of the model schools in the County of Haldimand.

The work of planting was carried out by the school children themselves and fifty-seven shrubs and bushes of various kinds were laid out under the direction of Mr. Landon, who explained very fully to the children the proper procedure and the reasons for so doing.

In the afternoon, the teacher, Miss Rhea Butler and the children of S. S. 18 and representatives from Nanticoke including Miss B. Weaver, Mr. Austin, Mr. F. Field and Mrs. T. Dennis, attended a demonstration and talk given by Mr. Landon. The subject of his address was Tree Planting and the Care of Plants After Planting. Later the speaker answered numerous questions in a general discussion.

Mrs. Byron Pond, as the first of those present to join the Institute, was called upon to plant the tree. Following which an address was given by Rev. S. B. East of Jarvis in which he spoke of the significance of the visit of Canada's King and Queen, and the hope that the tree just planted would serve to remind us of that visit.

Votes of thanks were then presented to Miss R. Butler, teacher of the school, Mr. Bert Ionson, who assisted in the tree planting and Mrs. E. S. Pond who secured the tree.
