**A HIGH WAGE COUNTRY**

Although the \$175,000 Turgeon report of the textile industry quotes a reference of the International Labor Office to support its view that Canada is in the "least advanced group" among world countries in respect of the number of hours of work per week, a study of the same report in respect of similar study by the same authority shows Canada in the front rank.

tries of Asia-China, Japan and India—where hourly wages in gold in 1935-36 were less than 20 Swiss gold centimes. In a second group are five countries of Central and Eastern Europe—Austria, Hungary, Italy, Poland and Czechoslovakia—where hourly rates were approximately between 25 and 45 gold centimes.

**"CHEVROLET'S RIDING EASE SOLD ME!"**

**THE BEST CAR** you'll ever bought... You'll agree with me when I say that about Chevrolet. And riding ease sold me!

At any speed, on any road, Chevrolet rides straight as an arrow—doesn't lurch, pitch or sway—doesn't 'heel over' when you round the corners. You feel the car has its own unerring sense of direction... that you don't have to be constantly on the alert to keep from wandering over on the shoulders of the road or the other fellow's right of way. And those Kneec-Action wheels on the Master De Luxe just step over every bump and bounce. My wife says riding in the back seat is as comfortable as up in front!

Only Chevrolet in the lowest price field offers you genuine Kneec-Action...

along with roomier, more luxurious All-Steel, All-Silent Fisher Bodies... healthful Fisher No-Drift Ventilation... and an 85-H.P. Valve-in-Head Engine for smooth, rousing cruising speeds that never tire you out. Try the ride for yourself, will choose Chevrolet for riding and handling ease.
