Home Canning Poultry Meat

It Can Easily Be Done On The Farm—Five General Rules
1. Use fresh but properly cooked meat.

2. Remove bones, gristle, and excess fat. Pack in jars or cans.

3. Sterilize one hour at 15 lbs. pressure, or three hours in water bath.

4. Seal as soon as removed from sterilizer, and

5. Jars containing meat should not be allowed to cool while inverted because the fat will harden at the bottom rather than at the top of the jar.

Two Methods
There are two methods of canning poultry. The first is to kill birds, then thoroughly cool and draw. Wash carefully. Disjoint legs and wings. Cut breast carcasses into halves and trim up (but do not remove) the gizzards. Wash, then dip pieces in boiling water, then into cold. Drain and pack in glass jars.

1. Make a broth by cooking back-bone, neck and other parts in salted water one hour. Drain just rubber rings and tops of jars or sealers. Partially seal. Sterilize.

The second method is to slaughter kill birds and draw at once. Wash carefully and thoroughly cool. Cut into joints. Cover with water and cook until meat can be removed from bones. Pack meat in jars. Strain broth and allow to cool. Pour over meat. Adjust rubber rings and tops of jars or sealers. Partially seal. Sterilize.

The Handbook of the Ontario Federation of Anglers has just come to our attention and we trust you have read it and are familiar with its contents. The purpose of the Federation is to promote the conservation of the angling clubs and the angling clubs, thus establishing a unit of action in conserving and improving the fishery conditions of this Province.

Menonites Are Very Industrious

The Menonites in all their branches trouble the state. For a hundred and more years have they refused to yield their consciences to politicians.

Sober and Thrifty
To this they have added sobriety, industry, thrift, right living; the public treasury cannot expect from saloons or pari mutuels. They toil and save and pay attention to changes in fashion.

NEWS PARADE...

Reichsfuehrer Adolf Hitler of Germany might well have been called "the forgotten man" during the fourteenth week of the war. On the diplomatic front, Stalin and Mussolini stole the show from him.

Even the rumors, that flew so thick and fast during the week, had him consigned to oblivion. One very persistent story claimed that Mussolini would shortly come forward with a peace proposal, which Hitler would refuse to accept.
