reaching the users of electric water heaters only to start off again on its route back to the Commission, by way of revenue for service rendered. According to the Hon. J. R. Cooke, the power being used for this purpose would otherwise be wasted. Altogether the installation cost of each heater to the Commission will amount to the job revenue derived from the increased use of power for one year. Thus it will be seen that the entire plan of the Ontario Hydro Commission will completely pay for itself inside twelve months.

Expressing the greatest optimism and hope for Western Canada, and lauding the cheerfulness and spirit of the people W. E. Fustner, Jr., President of the Firestone Tire and Rubber Company, declared after an extensive trip through the West that the World's Grain Exhibition and Conference to be held at Regina this year promises to be a very big success.

GET ON OR GET OUT

There's many a man can do your job As good—or better—than you: There's many a man to take your place, And be glad of the offer, too! If you want your job, get on with your job.

If not, it's up to you To quit it now and so make room For a man more keen than you.

Get on with your job or get out of your job. Which are you going to do? We can't waste time on slackers now. So choose—up to you.

It's up to you to make of your job The best success you can; If you can't do that it's up to you To give it to the one who can!

For the many a man to fit your job, And be proud to have it, too; If you want your job, get on with your job, It's the sporting thing to do. When you see a married couple coming down the street, the one who is two or three steps ahead is the one who's best.
