Members of Varenicy W.L. who are interested in the Knitting Project should send their names to the Editor.

The Observer Is An Important Member Of Bombing Crew

This is the eighth of a series of articles about the Royal Canadian Air Force written specially for the weekly newspaper of Ontario.

Previous stories in this series have described the training of a Pilot in the Royal Canadian Air Force from the day he enlists.

Now the Observer must learn aerial things and all of them must be done well. Rather, they must be done perfectly.
