The crop failures in the West and the business recession in other parts of the world have intensified the unemployment problem, and this has set out more clearly the obstacles which the division of constitutional cuthority places in the way of a solution. The report of the Commission on Dominion-Provincial Relations will be received by parliament during the session. A national conference will be called to discuss the report and among the questions to be discussed will be unemployment and social services. The government still believes a national unemployment insurance plan is essential to any general policy of meeting the unemployment problem.

Despite the difficulties presented by the unemployment problem, the speech records that at the beginning of this winter the number of those receiving unemployment and agricultural relief was about 40 preserved.

On Thursday evening of last week seven members of the Cayuga Badminton Club paid a visit to the local courts and were successful in returning home with the large end of a twelve to eight score.

A very full evening of Ladies Doubles, Men's Doubles, Mixed Doubles and one game of men's singles was enjoyed to the utmost by those present. While Cayuga had a decided edge all evening, the fine spirit of sportsmanship shown by both winners and loosers will make the Cayuga Club welcome visitors at any time on the local court.

The tournament, under the direction of Mr. George Walker, was very ably managed, after which the two Clubs enjoyed a social half hour, with the Jarvis ladies serving refreshments.
