Admission 25c and 15c.

PLAN SHORT COURSES FOR 5,000 BOYS, GIRLS IN RURAL ONTARIO Ontario Department of Agriculture has announced that for five three-month and thirty-two one-month courses, only Entrance Requirement will be willingness to learn.

It won't be the fault of the Ontario Department of Agriculture if the boys and girls of rural Ontario are not trained to meet the needs of the farm and household conditions of the Province. Hon. P. M. Dewar, Minister of Agriculture, in his address to the young people from one end of the Province to the other, has continually stressed the point that the young people of today are the farmers and the farmers' wives of tomorrow. If they are to continue successfully with the farmers of other Provinces and countries, they must have the latest and best agricultural knowledge obtainable.

As it is manifestly impossible for all these young people to attend agricultural courses, the Department has arranged to hold short courses in every county, where, free of charge, the interested young people receive lectures from experts in every line of rural and home economy and take part in practical work and demonstrations. Diplomas are awarded to the successful students.

The only entrance requirement is a willingness to learn. Short course work is under the general supervision of R. S. Duncan, Director of Agricultural Representation, with the agricultural representative in each county being principal of the school.

There are five courses each lasting three months and thirty-two one month courses. In some counties there will be a series of special meetings for the young people.

There are five courses each lasting three months and thirty-two one month courses. In some counties there will be a series of special meetings for the young people.

## Plan to Form Boy Scout Troupe Here

Arrangements are under way for the formation of a troop of Boy Scouts to be known as the First Jarvis Troop. The troop meetings will be held at St. Paul's Parish Hall but the troop will be quite inter-denominational. Competition for merit points will be encouraged among the boys and points will be given for attendance at troop meetings, progress in scout work, and church and Sunday School attendance (attendees at any church, of course, in given equal marks) and in other games, physical exercises, etc. and later as they progress in first aid, swimming, fire fighting, etc. The boys will be trained in scout cooking, etc.

It is hoped there will be a sufficient turn out for a troop of Scouts and a pack of Cubs for boys under twelve which will work together.

Monday night at 7 P.M. a meeting will be held at 8:30 P.M. in St. Paul's Parish Hall. All boys up to age 18 are welcome and even any older may find the work of interest. It is to be hoped Monday's meeting will have a fine attendance.

The Boy Scout troop will prove to all boys and their parents a most interesting and a fine training. It is hoped the troop will receive co-operation from the parents as well as the boys.

A Girl Guide and Brownie Troop will be organized in Jarvis on Monday afternoon at 4:30 P.M. in St. Paul's Parish Hall.

This is an inter-denominational organization and will accept members from all churches and religious affiliations of the members. Girls twelve and over will form the Brownies and over twelve the Girl Guides.

All girls of the Village and surrounding communities are invited to attend this meeting.

Little Albert says the only reason there are end zones in a college stadium is to locate the seats of the student body.

Can remember in years gone by when it was a simple matter to find the name of the person who lived there and there were no country, by mere reading at the name on the mail.

Recently when rural mail delivery into effect years ago, names were gradually worn off the mail boxes. In many cases the name has ever been the second time.

As one of the best ways to get a name on the mail box is to take advantage of it. To the perfecting of a name on the mail box is an indication of progressiveness on the part of the farmer.

Have a National Week. Prevention week, weed cutting, etc. in many cases the name on the mail box is an indication of progressiveness on the part of the farmer.

Prevention week, weed cutting, etc. in many cases the name on the mail box is an indication of progressiveness on the part of the farmer.

## F. W. Reicheld & Son Make Fine Showing at Royal Fair

Local Herefords Shown Against Best Stock In Canada and U.S.A.

Considering the keen competition in the Hereford cattle classes at the Royal Winter Fair, Toronto, which closed this week, F. W. Reicheld & Son, well known local breeders of registered stock, carried away more than their share of prizes.

In ten entries the Reichelds carried away three second, four third and two fourth prizes.

The cattle were prepared during the summer months by Mr. Glen Reicheld, who also supervises their preparation for showing. He deserves a great deal of credit for his remarkable success at the most competitive exhibition in the Dominion.

The Reichelds went to the Royal Winter Fair at Guelph following the Toronto Royal, which closes today.
