A bill enlarging the grounds for divorce in Canada has passed second reading in the senate and is before a select committee of that chamber. The bill adds to the "statutory" cause, incurable insanity, cruelty and exceptional moral depravity. There were some sharp passages in the debate on this bill, mainly on religious grounds.

The Value of Poetry

By Grenville Kleiser The practical value of poetry has been largely disregarded. Few persons realize how the reading of a great poem may entirely change one's outlook on life.

Oliver Wendell Holmes said anyone could write poetry. He referred would-be poets to the dictionary, where they could draw out words like fish from a pool—and

In face of difficult problems and through many discouraging experiences, men have climbed to the heights of human achievement. In anguish of spirit, courageous men have taken fresh hold of life and transformed their trials into triumphs. Life is necessarily one of sunshine and shadow, of occasional depression and defeat, but we know that we can do what so many men in like circumstances have previously done, and so setting our teeth we march forward with assurance of ultimate "Just so with your verse—"Tis as easy as sketching—You can reel off a song Without knitting your brow As lightly as Rembrandt A drawing or etching—It is nothing at all, If you only know how."

HAVE you ever thought of taking guard" pictures of the baby in his lighter or more active moments, and saving them in a special album entitled "We Knew Him When"?

Any parent who owns a camera can build up a splendid collection of pictures such as this, and, if your baby is like most babies, the same pose or expression will never pop up twice.

A small baby is probably the world's ideal subject for "ofiguard" pictures, because he is altogether lacking in camera consciousness. Once he learns that you won't let him chew the corners off the interesting black gadget, or pull the shiny piece of glass out of the front, he dismisses the matter and proceeds to more important things. Thereafter, you can shoot away to your heart's content.

You don't need a high-speed miniature camera to take "candid" pictures of this sort. A speedy lens is helpful, because then you can use higher shutter speeds and catch the youngster when he is trying his still at somersaults or erdeavoring to
