### Relief Down 7 1/2 Per Cent

Federal relief figures for January show a decrease of 11 per cent in the number of heads of families on relief rolls in Canada this year, compared with the number for the same month in 1935. Labor Minister Norman Rogers revealed in an address here. The number who received relief in January this year was 749 per cent below the figures for January 1935.

He seeks to define the powers of a jury in cases of manslaughter arising out of motor car killings. He proposes an amendment authorizing the jury to decide the question of fact as to whether the accused person is guilty or not guilty on the evidence adduced. He claims there has been no negligence having been taken from the jury, with the result that persons guilty of gross negligence escaped.
