Grattan O'Leary and I sat in the front seat of the Douglas. The Ottawa editor slept much of the time but I was interested in the almost perfect performance of that young crew, taking a land plane on a long sea voyage. I could see the altimeter and I knew with what skill they flew their Douglas through the dangerous air opposite the unfriendly coast of Occupied France.

As long as we travelled beside the coasts of Portugal, the plane stayed low and I could see the little white houses with their red tiled roofs, the white stone fences along the roads, the churches on the hills, and an occasional city. Near Oporto, we came in over the swampy coast and landed on an airport which was little more than a pasture field. While the Douglas was being refueled, a train of tiny cars drew up beside a sugar refinery not far away. Along the borders of the airport was a stream. At a broad pool, Portuges stream, was a stream was a broad pool, Portuges a stream was a stream. TO THE WOMEN OF CANADA

# Here is One Big War Job which You Alone Can Do

"Ceiling Prices" Must Be Maintained

This is an appeal to the women of Canada. There is one vital part of our war effort which depends on you. Its failure would be a serious blow to our war effort. Your government has placed a "ceiling" on retail You can tip the balance towards success. prices. You are the buyers of four out of every five dollars worth of all the goods sold in this country. Your If every woman does her part, it cannot fail.

Its success will be a big step on the road to victory.

Will you, then, undertake to make the successful control of commodity prices an established fact? We whole-hearted help is needed in this price control plan. know you will. And we know that when you undertake this task it is as good as done.

### This is the work you are asked to do

1. Make a list of commodities

We want you to sit down today and make a list of the things you buy from week to week and from month to month. Write down food and clothing items in particular, because these account for the biggest share of your expenditures. But we want you to list those articles you buy at the drug store, ardware store, and other stores, too.

There has always been a difference in prices in differen

Now go over your list again and mark down the necessary letails about quality, type, grade and size. Then when making

After each item we want you to write down, if you can, the highest price charged at your store during the period September 15 to October 11, 1941. If you cannot remember the prices charged during that period, fill in you cannot remember the prices charged during that period, fill in your list with today's prices. Our survey shows that retailers, with few exceptions, are keeping prices well within the "ceiling" levels. As exceptions are being discovered they are being quickly brought into line.

Make up this price list neatly and accurately. You will not be able to get all the items at once. Keep adding to your list from day to day. Make it your permanent check list—your personal safeguard against any further rise in prices.

A Few Points to Remember

 The ceiling price is not necessarily the price you paid. It is the highest price at which the store sold the particular item between September 15 and October 11.
 A merchant may reduce his prices for sales or other above the ceiling price. 3. Variations in seasonal prices on fresh fruits and

nced from time to time by t Trade Board in newspapers and over the radio. 4. Fill out your price list without bothering your merchant. In many cases he is making a financial sacrifice to sell under the price ceiling. The war has left him short-staffed and the Christmas rush is on.

### Why you must do your part

To ensure the success of this price control plan, every woman in Canada should make a list. Retailers are showing a splendid spirit of co-operation. The great majority of them are determined to make this plan work, but if you do not co-operate the whole plan might fail — prices might start to skyrocket. So keep your list handy. Check the prices you pay

If a price seems higher than the ceiling, ask your merchant about it. If further information is necessary, report the full details in writing. Address your letter to the Prices and Supply Representative, Wartime Prices and Trade Board at any of the following: Vancouver, Edmonton, Regina, Winnipeg, North Bay, London, Toronto, rockville, Montreal, Quebec City, Saint John, Halifax, Charlottetown.
