MEDITATIONS FROM -- THE -- EDITOR'S DESK

CO-OPERATION NEEDED

Regardless of the type of program being sponsored by the Board of Trade on May 24th, the ultimate success of the event can be greatly stimulated by private citizens throughout the Village. If each resident will dress up his home with suitable decorations an atmosphere of enthusiasm will be created to harmonize with the spirit that must be evident.

Through donations, prizes are being offered for the best decorated homes in the Village, which it is hoped will tend to create a competitive spirit amongst the citizens. It is not necessary to go to any great expense in such an enterprise, yet if everyone will enter into the spirit and do a little, it will not only indicate to the Board of Trade that they have support, but the public that come here on that day, will realize the co-operative spirit that exists amongst the citizens of Jarvis.

THE SEASON OPENS

The Jarvis and Walpole softball league will open play on Saturday night, when Erie and Varency meet in the first game of the season. Last year this league provided a full season of real sport for enthusiasts of the district and this year promises to be even better. The same teams have entered for the coming season and will start afresh where they left off last fall.

The function of this league is to provide an amateur game for amateurs at a minimum of expense. The purpose has been accomplished and fortunately will continue. In many lines of sport the competitive spirit has been responsible, through inducement brought about by the coach on the bench whose sole desire is to win games. Fortunately the spirit of all teams entered in the local league is "Win or Lose" it is all in the game. So long as that spirit exists the Jarvis and Walpole softball league will continue to function success fully.

THE WEEKLY NEWSPAPER

The weekly newspaper, while it is in a general way a competitor of the daily, fulfills a definite function in the rural community which no other type of publication can perform. Mr. G. W. James, editor of the Canadian Statesman, recently described the weekly to the Toronto Advertising and Sales Club. His speech proved to be so entertaining and informative that it was subsequently printed in pamphlet form and lies before us now.

The field of the weekly is limited, yet its purpose is clear. One feels after reading Mr. James' address, that it is, indeed, a part of our community life. It is a homely, intimate sort of publication, part of the family routine of rural communities, and it deals necessarily with the limited activities of a small area. Yet it can be, at the same time, a powerful educational influence, and the character of rural Ontario has undoubtedly been moulded to some extent by the editors of such newspapers, many of which date back to early times.

This identification of the daily with the community it serves is well illustrated by the fact that Mr. James' speech was largely a saga of Durham county. And an incidental comment might be made that this little part of Canada has produced an amazing number of successful men, among them: Hon. Vincent Massey, His Honour Lieutenant Governor Bruce, Mayor W. D. Robbins of Toronto; Mr. R. S. McLaughlin, president of General Motors of Canada; Mr. W. N. Tilley, K.C.; Mr. J. E. Atkinson, president of the Toronto Daily Star; Mr. A. N. Mitchell, general manager of the Canada Life Assurance company; the late Sir Sam Hughes, and a number of other distinguished men. These grew up in rural parts of Durham and in their early days knew the Canadian Statesman. Their thoughts were undoubtedly influenced by what they read therein. No other comment appears to be necessary.

THE MOST UNIQUE SCOUT CAMP

One of the most unique Scout week-end "camps" held in Canada, if not in the Scouting world, is that enjoyed on Saturday afternoon at the Sick Children's Hospital, Thistletown, Ont. It is a "camp" held in their ward by the crippled and bedridden boys of the Robert Louis Stevenson Scout Troop, all in full scout uniform, gathered round their troop Union Jack flying from its in door flagstaff. The "camp" is opened with a ceremonial raising of the flag, and at the conclusion of the afternoon's programme of games, stories and the passing of Scout tests, the flag is duly lowered.

"This is certainly a lazy town."

"I'll say it is. I just saw a dog chasing a rabbit and they were both walking."

TID-BITS OF THE DIAMOND

BY JACK HORNE

The J. & W. Mushball League opens Saturday evening with Varency and Erie opposing each other. We haven't seen either of these teams in action as yet this year, but they are sure to be in fine condition for the opener. It has been reported that the Varencyites are being whipped into shape secretly and away from the prying eyes of the anxious world. This department cannot disregard the opinion that Ted Parkinson, Varency Manager, is holding something back.

—:—

Ollie Hill who was chosen to pick and manage a Jarvis All-Star team to oppose Varency on the 24th of May has announced his line-up. Herm Fess will in all likelihood do the receiving for the locals. Both Manager Hill and Laird Miller will see duty on the mound. First base duties will be shared by Gordon Saunders and Malcolm Peacock. The second base problem is a tossup between Tom Tweedie and Cliff Walker. In any event either of the above mentioned will take the base and the other patrol one of the outer gardens. Stan Mitchell will hold down the hot-corner as he did last summer for Jarvis (1) and as he will again this year. The short stop assignment has not as yet been settled on. One of the outfielders named may be moved in to replace Hugh Montgomery who was scheduled to start in that position. The outfielders named by manager Hill include Keith Fess, Jack Horne, G. Blight and Bob Enid.

—:—

Hugh Montgomery received a tough break when after being named for the short stop duties on the all-star squad he found it impossible to play on the 24th. "What a chance to miss" says Monty, "and Varency of all teams."

—:—

The local Mushballers have been tearing things loose at the ball field this past week and both Jarvis teams are rounding into shape. Jarvis (1) picked up a heavy hitting prospect in Jack Leatherdale during one of the practices. Jack should fit into the Jarvis (1) outfield nicely. Incidentally outfielders are very scarce articles with the junior squad.

—:—

At first the Mushballers were a bit disgruntled with being billed to play their wares on the field at 11 o'clock. We have concluded, however, after hearing some of the various players plans for the day that the earlier the game is promoted, the better.

—:—

Varsity may be able to obtain Dave Banks for the Jarvis-Varency game in connection with the ... benefit. Dave led the league in both batting and pitching last year and if he is obtainable it would add a great deal of colour to the game.
