HARD LUCK TORIES

St. Catharines Standard: The history of the Conservative Party in Canada in the last forty years is a tale of hard luck, from a Federal point of view.

In 1896, when Sir Charles Tupper went down before the country, there were undoubtedly hard times in America, which culminated in the panic of 1898. But before Laurier went to the country recovery was well on the way and a prolonged era of world prosperity set in.

Laurier went out in 1911, and that year marked the approach of another period of world strain economically. In 1912 the unemployed were heard from. The Great War came in 1914 and from then on, there was a Conservative or Union Government until 1921. That year was one of depression. But Mackenzie King was in office in 1922, and the greatest boom period of all time set in, only to be punctured in 1929. The depression was fairly under way in 1930 when Mr. King went out. But the Conservative Government, under R. B. Bennett has had to assume all the evils and cumulative ills of four years of world sickness.

A change in Government at Ottawa has never meant and radical departure from fiscal or any other policy; it has merely been a change in Administration. And all through this picture may be seen the Conservatives braving the storm, carrying the country through, only to leave everything in apple-pie order for their Liberal successors, who have enjoyed the fruits of hard-won prosperity and the prestige thereof.

We wonder, after the three by-elections, is history is going to repeat itself.

MOONLIGHT AND PRETZELS

A Musical, and it keeps as close to "42nd Street" as it can. But you won't mind that a bit, because it's fun, put over by an excellent cast from stage and screen. At the Regah Theatre, Hagersville on Monday, Tuesday and Wednesday, November 20, 21, and 22.

Lee Carrillo heads the screen contingent, as a big-hearted, simple gambler who's always ready to save the show, but loses it to villian Herbert Rawlinson. Mary Brian is the small town girl who does not make good—a refreshing change !—but she's rather swamped by the hoola work of Lillian Miles. Roger Pryor as the hero, and Bobby Watson, who does a "sweet cookie" dance director with rich humor and perfect taste, round out the stage's contrution of principals.

The dance numbers and music are all that could be asked. A show well worth anybody's time.

THE USE OF LE

What to do with leisure a hobby. Nature study, gardening, music, golfing, stamp collecting, sketching, lecture, foreign language, photography, social service, speaking, travel, authorship. lightful hobby is to keep a "word book," in which to collect curious and striking phrases from one's daily reading. An interesting hobby is to write for the sheer joy of weaving words into fascinating form.

Dr. Oliver Wendell Holmes said that anybody could write poetry. He referred aspiring poets to a dictionary where they could find words like fish from a pool, and added:

Just so with your verse—
'Tis as easy as sketching a fish;
You can reel off a sonnet
Without knitting your brow
As lightly as Rembrandt
A drawing or etching
It is nothing at all.

If you only know how.

Learn to loaf. This applies particularly to the brain-worker and the sedentary. Live in a different department. Cultivate the art of complete relaxation and recreation. Study phlegmatically, the jellyfish. Learn to float on the sea of life.

Jarvis Town League Hockey Club Organize

The opening meeting of the Jarvis Town Hockey League was held in the barber shop of W. Willis, on Thursday evening last, with a large and very enthusiastic gathering present.

Rev. M. Brett was elected President of the 1933—34 season with Don McKim receiving his appointment for the second season, as Secretary and Treasurer. A committee which includes the manager of each team entered in the league was appointed to act as a council along with the President, to settle any and all disputes amongst the players.

After a great deal of discussion, six teams were entered as follows:

High School, Cresswells, J. C. Walker, Counterhoppers, J. B. McMillan and the Marshall Dairy. A list of all available players was made and handed to E. T. Carter, who along with F. M. Hewson, H. A. Miller, L. B. Holmes and W. J. Elliott were to pick the six teams in order that all clubs would be as evenly matched as possible.

It looks like a great year for the town league and they are looking for your support.

KNOX Y.P.S.

Thursday November 16th, the Young People of the above church held their weekly meeting in the school room. The President, Mr. Tom Wright in the chair. After the singing of the opening hymn, the minister led in prayer. The Scripture Lesson was read by Mr. W. Miller. It was Temperance night and the topic was taken by Mr. Ralph Johnston, who gave us a very graphic description of the effects of alcohol on the human body, illustrating his address as he went on. It was a most interesting address and we all felt it was a pity that the school room was not filled to hear it. Mr. Bingleman and others took part in the discussion that followed. After the singing of another hymn, the meeting closed with the Benediction.

Suffers Unfortunate Accident

Mac Steele, who is an employee of the Marshall Dairy had the misfortune to have his finger badly cut and a portion on the end completely cut off. He was engaged in grinding Casein at the time for shipment and put his hand in the box to force the remaining bit of Casein through the grinder, when the accident occured.

GUPIDS CAPTURES

BECKER—LEATHERDALE

A wedding of considerable interest quietly took place in the Metropolitan Church in London on Wednesday November the Fifteenth at four P. M. when Elsie Hopkins Becker, daughter of Mr. and Mrs. Wm. Becker, of St. Thomas, became the wife of Dr. Irvin J. Leatherdale, son of Mr. and Mrs. W. J. Leatherdale of Jarvis. The ceremony was performed by Rev. Dr. Bruce Hunter, B.A.D.D. who incidently was Padre of the Doctors Battalion overseas and a very dear friend of the groom. The bride was attended by Miss Seamore of London and the groom by his nephew, Donald Leatherdale, of Jarvis. The bride who is well and favorably known by everyone in this vicinity was becomingly gowned in a long red crepe dress trimmed with gold and a black picture hat. After a short honeymoon the happy couple returned to their home in Jarvis.

RAUCH—MATTICE

A quiet wedding was solemnized in Hamilton, on Wednesday afternoon, November 15th at 2.30 o'clock in the Evangelical Church, Market Street. Rev. A. Clemens officiating, when Flora Stella, third daughter of Mr. and Mrs. Cecil Mattice, of Jarvis became the bride of Norman John Rauch, of Cayuga.

The brides gift to the bridesmaid was a white gold pendant and to the groomsman was a yellow and white gold engraved cigarette case.

After the ceremony the couple left on a motor trip to Buffalo and other American points returning via St. Catherines and Hamilton.

On their return to Cayuga, on Tuesday evening, between forty and fifty guests assembled for a bountious wedding dinner, followed by a reception and old time shivaree. The bride being the recipient of various useful and beautiful gifts.

The happy couple will reside in Cayuga and their many friends extend to them their congratulations for a long and happy wedded life.

Many a man who seems quite sure he can tell others how to make money, seems unable to make any himself.

The Jarvis Band

We were fortunate enough this week to get a hold of the book which holds the receipts and expenditures of the former Jarvis Band as well as the various activities of the band since the time of its inception in 1913. It would appear from the Records that the late respected William Wood was largely responsible for the founding of this organization. On April the 23rd in the year 1913, he solicited contributions from the business men of Jarvis and the result of his efforts in this respect amounted to a figure in the neighborhood of one hundred dollars, and that was how the Jarvis Band originated. The late John Sutton was the first leader however soon relinquished his position to Mr. Bruce N. Hair, who is still at the head of the present organization. The first minutes of any meeting that we can discover was held 1 April the 22nd 1913. The officers elected at that meeting were as follows:—President and Manager Geo. L. Miller; Sec.-Treas., W. E. Ward; Leader, Bruce N. Hair. The band met for its first practice on April 29th, 1913 with twelve members present, however, several new ones were taken in. Besides the contributions from the various business men a grant of Twenty-five dollars was given from the Village Council. The present band which is starting in 1933, just Twenty years later, also has twelve members with several others on the waiting list and all the organization needs is finances in order that they might buy instruments for them to play and fill out the band. The present band will soon be out under the street lights playing for what they hope, will be your enjoyment. However, at the present time any and all contributions will be greatfully and thankfully received in order that the instruments of the band may be filled out.

ANNOUNCEMENT

To my many friends and customers:

I wish to take this opportunity of expressing to you my intention of opening a new grocery in the front part of the premises now occupied by the T. Harris Butcher Shop with the Butcher Shop being placed in the rear of the building thus offering the public the convenience of obtaining their meat requirements and also their groceries in one building although the two businesses will be operated separately.

Due to the fact that several details such as fixtures and placing of stock, etc, will have to be taken care of, it will be approximately one week yet before I shall be in a position to open for business.

I sincerely trust that my former customers will give me a continuance of their patronage and can promise in return, a cheerful and excellent service.

We have found it necessary to equip the Village with good streets and sidewalks, with a first class power and lighting system and still we fail in the most essential of all, a water system.

:—:

One of the economizes that many lose sight of is that of wear and tear. Any automobile owner will immediately tell you that this item comprises his chief loss. Wear and tear means depreciation and this is quickly arrived at when he goes to trade or sell his car.

:—:

Did any of you ever stop to consider what it means in wear and tear on your good nature, your shoes in sloppy weather, possible sickness from exposure in cold weather not to speak of the ignominy of dependence on neighbors whose own supply is often perilously low.

:—:

We are all aware that the cheapest way to obtain anything is from one central source of supply operated for the financial benefit of all. Nothing exemplifies this more than the municipal water system. "Every drop is pure" could be the Village slogan, and once and for all you could throw away the pump handle, fill in the well and be certain that what you drink is free from pollution and unlimited in quantity.

:—:

We naturally look to the Village Council, the group of men elected by the people to take active steps towards this project that has proved to be a dire necessity. We elect the Council for leadership in our best interests, and it would appear that now is the time for action on their part.

Plowmen To Meet In Annual Session

At a recently held meeting of the Board of Directors of the Haldimand Plowmen's Association, plans were laid for the holding of the annual meeting of the organization on Monday evening, December 4th, at eight o'clock. As on former occasions, the meeting will be held at the Court House, Cayuga, and is open to the public.

Arrangements are being made to have Mr. Elliott Moses, President of the Ontario Plowmen's Association address the gathering.

As a native of Haldimand County and well known as a capable speaker and whenever plow boys gather. It is expected that the Association will close its books with a somewhat reduced but none the less satisfactory balance.

Other business transacted by the Directors included the passing of accounts, and winding up the affairs of the 1933 Match.

A wide, rich heaven hangs above you, but it hangs high; a wide, rough world is around you, and it lies very low.—Dohaid J. Mitchell.
