Exhibition Wants Ancient Vehicles

Ancient Horse-Drawn Equipages Soon To Be Seen on Parade in Exhibition Park

The old grey mare is coming into her own again! What with the government gasoline conservation plan and everything, it looks as though the horse might eventually replace the car. At least, so think C.N.E. agricultural officials. To that end they intend to prove that in this second year of war the orse has a very real place in Canadian life. Therefore, during the cond week of the 1941 Canadian National Exhibition, it is announce ed that there will be staged on various days yet to be designated parade of ancient horse-drawn chicles through Exhibition Park It is planned that these will include uch old equipages as prairie wagons, ploneer carts, democrats, bar-, victorias, caleches, hans cabs, dog carts, etc., thus giving the young Canadian an insight into the modes of transportation with which his great-grandather and

ther had to conten n the early days. Victorias, Barouches, Democrats The C.N.E. requests farmers and dwellers in the rural communitie of Ontario who own such vehicles get in touch with the agriculural section of the C.N.E., Lumslen Building, Toronto. The Exhibition will pay all costs of transpor-tation of the vehicles to and from he C.N.E. if the owner will con sent to the use of his property in

hese parades. It is expected that in a number cases collectors of ancient equipages attending the Exhibition will wish to buy vehicles exhibited, and f the owner is agreeable the C.N.E. will sell it for him.

So, if in some obscure corner of your barn you have an old dog art, victoria, or covered wagon, It might be just the thing the C.N.E. s looking for

Women Visitors to Exhibition Enjoy Sitting In On Its Sessions — Birthday Cakes Given Away - Apple Pies Tested By Army, Navy and Airforce Men

The C.N.E. Cooking School, which has been a well-known and popular feature of the Exhibition for several years under the direc tion of Mrs. Kate Aitken, director of Women's Activities, will, it is announced, again be held on each of the fourteen days of the 1941 Canadian National Exhibition from August 22 to September 6, in the Electrical Building, at 2.30 and 8 p.m. respectively.

This year, it is stated, the school will pay special attention to Canadian surplus foods. These include such products as flour, apples, fish and vegetables which the Dominion is unable to export under present war-time shipping conditions.

In order to encourage the use of these Canadian surplus foods, the C.N.E. Cooking School announces that a \$50.00 prize will be given for the best apple pie and a \$10,00 prize for the best loaf of bread entered in a contest sponsored by the C.N.E. It is expected that in the neighborhood of 1,000 pies will be entered in this competition. An interesting highlight in connection with this event is that the pies will be tasted by members of navy, army and airforce units stationed in Exhibition Park during the Ex-Each afternoon the program from the Exhibition Cooking School will
