**REAL ROOFING VALUES**

**TITE-LAP ROOFING**  
The permanence and low up-keep cost of this metal roofing makes it one of the most economical on the market. This Lap Galvanized Roofing gives greatest covering capacity. The end lap is so tight it is almost invisible; positively excludes driving sleet, rain or snow.

**RIB-ROLL ROOFING**  
This durable roofing has extra rigidity that makes it particularly good for roofing over a light framework. The secret of its strength is the ribs are only five inches apart! The most copied roofing of its kind on the market. Be sure you get the genuine, economical Rib-Roll Roofing!

Ask your banker for details about re-roofing on the Government-backed Home Improvement Plan. Use them with this roofing. The complete Jennings line, including heating systems, insulation, clean, practical systems. Use Jennings equipment for protection.

**JAMESWAY POULTRY EQUIPMENT**  
Write for information on any item in the complete Jennings line, including heating systems, insulation, clean, practical systems. Use Jennings equipment for protection.

**STATITE**

**Knocks & Boosts**  
SIDELINER  
BY JACK HORNE

**LEAGUE'S ORPHAN, PROMISING ROOKIE**  
Early this spring, the baseball world first began to hear of one, Tom Henrich. J. P. Fitzgerald, pitcher calling him Dave. It seems that Henrich had been bookended as it were, by the Cleveland Indians in order to save their face the Cleveland management was willing to argue that Henrich was none of theirs. For some time it appeared that Henrich was up a stump. Then, lady luck took Henrich under her wing and he signed with the Yankees for \$20,000 bonus. It seems, Ed Barrow, Joe McCarthy and all, merely wanted the storm centre out of the way for he was almost immediately shipped to Newark, to join his hands with Seeds, Dalgren, and McQuinn. He was forgotten for a time but he kept punching away.

Lady luck once more took Tommie by the paw he kept punching away. Since Lady Luck has adopted him, he has been doing well enough to warrant a place in the third batter, grouped among such stars as Crosetti, Dimaggio, Gehrig, Puckey and Selkirk. At the present time he is being groomed for the prize rookie of 1937. He may be that.

**VINCE FINDS BROTHER JOE STUMBLING BLOCK**  
They say along Broadway, clamoured, howled, yes, and even swore to the high heavens that Joe Dimaggio was one in a million. That he was Vince came up to the majors from the San Franciscoinals and he was disappointed and claimed to be of no use to the Bees. There was a disappointment in the Bees' outfield would make all the difference in the world, a help to his brother, he was a very big stumbling block. Not that Joe intends to be merely a tough position for either of the coast league graduates. Vince, however, stuck and he will probably be with the Bees in the fall with an enviable record.

**AARON AIRS DESIRES FOR TOBACCOMEN**  
We have dandy Howard back with us again. To make the picture complete the nomadish gets as still as ever. Howie aired his meat ticket limb and his dislike for Tobaccocomen on Wednesday last when Simcoe ledoux defeated Delhi four to three in an exhibition tilt. In keeping with the various coronation ceremonies, he proceeded to crown ten Delhi would be batters with a K.O., then after holding the fort for four innings, he abdicated in favour of others. He doesn't fan many more than ten batters in a game, usually, and no doubt he figured his days in the majors were numbered. Sandy Kienear was back at shortstop, but it is very doubtful if the mushballer will outdo Oivens of last year. There is little doubt that Simcoe will be weaker at third than before and there are some of the other boys that are fast becoming of age. It was a disappointment to this writer that Eddie O'Connell did not figure in the line-up. Perhaps there are more experienced catchers in the fold, but his ability that counts. Not only that, but Eddie with a little watching could play a tiny game at either short or third base.

**OFF THE PRESS**  
Oscar Lefty Judd appears to be doing very nicely for himself in the International league. The former Ingersoll farmer hurled a two-hit victory for Rochester on Sunday and helped himself to two hits, including the majors and the St. Louis Cardinals. When Judd first turned pro, Bruno Pollock's (a team-mate of Judd's at Guelph) father told him that the portier was a cinch if he strengthened his control. While Dean Detton and Danno O'Mahoney are grappling for the world's heavyweight wrestling title, Yvonne Roberts is showing any outstanding weight with an X beside them. This does not mean that X marks the spot nor are the moguls throwing a loving kiss to the aforementioned. It is an open letter to the moonshiners that they've made their final move for three years at least. So Howie may be around for some time. T. O. M. Supwith arrived from the Old Country with his cup challenger, Bah Jove! Mounted policemen carry a dash of this and that of them are unnecessary.

**TID-BITS OF THE DIAMOND**  
BY JACK HORNE

The weatherman has been very unkind to the J. & W. this past week. The schedule called for three games including the Renton-Garnet game last Wednesday evening. However, but one game was completed, the Erie-Garnet game. The first postponed game was on account of rain and could not be helped. The day night should have been completed, but because of the late arrival of the Renton players, the umpire were forced to call it off before five innings were completed. It was very unfortunate for the Renton game will be in hand. However, they have only themselves to blame. These postponed games as well as any additional ones will be played at the end of the regular schedule.

The Jarvis All-Star-Varency tilt on Monday bids fair to be the highlight of the season. The Varencey manager, I would venture to say, is keeping Ted Parkinson seems to be keeping his mental lineup in the dark until the time comes for them to exhibit their wares. Manager Bill of the local star spangled squad, however, seems right out and announces his squad as he will line them up. For the probable lineup: Horne, r.f.; Mitchell, 3 b.; Walker, s.s.; Fowles, 2 b.; H. Fess, c.; Thomas, l.f.; Miller, p.; M. Peacock, l. b.; K. Fess, c.f.; Reinforcements, G. Hooper, c.; R. Leard, c.; R. East, c.

The Garnet team proved to have a young, scrappy squad on Monday evening when they defeated Erie 15 to 9 in a wild slugfest. Jack Phillips, the mound for "Mike" Miller's protegee, showed he had what it takes. He pitched a swell game, considering that it was his first trip to the hill top. Incidentally his battery mate "Wild Bruce" McEneaney proved to be the any fans who are doubt that he is going out for an all-star selection himself this year.

**RENTON**  
The service at Mt. Zion was not held on Sunday morning as usual because of the death of Mrs. J. W. Beane's mother, Mrs. J. Smith. The funeral to be held on Tuesday at 1 P.M.

Mr. and Mrs. D. McBride of Woodhouse have moved into this community, residing in Mr. Chas. Mitchell's house.

On Wednesday, May 12th, the pupils of No. 10 school, journeyed to Waterford to take part in the Coronation parade held there, and managed to take away second prize for best representing one section of the British Empire.

**WATERFORD**  
Coronation Day was very fittingly marked by gaily decorated cars, trucks and floats, forming the parade best ever known here headed by the Waterford band followed by the Girl Guides and Brownies, Scouts, Trail Rangers and Cubs, L.O.B.E.A. Lodge, Womens Institute and then the public schools of Waterford and Townsend. The procession started from the public school thence to the community grounds under direction of the Legion members. Capt. L. B. Reynolds acted as chairman at the grounds. Program was halted during the King's speech which came in very distinctly. After which the National Anthem was sung. The floats proceeded between the platform and the judges stand. On the platform a large map of the world was placed and when each school represented some country of the Empire passed Wilfred Wilson D.C.M. mark of the following schools: In section A first prize S.S. No. 13, Miss Hepburn teacher; second, Dundurn, Miss Dion Schryer; Third, S.S. No. 18, George Armstrong teacher. In section B, first, S.S. No. 23, Miss Johnstone teacher; second, S.S. No. 10, Miss Kitchen teacher; third, S.S. No. 9, Mr. Stetler teacher. The evening program started with the Boy Scouts bonfire, proceeded with a display of fireworks, which lasted more than one hour. The crowd then gathered into the arena where all joined in community singing lead by William Found, Band Leader. The children from all the public schools were presented with a coronation song by their respective R.E.S. The ball game scheduled for 6.30 was postponed owing to the rain.

The death of Mrs. John Graves took place on Wednesday morning at her home in Simcoe following a few days illness. Mrs. Graves was 75 years of age. She was married to Mr. Graves before her marriage was Aggie May only daughter of John Charters and Elizabeth Charters. Waterford and always lived in this district until her marriage when she moved to Simcoe some seven years ago. Beside her husband four small children survive, also her father and brother, Waterford. The funeral was conducted on Friday from MacGregor Funeral Home in Simcoe with interment in the family plot, Greenwood Cemetery, Waterford.

The Stone Church Missionary Society will meet at the home of Mrs. Orlif Easton on Thursday afternoon, May 20th.  
George Maxwell, of Hagersville, has been assisting with the seeding at S. Fleming's and C. Easton's.

**The FROZEN DESSERT**  
... that wouldn't freeze!

Mr. Smith: But you said we were going to have a nice sherbet for lunch . . . and what do I get?—A glass of pink stuff that looks like circus lemonade!

Mr. Smith: That was going to have been a sherbet, but it simply wouldn't freeze! It's been in that wretched refrigerator ever since breakfast time. The unit has been running ever since . . . but it's so hot in the kitchen I guess it's just not powerful enough for the job!

Mr. Smith: What we need is a Westinghouse Super-Power refrigerator. Mr. Jones tells me theirs has so much reserve power that, even in the hottest weather, the unit only operates on "part time" . . . I'll bet they never have to serve their frozen desserts in glasses!

Dependable refrigeration is only one of many reasons why you'll want a Westinghouse. Its beauty . . . its economy of operation . . . its many modern convenience features—These are advantages that will continue to be a source of satisfaction to you through the years. And there's no need to put off buying when our terms make it so easy to own a Westinghouse!
