

in money obligations affected the whole financial economy of the nations. The increase was effected by substituting an unlimited paper currency issue feel to satisfy it. Gold production a mainly an Empire industry, and London offers the largest and freest market for its disposal. Its importance as a gold market has grown steadily in he past year or so. Scarcely a day asses without a large amount of gold leing offered for sale and readily disposed of. Yesterday £500,000 was lold, chiefly to Continental buyers, who for the most part hoard the nettal.

But to say that the rise in the price of gold is due to a demand greater than the supply is to leave a still more important question unanswered. Why

The latter of the latter of the latter of the price of gold is due to a demand greater than the supply is to leave a still more important question unanswered. Why

of gold is due to a demand greater than the supply is to leave a still more important question unanswered. Why should the demand for gold be so keen at a time when the output is greater han ever and when most countries, are than they had ever been, in order to reduce the gold value of gold payments and, therefore, no long-tr compete for it? The great increase in the demand for gold owes its origin to the economic—or rather the ungent and particularly from these in the demand for gold owes its origin to the economic—or rather the ungent and particularly from these countries which remain on the gold and payments and the committees are the name a variant, but unsuccess-ful attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the full attempt to restore her currency to dispersion of the demand state of the units. Pete:

"But attempt to restore her currency to dispersion of the description of the demand of the demand for gold be so keen that they is a lot of difference between what you know and what you last, Pete:

"But attempt to restore her currency

More and more attention is being shown the two-piece dress, in cloth, late side of Whitehall opposite Down-lame and crepes, both in daytime and in afternoon and dinner types, the din-in afternoon and dinner types, ner or cocktail suit makes a big feature of lovely blouses tuck-in and overblouse versions both being approved.

Origin of "Green" Room The room set aside for players to

gather or receive visitors in a theatre To wipe an age-old feud away is known as the "green room." It gets For man desired peace so they its name from the custom of painting the walls green to make them restful to eyes tired of the glare of footlights.

"We seem to be coming to the theory "But first," he added, with a grin, that the earth is older than the universe itself."-Sir Arthur Eddington.

"You know, fella—you know. But I can't make you talk if you won't," said Detective Sergeant Charile Mitchell to tvan Ross, who, with Martha Thayer, as suspected of the murder of her husard, Tack Thayer. That is, they were spected by Inspector Connolly, but arile had asked Peter Wayne to work th him in clearing the mystery, saying the believed Martha innocent. Martha the Delieved Martha innocent. Martha the Constitution of these here United States, if I understand the some. But it can't be helped."

So again Peter had to play a wait-The Rise In Gold

(London Times)

Like all other commodities, gold is subject to the law of supply and demand. Today demand is so persistent that although production of new gold from the mining fields is greater than it has ever been, and is being supplemented by sales of gold formerly varded in India, supplies are insuffected to satisfy it. Gold production againly an Empire industry.

(London Times)

Like all other commodities, gold is subject to the law of supply and demand. Today demand is so persistent in money obligations affected the whole financial economy of the nations of it.

CHAPTER XXVI.

"What are you going to do now?" said Peter, in the time of the political action."

What are you going to do now?" said Peter, in the time of the political action.

The increase was effected by substituting an unlimited paper currency issue readily susceptible to depreciation political action.

bridesmaids. It is also important as a medium for blouses of shirtwaist frocks.

While black with white is still tremendously important in collections of daytime fashions, black with color is not to be overlooked, black with turquoise for example, or with shades of the new block will quoise for example, or with shades of the new block will a deliberate aim, fired the automatic he had found in the Thayer fireplace safe.

This contention mitted to give ner, because it had cost too much. He had always hoped he could, some day.

Charlie led the way upstairs to the cause it had cost too much. He had always hoped he could, some day.

His own appetite was quickly satisfied. Not so Charlie's lix was easier sting a raw deal?"

"I see," said Peter. "You're just out for what you can get—is that on the tothe N.R.A. dure on the hotel and restaund to the N.R.A. dure out for what you can get—is that to the N.R.A. dure out for what you can get—is that to the N.R.A. dure out for what you can get—is that to the N.R.A. dure out for what you can get—is that to the N.R.A. dure out for what you can get—is that to the Charlie led the way upstairs to the cause it had cost too much. He had always hoped he could, some day.

His own appetite was quickly satisfied. Not so Charlie's size after sit to understand C quoise for example, or with snades of dertaking often die before the work is had found in the Inayer freehate sate. Ordered a steak intended for three, me sick. Ain't it endugh to be mooning and Charlie had asked no odds when it completed.

Then, very carefully, he hunted among and Charlie had asked no odds when it came to disposing of his shares. After-the violated pillows until he found the came to disposing of his shares. After-the violated pillows until he found the came to disposing of his shares.

rrong—I ain't too proud to learn. But of his inevitable cigars. I think I know what I'm doing this "Easy does it, Pete," he said. "Don't get to feelin' too good, Pete," like to dress well but have fime. All right—let's go. Pretty well "There's a chance—I'll tell you that said Charlie, more soberly. "We ain't much to spend on clothes." time. All right—let's go. Fretty will much. But it's touch and go." out of the woods yet." He looked at the appearance of variety to heeled, are you? I'm apt to cost you much. But it's touch and go." out of the woods yet." He looked at the appearance of variety to heeled, are you? I'm apt to cost you much. But it's touch and go." his watch. "Time we was movin' on, der wardrobe I change the plenty for taxis before you get through with me this night." "Go as far as you like," said Peter. "I think I know," corrected Charlie. I "That ain't the same thing, and, wen "I cashed a cheque this morning. if I did know-how many times have

lidn't know what might turn up." Charlie chuckled. "And you don't yet, do you?" he "Well, here's where I got to what we can prove? Connolly don't Straight by his sinking side I stood, "Madam," the fox replied, "come said. "Well, nere's where I got to what we can prove: Connolly don't lake a chance. We're goin' down to- know the madam bumped Thayer off And helped him to firm standing new things I have. And pushed aside a boulder. ward Headquarters, an' you're goin' -but he's pretty damn sure he can

Ease Pain, Headache in Few Minutes
