## The Responsibility is Now Yours

Canada is facing the greatest crisis in her history. It is YOUR responsibility to say how she is to deal with this crisis. Therefore: when you go to the polls on March 26th you should consider only what is best for Canada—what is best for the Empire and our allies—what is the sure direct road to Vice. -what is the sure, direct road to Victory and Peace.

The bookiet which is excellently illustrated gives a running commentary on the many points of interest that can be visited by the tourist. The booklet will do much to increase tourist travel in the province, and reflects much credit to the Department responsible. We are indebted to Hon.
