RADIO SCARE-When innocent but up-and-coming young Orson Welles planned his staging of the adio drama, "War of the Worlds" he had no way of knowing ahead that it would induce a wave of mass hysteria in the eastern United States and Canada and drive hundreds of people into the woods with soaked handkerchiefs over

"LOST" COLONIES-They've been laying the groundwork for five years to ask for the return of Germany's "lost" colonies. We can tell now from the many bold rumors flying about that the stage is almost set for a No. 1 demand. Besides her former African colonies-the Cameroons, Togoland, German Southwest Africa and German East Africa, now divided among mandates to France, Britain, Belgium and the Union of South Africa—Germany's pre-war over-seas possessions include the Caro-line and Marshall Islands in the Pacific (under Japanese mandate), New Guinea (mandated to Australia), German Samoa (under New Zealand), and Kiaochow, a German

colony in China. Saskatchewan Farmers League Calls for Formation of An Effective Peace Instrument

Establishment of an interna tional police force to enforce dic-tates of a central league in preserving world peace was advocated by George Bickerton, president of the United Farmers of Canada, Saskatchewan section, at the

Outlining his plan Mr. Bickerton suggested each nation con-tribute financially and physically to establishment of a force of 2,000,000 to 3,000,000 men trained in all branches of modern warfare under administration of a committee of the central league.
