Buying Aircraft in Canada
Very shortly also will arrive the air mission from London which will arrange the purchase of aircraft in Canada for the R. A. F. The kinds of craft to be built in Canadian factories it is believed will be torpedo bombers, flying boats and other heavy service machines. The extent of the purchases will only be known when negotiations are concluded, but naturally rumours are afloat about one or two hundred millions of dollars. Some estimates have gone to 250 million, but this can be only guesswork until something definite is arranged, by the air mission and the Canadian industrialists. Canadian aircraft manufacturers, in the meantime, have been perfecting arrangements among themselves to work in some sort of co-operative pool so that the work of producing and delivering the orders will be done in the most efficient way possible.

Trade Pact With The United States The present word is that in September the long awaited pact with the United States will be signed. greater enthusiasts under canvas at the Alpine Club of Canada camp this summer than Cyril G. Wates, Capt. E. Rex Gibson and Dr. H. E. Bulyea, all of Edmonton, and Robert Hind, Calgary. Those warm friends and expert climbers have made some notable expeditions in Jasper Nation al Park both in summer and winter. Professor F. Neave, University of Manitoba biologist, and Dr. A. D. MacPherson, Ponoka, Alta., are two young Canadian climbers of wide experience who are expected in this year's camp. Two former presidents of the club will link its notable past with the present in the persons of H. E. Sampson, K.C., Regina, and A. A. McCoubrey, F.R.G.S., Winnipeg. To them and to A. S. Sibbald K.C., present president, the Columbia Icefield camp will be a triumph. Long accessible only by pack train, the Icefield ma ynow be reached by motor along a new 75-mile highway from Jasper Park Lodge.

RAILWAY PIPERS

WIN FINE TROPHY

Embro, Ont. — In a competition which included contestants from across the border, the Canadian National Railways Pipe Band from Montreal won the coveted Colonel Fraser Challenge Trophy on the occasion of the Zorra Scottish games held here. In addition to capturing the main feature of the pipe band competition, pipers and drummers of the railway band were elso numbered among the individual prize winners. Piper Alex McNeil took two first places, one for the playing of Strathspey and Reel. Piper McNeil was also second in the openmarches. In the latter event, however, it was a Canadian National openmarches. In the latter even

however, it was a Canadian Nation Railways piper who took first place Piper George Greig.

In the drumming contest a section of Canadian National drummers consisting of Drummers Jack Smith, Charles Graham and A. Boyle were awarded second prize.

In the principal pipe band contest In the principal pipe band contest eleven bands competed. In addition to the Canadian National Railways Pipe Band from Montreal the competitors were: The Ford Company, Detroit, Michigan; Chrysler Corporation; The Toronto Scottish; 48th Highlanders, Toronto; The Toronto Police; two bands from the 91st Argyle and Sutherland Highlanders, Hamilton, Ontario; a civilian pipe Hamilton, Ontario; a civilian pipe band from Hamilton, Ontario; Nia-gara Falls and the Windsor and Essex Scottish.

HOW TO RUIN A RADIO The common practice of many m The common practice of many motorists of starting their engine while the car radio is operating is fraught with definite danger to the delicate mechanism of the receiving set.

It is not generally known, according to radio engineers, that the sudden diverting of battery current from the radio to the starting motor may cause fusing of the delicate points of the vibrator, with consequent permanent damage to the set. Many mechanics make a practice of warning all their customers against this common and dangerous error of "starting the car to music."
