THE STARLING IN ONTARIO. A new and what may become a serious problem is now facing farmers and fruit growers in the Starling, a bird which was introduced to the North American continent about the year 1896. It probably first appeared in Ontario in 1919 but since that time has increased very rapidly until now some definite means of control may have to be outlined.

What Has Modern Research Done to the Bible

"Prove All Things: Hold Fast That Which is Good" - 1 Thessalonians, 5:21. In the initial address of this series I pointed out that in our desire to find the truth concerning religion we might be that we should have to modify some of our previously held conceptions, conceptions which equalled to this, any County Council in the name given to those conceptions, conceptions which were not constructive or destructive.
