A Weekly Review Of National Affairs

(By "Spectator")

Ottawa, December 23—The people of Canada are eagerly awaiting the Government's policy on the selective service, promised by the Minister of National War Services, Mr. Mackenzie King, in the House of Commons on December 22.

Rio De Janeiro, and it has been suggested, a council of strategy for the whole conduct of the war.

The Japanese Minister is still at Ottawa. He has not yet been given his passport and safe conduct.

MADE IN GERMANY
An ornate building on Bendlerstrasse in Berlin, once the home of a pleasure-loving laboratory of the high command's department of war psychology (Abteilung der Kriegapsychologie).

Some of our breeds don't raise any bulls for this purpose, but those that do are very careful and are trying to improve the breed.

Some idea of the immense value and wide scope of the work of the Hospital for Sick Children in Toronto will be of great help to us.

Rhodes, the Empire builder, was inspired by a great vision in the foundation of the scholarships which bear his name.

Even under the great endowments which Rhodes was able to provide, these scholarships were available to only a privileged few.

GIFTS AND GIVING
The best thing to give to your enemy is forgiveness; to an opponent, tolerance; to a friend, your heart; to a child, a good example; to a father, deference; to your mother, love; to your neighbor, all your heart; to yourself, respect; to all men, charity.
