# Picturesque Display Will Advertise Canada At World's Poultry Congress

When the seventh world's poultry congress gets under way at Cleveland on July 28, Canada will be represented by the exhibit shown BELOW, a display prepared by the department of agriculture of the Dominion government. Also shown is F. C. Elford, who has been representing Canada in connection with the arrangements for the congress, F. C. Nunnick will be in charge of the exhibit and Hon. J. G. Gardiner, minister of agriculture for the Dominion will be one of the principal speakers on Canada Day, July 31. The congress

# What Science

Doing

LENSES FOR NEAR-BLIND A new type of spectacle lens with a magnification of 300 per cent., brings new hope to the part-ly blind. Dr. William Feinbloom, of New York, said that seven childred in institutions for the blind had already been returned to pub-

lie schools through use of ACID CHECKS MOLD The problem of bread mold, enhanced in the last two decades by development of the sliced, wrapped loaf and the demand for moist loaf, has been solved

through discovery that propionic

acid in salt form delays mold for-

mation from two days to two weeks. The acid does not adversely affect the flavor or texture of the bread.

Vibration of a protoplasmic jelly inside the "sinews" of mus-rles is the secret of strength. This discovery was described to the American Association for the Advancement of Science by Dr. Eben J. Carey, a recognized au-

JELLY, SECRET OF STRENGTH

The protoplasmic jelly fills the thread-shaped cells that link together to form the "sinews" bundles of muscles. This jelly vibrates to cause the well-known contraction and expansion of museles in action. Dr. Carey has mapped on 25,000 slices of muscles. about 1/1,000th of an inch thick.

## How Can 1? BY ANNE ASHLEY

Q .- How can I make an indel-

fble stencil ink? A .- Mix two parts sulphate of manganese, one part lampblack, four parts sugar (all in powder form). Then make a paste by adding a little water.

Q .- How can I keep the flavor and vitamins in vegetables?

A.—Don't cook them in too much water. Cauliflower, cabbage, spinach, and string beans need no more than a fourth to a ing and releasing their juices.

Q.-What are some of the starch substitutes? A.—Borax water in place of

starch for stiffening voiles, dimity, and sheer, fine collars and jabots. Use three tablespoonfuls of sugar in a gallon of water for organdie, weak gum arabic solution for silk and crepe, and bran water or rice water for cretonne and figured sottons or linens.

Q .- How can I prolong the wear

of shoes?

A.—Apply several coats of copal varnish to the soles and vamps. Shoes treated in this way will sel-dom have to be half-soled. This le particularly good for children's shoes that receive such hard wear

Q .- How can I clean a whitepainted article effectively? A .- Try using water in which two or three onions have been boiled, and see how readily the

dirt is removed. Q.-How can I fotten thin

A .- Wash the hands in hot water, dry, and rub a little olive oil into them. Make the applica-

tion before retiring so that the oil

can remain on as long as possible.

# **Huge New Liner**

Sails Next April

R. M. S. Queen Elizabeth, Largest Ship Ever Constructed, Will Set Out On Her Maider

Voyage Largest ship ever constructed, the R.M.S. Queen Elizabeth, will sail from Southampton April 24, of 1940, on her maiden voyage to New

York, it is announced from the London offices of Cunard White Star

Tonnage 85,000 The 1.031-foot liner, of an estim mated \$5,000 gross tonnage, will be put into regular service between New York, Cherbourg and Southampton along with the liner Queen

At present, the Queen Mary holds all records for speedy transatlantic crossings but expected to be even greater is the speed of the Queen Elizabeth, named after and christened by Queen Elizabeth at Clyde-bank, Scotland, last September.

The line plans to use only the two liners on the weekly run in-stead of the present three ships necessary to maintain the schedule.

# Have You Heard

The teacher wrote on the blackboard: "The horse and the cow is in the stable." "Now," she said to a little boy, "what is wrong with that sen-Little Boy-"I think you should

the stable'." Teacher-"Why?"

Little Boy-"Ladies first." -0-

"That fellow," said a college professor of a certain student, "puts up a good bluff but there is nothing to him. Open the front door and you. are in his back-yard.'

The amateur gardener was showing the beauties of his green-"This." he said, pointing to a

flower, "belongs to the petunia family." "Does it?" said the sweet young thing. "I suppose you're minding it while they're away."

"Waiter never bring me a steak like this again." "Why not, sir?"
"Vell, it simply isn't done."

A natient escaped from an in sane asylum, was at last discovered in earnest conversation with a coloured guard at a military encampment. By means of signs behind the maniac's back, the attendants were at last able to capture him. Then one of them happened to glance toward the guard and de-

manded in astonishment:
"Why, man, what's the matter
with you? You're trembling and

the sweat is pouring off your face."
"Yassir," gulred the negro.
"Boss, after dat feller been talkin' to me five minutes I knowed one of us was crazy, and now I've found out it's him. I'se so reliev-

ed-so relieved!" Old Hen: "I'll give you a piece of good advice." Young Hen: "What is it?" Old Hen: "An egg a day keeps the butcher away!"

# Says Office Calls Should Be Brief

That's One of the First Rules to Learn in Business

Office calls, whether they're for siness or pleasure, should be brief, is a first rule for business

If you find the person, on whom you are calling, is busy, let him finish what he's doing. When you converse, make your emarks brief and to the point. Do not rush through the interview as you had to make a train, but

state your case quickly and plain-Other don'ts for the office call-

Don't hesitate to shake hands. at's an old office custom. Don't try to bluff your way past e reception desk. If you have a legitimate reason to get into an office you'll be admitted. Once you've tried to bluff, however, you have closed the door against future calls. For receptionists, like elephants, never forget. Hint to the man who has a woman caller: Rise when she enters

Ability To Get Along With People Is Rated as More Im-portant, Psychologist De-

The ability to get along with cople is relatively more important than superior intelligence in the quest for success. Dr. Lewis M. Terman, scientific godfather to 1,400 "geniuses," at Palo Alto, The main determinants of suc-

cess among intellectually gifted people, he told the Western Psychological Association, are social adjustment, emotional stability and "the drive to accomplish."
Seventeen years ago Dr. Terman singled out the 1,400 youngsters from California schools because they had intelligence quotients of

140 or better, meaning they rang-ed from the intellectual superior to the genius. His current report dealt with about 600 of the boys, particularly the 167 who became the most successful and the 146 lease success

ful of the group.

Same Intellectual Qualities

The intellectual qualities of the least successful and most successful and mos ful groups were nearly the same. However, the most successful had a mean salary of \$210 a month

at the age of 23 and their pay rose to a level of \$500 monthly when they reached 35. The least successful were earning a mean of \$96 monthly at 23, and the figure rose to \$162 at the age of 35. Their mean salary never exceeded \$162.

## **Arctic Outposts Ouickly Visited**

Hudson's Bay Company Gov-Week

After a flight of 5,000 miles ver Canada's northlands in less than seven days, Patrick Ashley Cooper of London, governor the Hudson's Bay Company, re turned to Winnipeg the last week-end in June. He inspected com-pany posts as far north as Akla-

"We covered 1,000 miles in one day and inspected nine posts," he said. "It would have taken Sir George Simpson, the first governor, from break-up to freeze-up to have made this trip."

Mr. Cooper is the first govern

of the ancient company to visit both Eastern and Western Arctic posts. His Eastern trip was made in 1934 aboard the S.S. Nascopie. During the flight piloted by H Winny, company pilot, the govern-or saw the midnight sun at Akla-vik, sweltered in 90 degree temperatures at Fort Simpson and flew low over thick ice on Great Bear Lake.

How to Be Economical, Selec tive-Twelve Suggestions

important item of economy. buy one large can rather than two small ones.

BY MADGE ARCHER NEW RADIO HEADLINES As with stage and screen, the rise of a new radio star is news. Another of Rudy Vallee's discoveries is in the process of becoming

a headliner in radio. This is Alec Templeton, the pianist and comedian who began his own programs on Tuesday, July 4th, and will be heard from now on from 9:30 to 10:00 p.m. EDST., on this day, over NBC and CBL, replacing Fibber scaee and Molly. Templeton is to have group

around him a master of ceremonies, singer and an orchestra, But Mr. Templeton will be very much the star of the show. He is the only enstar of the snow. He is the only en-tertainer who has been able to fill in the odd comedy act against Charlie McCarthy on the Chase and Sarborn Hour and not sound like nor, and his gifts as a musician. He can take off anything in terms of music and he is a master of the art

in a serious sense.
"BRIGHT IDEAS" Every week a new novelty program makes its appearance on the airwaves. Certainly American networks are not afraid to try anything once. If a program is good and the public likes it, it stays on the air. If the idea is a failure and the public does not like the program, it is discarded. The latest ingram, it is discarded. The latest in-novation is the "Bright Ideas Club" designed to keep youngsters on va-cation occupied with instructive as

On Marketing

3. Buy foods in season. 4. Watch for sales, and specials shop around to get the best values 5. Buy in bulk in as large quan-

expensive than home cooked.
7. Do as much home canning and preserving as possible when fruits and vegtables are plentiful. Comnercially canned vegetables are excellent in food value and may be used for variety when cheaper than

8. Read labels on cans or packages and determine the amount, quality and content in them. Comparison of standard products is an 9. Buy by weight rather than by can or bottle. It is cheaper to

weil as with interesting diver-sions. "The Bright Ideas Club" will be conducted by Madeliene Gray, of "Dear Teacher" fame, and will present not only information about hobbies, handicrafts and ways to earn money, but a schedule of activities for its listeners for each day of the following week. Listeners will be invited to send in suggestions for the broadcast and the two best "Bright Ideas" each week will win awards of five dollars.

program will be heard over the NBC (red) and CBC networks on Saturdays at 10:30 a.m. EDST. TO BE HEARD July 14, CFRB, 8:00 p.m., Seven uestioners ... 9:30 p.m. CBC-CBL Ten Musical Maids . . .
