INTEREST GROWING IN HULLS OATS Poultrymen Can Feed This Type Without Rolling Growers of the hullless oats in Halton County report a marked increase in the demand for this grain from poultrymen and hog feeders.

ROCKFORD (Received too late for last week) When ordinary ones are not a favorable one for any oats, Mr. Loucks reports a yield of 25 bushels per acre from his Liberty hullless, which he explains is equal to 20 bushels for Banner, as the hullless weighed 50 lbs to the bushel at the threshing and were sold wet, compared to the one-third worthless hull in the Banner or other ordinary type oats.

PROBLEMS To every problem there is already a solution, whether you know it or not. This is why you find in mathematics there is already a correct answer, whether the mathematician has found it or not.

Hockey During the past few weeks the weather has been decidedly cold and the local hockey boys have been taking full advantage of the splendid sheet of ice in the local arena and the hockey fans who bought season tickets have no doubt, already seen enough good hockey to be well pleased. On Wednesday night, last the local Rural League team suffered their first defeat of the season in the Gay and Green arena of the group semi-finals to the Selkirk pucksters by the narrow margin of a 2-3 score and a rain on Friday night, they were unable to make the score more than 1-1 and being as goals counted on the round, they were forced to admit defeat at the end of Sixty minutes of play, along with the chance of winning group honors which looked to be assured previous to the final game. At the local arena, the Town League have provided many interesting games, with the School boys standing out on top as the schedule is drawing to a close. However, in the first play-off game on Tuesday night, the "Buck-Whiskies" of the Selkirk pucks were more than able to make the score more than 1-1 and being as goals counted on the round, they were forced to admit defeat at the end of Sixty minutes of play, along with the chance of winning group honors which looked to be assured previous to the final game. In the new Town League that was organized last week, consisting of four teams, the first games were played on Monday night. The first teams taking the ice being the School and the Marshall Dairy which result in a win for the School with a score of 7-5. In the second game between Nanticoke and the pick-ups, the former proved to have the edge throughout the game and winning with plenty of goals to spare. Dover Juniors 7, Jarvis Juniors 6. The Jarvis Juvenile team were defeated on Saturday by the Dover Middlets. The local boys were out on the big ice. For the first two periods Jarvis held the score to 2-0 but Dover came back in the third and Marshall took them through on hand for the next game when the boys hope to overcoat their first setback. It is only in a crowded tram or bus that the standing of a well-bred man is never questioned.
