SUNDAY SCHOOL LESSON

LESSON XII MALACHI DEMANDS HONESTY TOWARD GOD - Malachi Printed Text, Mal. 3.7-18

Golden Text - "Bring ye the whole tithe into the storehouse, that there may be food in my house, and prove me now herewith, saith Je-hovah of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." - Mai. 3:10.

THE LESSON IN ITS SETTING Time - The exact date of Malchi's ministry is not known, bu most scholars place it between 430 and 425 B.C.

Place - Jerusalem. We find in this lesson many pas sages revealing the truth which is so often forgotten, that the knowledge which we hold as Christians concerning God and salvation has tremendous practical implications and that we cannot say that a part of our life is dominated by spiritual truths, and then shut the law of God out of other parts of out ives; thus such matters as honesty, purity, the question of di vorce, the question of separation, all must be determined by what od says about these things; "in thy light shall we see light." If we re really sincere about following the Lord, we must let his law pene trate every part of our life.

THE PROPHET MALACHI The word Malachi means literal y "my messenger." Of the prophet himself we know absolutely nothing. But we feel sure that in the time of Nehemiah, Malachi was acting as the prophet of God, co-operating with the civil authority in ringing about the moral reformation of the people. By his writing, Malachi is known as the Hebrew

And they shall be all after another of which they were mine, saith Jehovah of hosts, even guilty. the close of Malachi's book for HIS ACCUSATIONS those that fear the Lord is the as-Tragically, these terribly guilty surance of victory over all evil, Israelites were blind not only to victory that will be consummated their own sin, but to the judgment in the day of the Lord, a victory that in its perfect form is still to take place in the future, at the end which was soon to fall upon them. Malachi implies that the nation was not prepared for the reception of this age, when the Lord Jesus of the Lord, and therefore had not Christ himself shall come back agground for murmuring at the delay ain to complete his redemptive the manifestation of divine work among the nations of the earth. The whole chapter is a fut-

ure prophecy.

3:7. From the days of your fathers ye have turned aside from mine ances, and have not kept them. Return unto me, and I will return unto you, saith Jehovah o hosts. But ye say, Wherein shall we return? 8. Will a man rob God? yet ye rob me. But ye say, Wherein have we robbed thee? In tithes and offerings. 9. Ye are cursed with the curse; for ye rob me, even this en

tire nation.

THE TITHE God demanded the tithe only as a minimum, and they had carelessthe minimum - in tithes and offerings. They had robbed God in that they had not responded to the divine claim in the spirit in which it was made, but had offered that which was allowed by measurement and rule rather than in the spirit of love. A tithe is all right if it is something you feel. If it is something which puts you in danger of being dishonest, it is wrong; and if it is out of harmony with your own success in life, it is ab-

solutely wrong. 10. Bring ye the whole tithe into the store-house, that there may be food in my house, and prove me now herewith, saith Jehovah of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not

be room enough to receive it.

11. And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground; neither shall your vine cast its fruit before the time in the field, saith Jehovah of hosts.

12. And all nations shall call you happy; for ye shall be a delightsome land, saith Jehovah of hosts. Do not imagine because we are living in a spiritual dispensatio we are no longer bound in the mat-

13. Your words have been stout against me, saith Jehovah. Yet ye say, What have we spoken against hee? 14. Ye have said. It is vain to serve God; and what profit is it that we have kept his charge, and that we have walked mournfull before Jehovah of hosts? 15. and now we call the proud happy: yes, they that work wickedness are all built up; yea, they tempt God, and escape. The people who returned from Babylon seemed to have a knowledge of God, and to observe the law, and to understand the sin, and to offer sacrifices for sia; to pay tithes, to observe the Sal bath and the rest, commanded the law of God, and seeing all the nations around them abounding in

Britain's Children On The Move Again

During the long period of inactivity on the western front, many of the children who had been evacuated from English cities returned home. Now they are being evacuated again. These children were photographed at Southend on their way to a safer refuge. Some British children may come to Canada.

Why Movie Stars and Photo graphers' Models Always Do Look Their Best

No woman needs to waste time and conversatioon envying motion nicture stars and glamorous magazine models their good figures, and smart clothes and nice complexions because any girl who is determined to improve her own appearance can follow their example - that is, if she is determined enough,

POINTS ON MOGS

Attention must be paid to at least four important points be-fore our bacon will sell in the top price brackets. They are connued improvement in type and breeding; marketing at proper weights; finishing to No. 1 selection rather than to No. 2 and No. standards: and production o such hogs at not more than six nonths of age. Each point is very important, and together they contitute an interesting challenge to all Canadian hog producers.
