MOTHERING SUNDAY

Dean Church once wrote, "When home and home-life, and even Moth her greatest battles to maintain the precious sanctities for which she stands.

Let us all use Mothering Sunday as a definite step in the right direction, to set our feet upon the rock and to order our going.

tronne in English history will not be far off."

To underline this profound truth. Mothering Sunday has been constant ly observed down the long reaches of the Church's history. Successive generations of parents and children have set aside the fourth Sunday in Lent, to make every effort to meet as a family unit in Mother-Church. What more fitting place can we imagine for such a family union than God's House on the Lord's Day. The instinct of the Church has been sound in emphasising this homey feature in the middle of Lent, at a time when we look backward to Cash Wednesday and forward to Eas And Wednesday and forward to Eas And Wednesday and forward to Eas And Mednesday and forward to Eas And Touch hands with God.

TO BE DISCUSSED

At a meeting in the Jarvis Town Hall on Friday evening preliminary plans for the campaign for funds in the forthcoming Salvation Army Appeal were made.

The territory to be included in the Jarvis and district drive were outlined and prospective canvassers named. The district will comprise much the same territory as that included in the Red Cross Drive last this life? It consists first in a willingness to work for the benefit of the community. If the people of a town won't organize and carry on activities, they can be expected soon to fall behind. In a live town people are constantly looking.

Family Escape With Only Few Articles of Clothing

Mr. and Mrs. Lionel Tompkins and an Eleven year old girl made their escape with only a few scant articles of clothing when fire gutted their residence at Nanticoke late Tuesday evening. The fire was believed to have started around 10.30 P.M. Fortunately Mrs. Tompkins did not go to sleep directly after trey had retired after ten o'clock as she smelled smoke and awakened her husband. Upon opening a door leading to the kitchen, the dense smoke made further investigation impossible, and they made their escape by the front door. The fire was believed to have started in the north west corner of the building and the cause remains a mystery.

Mr. John Cooper who owns the house and makes his home there was in Jarvis visiting Mr. and Mrs. John Faulkner at the time the fire broke out. Since he occupies rooms upstairs, it was felt that he would probably have been trapped had he been at home.
