

### "White Rajah" Holds Family Reunion in London

For the first time in many months, the colorful family of Sir Charles Vyner Brooke, white rajah of Sarawak, has a get-together and the camera duly records the event for posterity. LEFT TO RIGHT are Mrs. Bob Gregory, better known in the U.S. as Princess Baha, daughter; Mrs. Harry Roy, another daughter; the white rajah himself; Lady Vyner Brooke, his wife, and Lady Incheba, daughter. They were reunited at the annual dinner of the Sarawak association in London recently.

"The same as yours," replied the man in the chair.

"But how do you know my opinion?" inquired the startled barber. "I don't," admitted the man, "but you have the razor."

"Are you a good carpenter?"

"Yes."

"Then how do you make a Venetian blind?"

"Stick your finger in his eye."

"The butcher cut off a bigger chunk. 'Eighteen ounces. That's all right, ma'am'."

"No," said the lady—and she was a rich and valued customer—"No, I want you to cut me off a pound, no more and no less."

"Oh, well, don't worry about it," growled the butcher, as he took up his knife again, "you need your pound of flesh! Why, you're a regular Shylock Holmes."

"Professor! Professor!"

"Well, what is it?"

"There is a burglar in the library."

"Dear me. What is he reading?"

"Ah, me!" sighed the gossiping female boarder, "one half of the world does not know how the other half lives."

"Oh, well, don't worry about it," growled the old bachelor at the foot of the table. "It isn't your fault if it doesn't know."

He: "Why did you send that new fellow back for your cold cream? He'll never find it."

She: "I only wanted to get the chap off my hands."

The barber was dark and sparkling, his eyes black and sparkling. It was evident that he was descended from Latin stock.

"What do you think of the Italian situation?" he inquired of the customer. "What is your opinion of Mussolini?"

### These Three Stole The Show At Big Palace Wedding

With her escorts attired in court uniform, even to the swords, this little lady seems to have stolen the show at the wedding of Miss Pamela Seymour to Lieut. Brian Darant of the royal navy, at Hampton Court Palace, London, England.

### SCOUTING

The establishment of Boy Scout Troops in the elementary schools of Ontario, and the recognition of them "as an integral part of the educational development of our boys" is suggested in a resolution at the recent convention of Ontario School Trustees in Ottawa.

The construction of a stout bicycle out of the parts of three bicycles, and the cycling of 620 miles in 6 days, was the example of ingenuity and stamina given by Scout Bill Moscar, of Thornhill, Gippand, Australia. His purpose was to attend the big Scout Jamboree at Sydney. The sturdy Scout cyclist carried his bicycle in a rickshaw, and, according to the N.W.A. worker, they spend many hours going from door to door trying to earn enough money to buy a bike for the country.

"Please don't send us to a town. We want to go to a farm where we can help gather the eggs and look after the horses," they insisted. All after the horses? They are the workers at the Country Home office could do was to take their names and address and promise them first chance if an invitation arrived from a kindly farmer's wife within a radius of 150 miles from Toronto.

Tom and Joe are only two on the long list of youngsters who are all longing for the chance to see green fields, cows, flowers and the scores of sights never witnessed in the crowded downtown areas. Letters of invitation should state clearly when the bottom sheet is pulled out, and the sheep can be kept clean with a sponge and warm soapy water.

Painted completely white. Instead of having to struggle with drawer papers on the shelves we have the entire contents of the cupboard and all, packed with white enamel paint. This there need be no separating papers that get crumpled or fall down when the bottom sheet is pulled out. And the shelves can be kept clean with a sponge and warm soapy water.

Invite A Child From The City To Holiday With You On The Farm—Youngsters From The Slum Districts Are Invited To Get A Taste of The Country

"On our honor we'll be good if you'll send us to a farm," this was the solemn declaration made by two young brothers around the ten year mark, as they stood in the front of the Country Home Department of the Neighborhood Workers Association, pleading to be sent to the country for a vacation.

He gave him charge over all the labor of the house of Joseph. The labor he spoke of is that compulsory work which the Israelites did by turns for parts of the year, and which the tributary subject-population were constantly employed upon. It is not difficult to conceive circumstances under which such duty might become very distasteful to the northern section of the kingdom. For between them and the people of Judah there was a pronounced opposition even in David's time. The compulsory labor on the walls of Jerusalem was just the sort of occupation to aggravate this old animosity. Jeroboam saw this, and took advantage of it.

Jeroboam's outstanding talent in public affairs, his shrewd management of men, his great industry, and his great loyalty, as he thought, all combined to bring the care of the old-fashioned housewives that kept the linen cupboard from complete disaster. We no longer have so much time to spare, and there are little same dices on the front of each partition when the bottom sheet is pulled out. And the shelves can be kept clean with a sponge and warm soapy water.

Instead of having to struggle with drawer papers on the shelves we have the entire contents of the cupboard and all, packed with white enamel paint. This there need be no separating papers that get crumpled or fall down when the bottom sheet is pulled out. And the shelves can be kept clean with a sponge and warm soapy water.

FLORAL NAMES OFTEN VARY IN DIFFERENT LOCALITIES

THE YELLOW DOG-TOOTH VIOLET IS KNOWN IN SOME PLACES AS VELLOW-LEAF ADONIS TONGUE, TROUT LILY AND FAWN LILY, ALSO, ONE NAME IS FREQUENTLY IS APPLIED TO DIFFERENT FLOWERS.

IN PATRICK COUNTY, VIRGINIA, THE SOIL OF THE COUNTRYSIDE IS LITTERED WITH THOUSANDS OF TINY, NATURAL STOVE CROSSES, KNOWN AS "FAIRY CROSSES."

THERE ARE ONLY FIFTY PER CENT AS MANY APPLE TREES IN THE UNITED STATES NOW AS THERE WERE 25 YEARS AGO.

THE "fairy crosses" found so generously sprinkled through the soil of portions of Virginia, are known, technically, as "complex silicate of hydrated iron-aluminum crystallized in the orthorhombic system." They go by the general name of "staurolite."
