able land attached to them. I do not know how far industry is decentraliz ed into country villages in Sweden, but fancy there is more of it than we have in Ontario. Hydro-electric power is cheap and available everywher in Sweden. Many think we need a back-to-the-village policy in Ontario. The third Swedish excursion was perhaps of most interest and profit. It was a visit to the famous Svaiof Plant Breeding Institution. On this ecasion our party was a small one. It consisted of a teacher from England, another from Virginia, U.S., and myself. The Svalof Institute is perhaps the most famous experimenta farm for crop improvement in the world. Students from all countries

## POULTRY RAISERS Check ROUP

nervousness, Dr. give this prescription a trial.

The aggregate value of the field crops from farms in the United States in 1935 was \$5,118,444,000 exceeding by \$339,000,000 or seven per cent. the value of the crops in 1934. The harvested area of 44 of the principal crops is estimated at 327,661,000 acres, an increase of 41,000,000 acres or more than 14 per cent. over the greatly reduced acreage in 1934, but a decrease of acreage in 1934, but a de 28,0000,00 or eight per cent. from the acreage harvested during the rural people throughout the province.

1928-1932 period. Due in part to control programs the total area of We had three interesting days in bers elected by the Association.

bonsible for a 400, pin the province's in the province's last year. Annual bepartment of Agrid bee losses from from vetch ranged cer cent. The honey at 1,100,000 pounds.

The total production of corn for 1335 has been placed at 2,202,852,000 bushels; wheat 603,199,000 bushels; barley 292,240,000 bushels; wheat 603,199,000 bushels; barley 292,240,000 bushels; wheat 603,199,000 bushels; wheat 603,199,000 bushels; barley 290,240,000 bushels; barley 290,240,000

Everywhere

It was my good fortune to be in the party entertained in the home of the party entertained in the home of the school, Mr. Oscar Bokelund. There was a fine residence alongside the school for his use but he did not occupy it. He had his home on a nearby 20-acre farm. His widowed as ushers the Ontario Legisla-outs or Rovers have ported by the International Scout Burocau at London, was 2.505,963. This was an increase over 1934 of 206,874.

Here

It was my good fortune to be in the party entertained in the home of the school, Mr. Oscar Bokelund. There is not space to tell of our visit to the splendid Folk High School near the Svalof Institue. They have over 40 Agricultural High Schools and over 40 Agricultural High Schools in Sweden for their population of about 6,000, Unlike those in Denmark, they discussed the school over 20 years.

The total number of Boy Scouts in the world at the end of 1935, as reported by the International Scout Burocau at London, was 2.505,963. This doubt 45 years of age and he had of a reachy swine.

required at London, was 2.505.963. This required at London, was 2.505.963. This was an increase over 1934 of 206.874. Wales 15.668, Ulster 7.194, and if the Provincial Boy the total to 939.203.

The first of the Provincial Boy Scouts and the school over 20 years. As in Denmark, the Swedish country schools are state schools and the teachers in the towns. We had tea in the garden at his home and afterwards inspected to the school over 20 years. As in Denmark, they schools are state schools and the teachers are as well paid as teachers in the towns.
