The annual School Meeting of S. S. No. 17 Walpole passed on into the annals of history as four of the sections' most prominent women were present and made their personalities very much noticed.

George Saunders was elected trustee by an overwhelming majority.

The meeting progressed very smoothly and satisfactory to everyone except a few troublesome troublemakers who adjourned in very dark fre.

GROWING DAHLIAS FROM SEED

(Experimental Farms, Note)

Only seed from the best varieties of dahlias should be used for the production of seedling plants. Cheap seed, or seed from poor varieties, rarely if ever produces anything but inferior blooms. It should be remembered also that seedling plants are seldom alike, and while they may resemble the parent plants in some particular, the resemblance is usually slight.

Home grown seed may be obtained in two ways: (1) By hybridization or hand pollination. This is a relatively difficult method and should only be attempted by those with a knowledge of flower structure and breeding technique. (2) From plants which have been allowed to cross naturally. This method is the easier one to follow and many of the best varieties in existance today were obtained in this way. To ensure cross pollination between desirable plants the varieties from which seed is required should be grown by themselves in an isolated part of the garden. The plants are grown in the usual way and the blooms left to form seed. The seed pods should be cut when ripe and thoroughly dried in a light, airy room, then cleaned and stored until spring. Glass sealers make excellent storage containers.

Early April is sufficiently early to start plants. Sow the seed in pots or shallow boxes which have been filled with good, fibrous loam. Press the soil firmly before sowing the seed. After sowing cover the seed with about one-quarter inch of sifted soil, press lightly and water thoroughly using a fine sprinkler. Keep the boxes moist and in a warm sunny place until the seeds germinate. These will begin to come up in about one week and may continue to germinate for a month or longer When about three inches high transplant to other boxes.

Planting should be delayed until danger of frost is past. At the Charlottetown Experimental Station this is considered to be about the tenth of June. The seedlings after being set out are given the same treatment as plants grown from tubers. The crowns should not be pinched out.

Seedlingswill bloom and produce good clumps of roots the first year but will require to be grown for at least two years to establish the variety.

TOWN HOCKEY LEAGUE OFF TO GOOD START

scores.

The first game between the Clerks and Nanticoke gave the fans plenty of thrills, it being the first game of the season for both teams, they were out to win. However the Clerks proved to have a little edge on their Nanticoke opponents and when the last bell rang the Clerks were in the lead 5—4.

The second game proved to be the best yet this season, between two very evenly matched teams, Criswells and the School. The School team, under the capable management of Dan Brock, were much the lighter team, but proved themselves equal to their task and after playing ten minutes of overtime, the game was called with the score standing 5—5.

The next games, as will be seen by the following schedule, will be played on Thursday evening, when the Dairy will play against the Clerks and Nanticoke against Reichelds.

These games provide plenty of entertainment and the boys hope to see larger attendances at future games.

Jarvis Town League Schedule

Thursday December 28—Creswells vs Reichelds; McMillans vs. Dairy.

Monday, January 1—Clerks vs. Nanticoke; Creswells vs. High School. (These games have been played)

Thursday, January 4—Dairy vs. Clerks; Nanticoke vs. Reichelds.

Monday, January 8—Reichelds vs. High School; McMillans vs. Creswells.

Thursday, January 11—Dairy vs. Creswells; Nanticoke vs. McMillans

Monday, January 15—McMillans vs. High School; Reichelds vs. Clerks.

Thursday, January 18—Reichelds vs. McMillan; Creswells vs. Clerks.

Monday, January 22—Dairy vs. Nanticoke; Clerks vs. High School.

Thursday, January 25—Creswells vs Nanticoke; Reichelds vs. Dairy

Monday, January 29—McMillans vs. Clerks; Dairy vs. High School.

Thursday, February 1—Nanticoke vs High School;

At the end of the schedule the teams in first and second place will play off, best two out of three games, for the championship.

The games are listed in the order in which they are to be played.

Jarvis Defeat Kohler Cup Holders

On Friday night last, the Jarvis Rural Hockey team under the able management of Mr. J. C. Walker, again made a journey to Cayuga to play their second game of the season against the fast Kohler Rural League Hockey Cup holders of 1933.

Owing to the mild weather on Thursday and Friday of last week, the ice in the spacious Cayuga Arena was very soft, water covering all the lower places and making it very uncomfortable for players who had the misfortune to take a slide.

However, the game opened with both teams aware of the fact it was anybody's game and after trying the more scientific way of playing hockey, by stick handling and passing the puck, finally found it was useless on the soft ice and went back to the old game of "Shinny" and the 1st period came to an end without either team making a goal.

In the second part of the game, it was quite apparent the managers of both teams must have come to the same conclusion as to how the game could be won. When the teams took the ice, both tried to shoot the puck to the others net and keep it there, which was much in evidence throughout the remainder of the game.

At about half time, Donald Leatherdale received a pass and managed to bang the puck past the Kohler goalie to make the score one to nothing, and the period ended in that order.

Shortly after the third period opened, Kohler made a nice rush and after having several shots on the locals goal, one finally slipped by Brock, who played a wonderful game throughout, to make it a tie at the end of sixty minutes of play and made it necessary to play an overtime period of five minutes each way

The manager of the locals, put out the six best men of the line-up to open the overtime period and after approximately three minutes of play Charlie Mitchell, showed there wasn't very much he had forgotten about the art of hockey, and after breaking through the defence, very cleverly out-guessed the Kohler goalie and scored what proved to be the winning goal, which Kohler failed to cover before the final gong sounded to end the game.

We were intending to give the line up of the players, but are unable to do so because the lads from Kohler didn't seem to want to have their names in print after the Record correspondent called on them, after the game.?

The manager of the Jarvis team wishes to take this opportunity of thanking car owners who have offered their aid in furnishing transportation to Cayuga and also asks for more support in this manner as it is hard for him to find enough cars to make it possible for all the players to get to Cayuga.

Annual Meeting

The annual meeting of the members of the Jarvis Agricultural Society will be held in the office of the JARVIS RECORD on Saturday, January 20th at 2 o'clock P.M. The audited financial statement of the treasurer's books will be presented and officers elected for the year 1934. A full attendance of the members is earnestly requested.

TO THE ELECTORS OF THE TOWNSHIP OF WALPOLE

I wish to take this opportunity to express my heartiest thanks to the electors of the Township of Walpole for their support in the recent election. I promise to do my utmost for the benefit of the Township.

IT PAYS TO ADVERTISE

Nanticoke Sixty Years Ago

The following lines were clipped from the "Odds and Ends" column of the Hamilton Spectator some few days ago which had been submitted to that paper by our old and esteemed friend, Chas. R. Evans, of Hagersville, Ont., and entitled "Nanticoke Boys." The composition is attributed to Robert Poole, a former well-known resident of that popular burg of about sixty years ago, and while "Charlie" modestly refrains from taking any part in the composition, from past experience we acknowledge the correctness of the statement, but we are rather of the opinion, that he was a member of many an assemblage that congregated about the streets singing the words of this song which was set to the tune of "The Irish Washerwoman." Since that time the old shipping port of Nanticoke has passed, Charlie is no longer a resident, but the Village of Hagersville has vastly improved.

Near the shore of Lake Erie there lies a small village
Of Nanticoke, close by the creek,
And the country all around is smiling with tillage
Where pleasures are seen every day in the week.

O walk up the street when the summer sun's setting,
And see them crowded on tavern-stoops,
And some whiskey drinking, betting and singing,
And some letting off the most dangnable jokes.

For drinking and swearing round town without fearing,
The dice and euchre deck their greatest joys,
You search the land over, from Selkirk to Dover,
There is none to compare with our Nanticoke boys.

They are apt to give later to those whom they favour
By smashing their windows and bugies likewise;
For divilment driving and mischief contriving
There's none to compare with our Nanticoke boys!

Down at the old Castle, they scuffle and rastle,
With dancing and swearing, the devil's own noise,
For devilment driving and mischief contriving,
There's none to compare to our Nanticoke boys.

Sometimes they dust up a cat and dog fight
And then the poor laddies will surely get fined;
Sometimes they go out coon hunting at night
And steal from the gardens whatever they find.

Oh they are the laddies that fight for their land
And work their way gaily wherever they go;
No mortals can scare them wherever they stand
And to kiss a young lady they never are slow.

The truth we are given that satan from heaven
Was cast into hell and the Scripture can't lie;
And were it for shouting, I believe without doubting,
That satan has sprung from our Nanticoke boys!

DAIRY 9, CLERKS 6

The Dairymen overwhelmed the Clerks last Thursday night to the tune of nine to six. During the first period the Clerks had the better of the play, the period ending three to two in their favour. In the second period, however, the Dairy began to open up reversing the order of the play and ending the period with a one goal lead, five to four. In the last period their play became even faster, the Dairy had the Clerk's goal-keeper dizzy with a deluge of shots from all sides. Orvil Dell starred for the Dairy scoring six of their nine goals.

REICHELD'S 10, NANTICOKE 3

Reicheld's team did to Nanticoke just what the Dairy did to the Clerks, making them take a bad trimming of ten to three. Nanticoke have a promising team but apparently lack of practice, so should make dangerous opponents in the near future.

Owing to the mild weather during the past week, no games were played on Monday night as scheduled, but as soon as the weather man decides to see some more fun and make ice again, the games will go on as before.

Farewell Party

Prior to the transfer of Mr. J. K. McGregor to Dundas, a number of the young men of the Village and vicinity gathered at the home of Mrs. Enid on Friday night last, to hold a dinner in honor of Mr. McGregor.

During the dinner interval, the latter was presented with a walnut smoking stand, as a small token of the esteem in which he was held by the community. The presentation was very ably made by Mr. Arthur Blight who in a brief address spoke of the regard with which the people of the district held him and expressed the feeling of sorrow that was felt when news of his removal became known.

After dinner, various amusements were taken up and continued until "the wee sma' hours."

New Chevrolet Arrives

Mr. F. W. Reicheld returned from Toronto yesterday with the first 1934 model Chevrolet car to be put on the market this year. This is quite a tribute to our energetic General Motors dealer in Jarvis, to be given the first new style Chevrolet automobile for 1934.

F. W. sure must have some pull with this General Motors aggregation and no doubt in the near future we will here him at the microphone dilating on the many new and distinguished features of the 1934 model. Mr. and Mrs. Reicheld leave today with there new machine for a two months holiday in Florida.

This car will be on display in the Chevrolet garage here in about a week.

Tillsonburg Fire Quickly Quenched

New Pumping Equipment is Used at Tobacco Plant Blaze

Tillsonburg, Jan. 9.—The Fire Brigade answered a call to the plant of the Canadian Leaf Tobacco Company at 5.30 this afternoon just as the 450 employees were quitting for the day. Some wooden joists on the fire around the smokestack on the outside of the factory, but no damage was occasioned. The factory is putting through a huge tonnage of district tobacco and is reaching the peak of the season's work.

It was a coincidence that town officials and outside experts were conducting final tests of the new machinery at the fine new pumping station on Concession Street and there was an abundance of pressure to take care of any blaze. The new equipment will be finally turned over to the town before the end of the week and a reduction of from 15 per cent. to 20 per cent. in insurance rates in the principal section of the town will be the result of the new equipment.

Thirteenth Annual Older Boys Parliament Meeting

(Hagersville Press)

Editor's Note: The following account of the Thirteenth Anrual Older Boys' Parliament, held recently at Aurora is written by one of Hagersville's popular High School students, Murray Awde, who represented Haldimand County as a member of this Parliament. From his report it is evident that the Boys' Work Board of Ontario is performing a worth while service to our Canadian youth.

The Parliament this year was held at St. Andrew's College, Aurora, some thirty miles north of Toronto, from December 26th to 31st. The surroundings and general atmosphere of this beautiful educational institution, with such facilities as Havelle House Dormitories and Dining Room, and Dunlop Hall, composed of Assembly Hall, gymnasium, swimming pool, lecture room etc., made a splendid place of meeting for the parliament. Although this was the first occasion on which the College had entertained such as assembly, the administration proved the boys a very hearty reception. The members were most enthusiastic in their praises and many expressed the hope that it might prove a future temporary abode of amore serious nature for not a few of those present.

The Parliament was composed of some ninety members, representing most of the counties and larger cities of the province. The members assembled at the Union Station, Toronto, at 2.30, December 26th, and after a sight seeing tour of the principle features of the "Cen'ennial City," they left for St. Andrew's College.

Upon arrival a short period afforded the members an opportunity to further their fellowship and make new friends, and also to be alloted their rooms for their residence at the College.

It was at once evident that the program of events about to take place would mean red letter days for the majority of the members. For many it was to be their first practical experience in the promotion of boy's work within the institution known as "Canadian Standard Efficiency Training."

The first informal assembly took he form of a "get together" supper at 6.00 P.M., when the introduction of the Parliamentary leaders and the members took place. At 7.15 with fitting ceremony, the "Oath of Allegiance" was administered. "I hereby promise that I will be faithful and bear true allegiance to the King of Kings." The election of

A.Y.P.A. Meeting

The members of the A.Y.P.A. met in the Rectory on Wednesday, January 3rd for a social evening. The meeting was opened with a favourite hymn following a prayer let by Rev. M. Brett. After the minutes were read and adopted, the secretary read a letter from Caledonia, stating that Haldimand Deanery local council was to be held at Nanticoke on January 9th at 8 o'clock. Our Jarvis Representative, Louis Ickiff, was then appointed.

Many new members were initiated with the rest paying their dues, which increased our treasury very much.

Preceding a brief business discussion was the program consisting of the well known games, relays and community singing. A very dainty lunch was served followed by more singing and music.

As the group gathered in the hall ready to leave, the president rendered a hearty vote of thanks to the hostess, Mrs. Nelson and host, Rev. Brett, for the wonderful way in which they entertained the League.

The next meeting will be at the Wesley United Church on Friday, January 12th where the Young People's Societies gather together, conducted by
