

WINGS OF FORTUNE

BY LESLIE BERESFORD

Sylvia Darnley, an orphan as employed at a travel bureau. She meets John Christopher, a young man who has just returned from Europe. They are introduced to a group of people who are gathered for a party. Sylvia is surprised to find that John is not who she thought he was. She is told that he is a man who has been in the business of the bank. She is told that she is to be married to him. She is told that she is to be married to him. She is told that she is to be married to him.

CHAPTER XIV. TWO LOSSES

When Sylvia joined Tony in the shining Hispano-Suiza car below, his impatient and even angry protests would find a way to get over her. At that moment she felt really hopeful. She had been told that she was to be married to him. She had been told that she was to be married to him. She had been told that she was to be married to him.

Sitting beside Tony in the car, Sylvia was still shaken and startled by that amazing outburst. It made her understand for the first time the intensity with which some women can love. It also made her envious of Florrie, who at least had been promised marriage and must have had some measure of her love returned.

With herself—how different! Sylvia realized that, suddenly and actually, as the car carried Tony and herself along the smooth boulevard towards the bank. For Tony, his complaints assuaged by Sylvia's apologies, gestured over the wheel towards the entrance to the Ritz-Plage Hotel.

"Follows is certainly making the running strong with old Darlingford's daughter!" he chuckled. And Sylvia, following the direction of his gesture, saw first the waiter of that Titan hair, glorious coral tint of an oval face of such lively, care-free loveliness as made her heart ache, made her feel something of that tempestuous passion which had throbbled in Florrie's voice and smouldered in her eyes.

With emulsified oil digestion begins at once in the stomach. Ordinary oils must first combine with the pancreatic juices—to form an emulsion—before they can be assimilated. Scott's Emulsion is more quickly and easily assimilated than plain Cod Liver Oil because it is already emulsified. Scott's Emulsion is rich in body building phosphorus and iodine. It is the most valuable source of Cod Liver Oil.

Class-Conscious At Age of Four

Four young children, little more than babies, stood before the gates of their kindergarten in Moscow and Russia, still only children, and should not be filled with communist ideology they could not understand. The Government has even ordered textbooks to be rewritten which will pay more attention to fact, and less to the teaching of Communism.
