Burke has a beat on these sensaTerry shook his head. Lie knew Burke has a beat on these sensa-tional happenings and masked gun-men truss him up, question him and cretly glad that for once he had not warn him he knows too much, Rawl-, the manager, is sick when the Blues go to Chicago, and New York wins the first game. Burke bets Mullins, another sports writer, \$5 the will call him in the morning." will win the second game if They both sent wires to their pa Rawlins is still ill. He is absent pers and sat talking about the prob

Hover had gone to the hotel manager's office after dinner and had spent most of the evening there. At to bed and called for help. nine o'clock Rawlins' nurse had called for the manager and insisted that teenth floor and were working over he come upstairs. He had been gone for ten or fifteen minutes and Hover cry in the corridor. A cold chill ran had gone to find him.

The nurse was upset because Rawlins was not in his room. She had gone off duty for an hour because sleep. When she came back the bed the hall, following Terry. was empty. She called several rooms Chicago hotels, as things go now, but and could not locate any of the men on the team who roomed at the hotel. She then became alarmed and called the manager. There was no trace of Rawlins anywhere. They looked in the courtyard first; they searched the hotel from top to botand could not locate any of the men searched the hotel from top to bot tom. There was no sign of a struggle in the room. The bed covers were thrown back as if he had slippe from the bed. His slippers were un der the bed and his bathrobe was on a chair. His clothes were hanging in the cupboard.

The house detective was called i The maids on the floor had not seen anything unusual in the halls and none of them had seen a man i pyjamas wandering about. One of the maids, however, could not be found. She was not in the linen room nor on any of the other floors.

The search then became two-fold, but neither the maid nor Rawlins could be found. Then the police were called in.

By a series of questions the police unearthed the following facts: Huette, Rawlins' assistant, went to see Rawlins right after the game and was with him for about fifteen minutes; Rawlins was pretty sore at him because of the Butchers' second successive defeat, and Huette went away sulking; one or two of the members of the team stopped at the door to in quire for him; his talk with Huette had tired him and he refused to take his supper when it was brought in

BLACKHEADS Don't squeeze blackheads — dissolve them. Get two ounces of peroxine powder from any drug store and rub gently with wet, hot cloth over the blackheads. They simply dissolve and disappear by this safe and sure method. Have a Hollywood complexion.

# Chickens Turn To Gold Digging

Large Nugget Found in Of Bird To Be Eaten

CHARLOTTETOWN, P.E.I., -Just about 50 years ago a report that gold had been discovered in the shore sands in the vicinity of West Point, P. E. I., created considerable excitement throughout the Maritime Provinces. A big boost in land values of the locality where the gold was said to have existed ocurred, out the gold did not "pan out" to expectations and the excitement abated. The value of farms in the vicinity reverted back to

normal prices of good farm lands.

But now real gold has been found
Not long ago while one of the household of Neil Boulter of West Point was preparing a fowl for the table a large nugget of almost pure gold was found in the crop of the bird. Mr. Boulter's nephew, Howard Livingone was present when the gold was

After he returned home he told his gold could have come from, His mo-ther then related the following: "When my grandfather Boulter came from England, he settled where The number of

daughter to whom they were then giyears. She was competent and well liked by the management.

"Now you've got the whole story," Hover said when the bottle was emven. She rolled them up and again put them in the cupboard. Some 40 years ago they finally disappeared. It is believed they were gathered up with waste paper and thrown into the stove and later the melted gold was taken out with the ashes and Neil Bouler's hen's have become gold dig-

# Ginger and Fred Are "Knock-Kneed"

PASADENA, Calif.-Ginger Rogrs and Fred Astaire both are

The California Osteopathic Associ ation was told it was one of the secrets of their dancing success. "Their dexterity, or the grace of ballet and esthetic artists like Theodore Kosloff or Fanchon Wolfe," said Dr. William F. Madsen, of Pasadena "is due, to the fact that they are knock-kneed.

"In fact, one could make the startling assertion the best dancers are knock-kneed. The anatomy of the pelvis, thighs, knees and legs put these members in a knock-kneed position when they properly support weight."

## Bright Hand Embroidered Borders For Gift Towels

An unusual version of some ordinary thing is always a more acceptable gift than a gadget that bears the blight of being useless. A towel of the right color to harmonize with the color scheme of a friend's bathroom will not be one of those gifts saved for another year and shipped off to someone else who doesn't want it either.

The embroidery for the towels shown here is done with six strand mercerized embroidery thread. All six strands of the thread are used. The simplest stitches are combined in straight rows agrees the towel The simplest stitches are combined in straight rows across the towel to make a border design. No stamping pattern is needed. The borders sketched here are exactly the size of the actual border.

The top one is done in royal blue and turkey red. First, stra ghten the end of the toweling, then crease a 1 3-4 inch hem. Draw a thread of the material at the top of the creased hem. Draw another thread 1 inch below the first one. Thread your embroidery needle with the red thread, then place a long piece of the blue thread over the drawn line and couch it down as at A. Make the couching stitches exactly 3-8 inch apart. This gives you the two straight side lines of the border. Outside of these lines make a vertical loop stitch in blue at every other couching stitch. The two steps in making a loop stitch are shown here at B. Between each of the red vertical loops make a tiny horizontal blue loop stitch. Next, make a line of fish bone stitch in red through the centre of the border. The method of making the stitch is illustrated at C. It is a good plan to crease the material along the threads of the goods to make lengthwise guide lines to keep the stitches even. Hem the towel by hand sewing to the back of the top row of couching.

To make the lower border in orange and yellow, straighten the end of the material and greece at 2.4 just here.

end of the material and crease a 1 3-4 inch hem. Draw threads and make couched lines as for the top border using orange thread to couch light yellow in place. Now, outside of these lines, make a group of 3 ray stitches in the orange thread at every fifth couching stitch. The ray stitch is shown at D. The centre stitch is made first and the arrows indicate where the thread is brought through and points where the needle is placed in the material each time. Between each group of orange ray stitches make a group of yellow ones. Next make a row of vellow running stitches make a group of yellow ones. make a group of years the state of the border, sp. ing them 3-8 inch apart. Starting at the right weave orange thread in and out of these stitches as at E. When the other side is reached, work back again as at F to

as at E. When the other side is reached, work back again as at F to complete the loops of a chain. Hem the towel to the back of the couching stitches as for the first border.
