TID-BITS OF THE DIAMOND
BY JACK HORNE

They're off! That is the Jarvis and Walpole softball league has swung into action after a long, cold lay-off.

Without those exasperating ceremonies which so often mar an opening game, the J & W went all at hammer and tongs on Saturday night when Jarvis (1) defeated Varence eight to seven. It was most unfortunate that Eric were unable to keep their little date with the Parkinson men, but enough of that, let us go on. — IF the truth is he

Mr. Ed. Eastes has been assisting with the seeding at the home of Mr. Caldwell Easton during the past week.

Tom Tweedle has smashed out long homers in both games and the opinion keeps speaking in that Hub Saunders will have to look to his laurels. Incidentally "Doc" is doing very nicely by himself, the team and the world in general patting the area around the second sack.

The nearest defeat effort of the season thus far is being exhibited by Malcolm Peacock at the initial sack for Jarvis (1). When "Peak" starts to connect he will be one of the most valuable men in the loup.

The fans are voicing the opinion that what Jarvis (1) needs is some right now and they should improve for itself. Meanwhile they have held the opposition to even safeties.

Clarence "Wink" Dixon who has replaced Dave Banks as moundman for the Varenceites looked good on Saturday night. He has a nice curve ball and shows plenty of control. Incidentally, Varence seems to have the same attitude as the man who bought a return ticket to Toronto and never intended to come back. He was putting one over on the railroad Co. Varence, himself, was circulating the report that they're not nearly as dangerous as you are circulating the report that they're not nearly as dangerous as you are.

Gathering reports and summing them up, this department figures that Ronen will field a team next week. They're hitting O.K. and they're well known in these parts. It's making a come back with the Ronen outfit. Clark Keller has come on.

The regular May meeting of the W.I. was held at the home of Mrs. W. Hammond on Thursday last. The Roll Call was answered by the paying of dues. The officers were all elected by acclamation. Miss K. Lawrence had charge of the Coronation program which was enjoyed by all.

Miss Jean Hoover of Buffalo, N.Y. spent the week-end with her brother Mr. and Mrs. Maull Hoover.

Mr. John Dennis and wife of Hamilton, spent Sunday with Mr. and Mrs. Chester Peterson.

Mr. and Mrs. Sandy Schweyer of Chesapeake, Md. spent Sunday with Mr. and Mrs. Percy Schwaner.

Mr. and Mrs. Elmo Hoover, have been spending a few days with Mr. and Mrs. Sanford Sevenpiper of Hagersville.

Miss Sylvia McFarlane, Miss Edith Gillis, attended the Girls' Conference at Guelph. They spent three days there last week.

Mother's Day was observed in our Sunday School and church service on Sunday. The Mothers conducted the Sunday School quite successfully and Rev. Bean preached an interesting sermon relative to Mothers.

Miss Mary Ondricka of Toronto, spent a few days with her parents Mr. and Mrs. Geo. Ondricka.

Ontario Financial Statement
Issued by Premier Hepburn

Toronto: (Special) The balance sheet of a business in which every person in Ontario is interested, has been reduced by \$23,000,000 and the gross debt by \$33,000,000 — or three times the amount promised in the last budget address. It is the first reduction in the gross debt of the Province of Ontario that has been made in the present century.

Subject to widespread favorable comment when Hon. Mitchell F. Hepburn, Prime Minister and Provincial Treasurer, presented his budget in the Legislature, Ontario's showing of an estimated surplus of \$7,000,000 after paying a relief bill of \$12,500,000, was considered remarkable inasmuch as it represented the first balanced budget in Canada since the depression. The complete picture, as revealed in the figures of the published statement shows that the surplus to be much larger than the \$3,132,938, and this after taking care of a relief bill, not of \$12,500,000 only, but of \$13,270,000.

This more than justifies the comments which have already been made, not only in regard to the success of the Province's financial management for a year, but also with respect to the resulting effect on Ontario's position in the financial markets of the world, as well as the substantial relief it becomes possible to give to taxpayers of all classes.

Unprecedented Surplus
Examination of the statement now confirms the fact that the surplus is twelve times the surplus budgeted for a year ago and achieved while other provinces were striving to borrow to meet current expenditures. This is the largest surplus realized by any Canadian province since Confederation. It has also been noted that, in addition to re-

It is pointed out also that, in addition to abolishing the amusement tax, representing a sacrifice in revenue of \$1,900,000 a year, there have been other drastic cuts in taxation which have been greeted with enthusiasm on every hand. In the case of license for farmers' trucks and commercial vehicles, there was a reduction in cost of 25%, which means saving over \$1,800,000 a year to some 80,000 of these commercial operators, and a corresponding loss in revenue to the government.

At the same time, there has been considerable relief in the additional relief to rural municipalities in the reduction from 5 to 4% in the interest rate charged under the Municipal Drainage Act and the Tile Drainage Act, and the lowering of service charges for Hydro to farmers.

During the coming year, it was intimated, there will be capital expenditures of \$1,000,000 to provide employment, \$14,587,500 going into highway extensions and \$2,500,000 for public buildings. At the same time, the government is budgeting for a surplus of \$2,250,000 after allowing \$1,000,000 for relief.

The budget has been generally accepted as a masterpiece of sound public accounting, it being pointed out that the Province could have recorded a surplus of twenty millions instead of seven if direct relief costs had been capitalized.

Several Public Planners called on Sunday afternoon, Mr. Hepburn made the following statement: "With the saving of interest and a consequent reduction in the cost of government, we shall be able to carry the blessings of good government into the homes of the humblest man and woman in this province."

And in delivering this budget address in March, he remarked: "We turn our faces, not toward the shadow, but toward the sun, and in that direction a brighter and happier day for this great land."

THE DEBT I OWE MY HOME TOWN
If all my citizenship accounts were balanced at this date, I would be the debtor. Haven't I all these years lived within the limits of the town and shared all its benefits? Haven't I had the benefits of its schools and churches? Haven't I had the use of its library, park and public places? Haven't I had the protection of its fire, police and health departments? Haven't its people during all this time been gathering food for my table, clothing for my body, and material for my home?

Haven't my town furnished the patronage by which I have succeeded in my business? Haven't I furnished the best friends of my wife whose ideals have been my inspiration, whose kind words have been my cheer, and whose help and material have carried me over the greatest difficulties?

What will I give in return? Not simply the taxes which cover me, small part of what I have received. I want to give more; I want, of my
