DEMOCRACY OF SCOUTING
BARS IT FROM
DICTATOR COUNTRIES

"Scouting disappeared in Germany, Italy and Russia because there was no room in its programme for the Jarvis (1) banner.

Was a position of our "help wanted" ad but of course only one applicant was accepted.

Nanticoke and Hagersville both asked to be accepted into the league but for different reasons the former was favoured for the once vacant spot. It is only reasonable that Nanticoke should be given the choice. The League is a Jarvis and Walpole group so it is only right that all the teams be chosen from this Township. So welcome Nanticoke and here's hoping you the best of luck this coming campaign, and here's hoping you the best of luck this coming campaign, and the week-end.

TIEDE is a gas range of such perfect symmetry and proportions that it will make your kitchen the envy of all your friends. And think of the daily joy that it will bring to you. The hours at your range each day—once drudgery—will flit by with this new Ti64C Findlay Table Top—range, cabinet and kitchen table in one. Rounded edges, beautiful lines, recessed base (leg base if preferred), chromium trim, and choice of colors add to the beauty of a most efficient gas range.

The Findlay Table Top is enamelled, inside and out; cutlery and utensil drawers are lined to prevent contents rattling. The top is finished with stainless enamel—resisting vinegar, lemon juice and similar acids.

Beneath this exterior beauty are the sturdy cast iron door frames, cooking top, main front, and heavy steel body, ovens and drawers.

If ever a range reflected the Findlay reputation for beauty, construction and performance, it is this new Table Top. Time payments on your Findlay Range can be arranged through any authorized Findlay dealer.

The League, without delving too deeply, appears to be somewhat stronger than it was last year. Jarvis (1) and Varency will be slight ly weaker we think, but Jarvis (2) Garnet and Erie have found their "legs" and will be much stronger, thanks to last year's experience.
