BRAD McMILLEN

CHEMISTRY OF THE FARM CELEBRATING A JUBILEE

One of the most notable jubilees in the history of agricultural chemistry was celebrated on October 1st, 1927, by Dr. George Wimmer, present director of the agricultural experiment station at Bernburg, Germany, marking fifty years of activity in the same research centre and strangely enough, in the same rooms in which he received his early schooling.

DON'T WORRY!

FULLY REALIZE that worry, resentment, resistance and nervousness are destructive and disintegrating influences.

Prudent Planning

Prudent planning prevents waste, waste and inconvenience. When you have a work to do, an emergency or a service to render, prepare for it in ample time.

LISTEN AND LEARN

Your mind must be quiet and receptive if you are to appropriate the best thoughts of other people.
