SCHOOL LESSON

LESSON IV PAUL PREACHES FAITH IN CHRIST

Rom. 3:21-31; 5:1, 2; Gal. 3:1-29 GOLDEN TEXT—As it is writ-ten. But the righteous shall live by faith.—Rom. 1:17. THE LESSON IN ITS SETTING Time.-The Epistle to the Romans was written about A.D. 60, while the Epistle to the Galatians was written, probably, immediately before it—about A.D. 58 or

Place. — Both these epistles were written from the city of Corinth, during Paul's third visit there; one to the Church at Rome, at this time a city that Paul had not seen, and the other to the churches at Galatia.

All Men Sinful

Apostle Paul has shown how utterly guilty of sin all men throughout the world are; that they can only become righteous and find the way to eternal life

by the help of God.

Apart from the law a righteousness of God hath been maniested, being witnessed by the

law and the prophets.

God through faith in Jesus Christ unto all them that believe; for there is no distinction; 23. for all have sinned, and fall short of the glory of God. There is nothing that man in himself can do to make himself righteous before God, to deliver himself from this state of deserved penalty. It is not by living as Christ lived that God, but by having faith in Christ. his grace through the redemption that is in Christ Jesus. The meaning of this passage is hidden from is unless we understand the mean-

ing of the word justify. It means to stand before a judge and if we are justified by him we are declared just or right or right-eous. Standing before God we are given the righteousness which is not in ourselves. We are delivered from the bondage of sin by the price that Christ paid in

25. Whom God set forth to be propitiation, through faith, in his blood, to show his righteous ness because of passing over of the sins done aforetime, in the forbearance of God. Inasmuch as man by sin has broken the law. a broken law would indicate judgment. God is ever insistent upon obedience to the Divine Law and demands a full punishment for sin. Righteousness became available for us when Christ died for us, that is, when He paid the penalty for our sins, in His own blood, thereby lifting from us the penalty of sin, taking it upon

26. In the showing, I say of his righteousness at this present season: that he might himself be just, and the justifier of him that hath faith in Jesus. 27. Where then is the glorying? It is exof works? Nay: but by a law of faith. Sin should be treated ac cording to its true nature and the demands of law and justice should not be disregarded-justice and mercy are united in the sinner's justification. As our sins have Christ's death, we no longer need bear our sins in our bodies, or in our hearts, for He has borne them. He has taken them away, and for this reason God can declare us justified in His sight.

Faith is Necessary We reckon therefore that a man is justified by faith apart from the works of law. By the works of the law is meant simply doing those things which are right. 29. Or is God the God of Jews only? Is he not the God of Gentiles also? Yea, of Gen-tiles also. 30. If so be that God is one, and he shall justify the circumcision by faith, and the uncircumcision through faith. 31. Do we then make the law of none eact through Faith? God forasect through Faith: God for-bid: nay, we establish the law. a \$3,000 cosy cottage for a this things that are right but—we are not saved in this way, by long prayer, in going to church, or giv-ing away money, or reading the ng away money, or reading the Bible or by doing many other good deeds. Salvation comes to us by what Christ has done for us. Try-ing to do what is right is not enough. We must confess our-selves sinners and receive a rightselves sinners and receive a right-eousness not our own, which is provided for us through Christ, who has paid the full penalty for our sins by His Holy voluntary death on the cross. This redeem-ing work, accomplished for us by Christ in His death, we appropriate by receiving it. This is the New Testament teaching of salva-tion. God forbid that we should fall into the false teachings of men, no matter how brilliant they may be, and depart from the clear, divinity-given teaching of the New Testament, no matter how humiliating that may be.

ON Nov. 11, 1918, the "war to end wars" came to a close, and the world rejoiced. Yet, 20 years later, nations are fighting it out on two major fronts, and not one single year has passed since the world War Armistice without one or more conflicts.

Check With Care Food and Water

If Holidaying in Out of the Way Places Why Take a Chance on Contaminated Water or Spolled Food

Whilst drinking water supplies have been improved generally, it is not safe to use water from any and all sources in out of way places. Pollution may be present only at infrequent intervals but why take a chance. Usually a fire is available and where this is so, water for drinking or washing raw vegetables or cooking utensils should be brought to boil before using. If when "vacationing on wheels" a fire is dangerous or out of the question the simplest method of purifying your water is to chlorinate it. This your water is to chlorinate it. This can be performed quite easily by using the chlorine outfit to be had for 60 cents at the Ontario Department of Health, Parliament Buildings, Toronto. Vacationists or residents unable to conveniently secure their chlorine outfit from the above source may employ the the above source may employ the following method:

TO PURIFY WATER

Prepare a solution by adding half a teaspoonful of fresh chlori-nated lime to one pint of water. nated lime to one pint of water.
Use one teaspoonful of this solution to ten gallons of water to be purified, 36 drops to one gallon, or 2 drops to one quart. Let the water stand at least 15 minutes before dosing. The solution should be freshly prepared for each chlorington. Tehlets of calcium have ation. Tablets of calcium hypo-chlorite and ampules of the dry

powder can be procured for this purpose and are the most satisfac tory since they do not lose then Food supplies need watching, see that they are properly stored at low temperature. Do not allow food sup-plies to get hot by day and cool off tain them at an even low tempera ture Where ice is used see that the source is reliable.

Cheese Output Up 54 Per Cent

Substantial Increase is Seen In Canadian Production For Month of June Over May

dian cheese production during June was regarded by spokesmen at the agricultural branch of the Dominion Bureau of Statistics as indication that farmers are heeding the gov ernment plea for increased produ

Bureau figures showed June prouction totalling 25,550,190 pounds. 54 per cent in advance of the prev ous month's output, and 6 per cen ahead of the June make last year, which totalled 24,050,316. MORE CREAMERY BUTTER

Creamery butter production in June totalled 40,498,503 pounds, compared with 32,978,810 the previous month, and 40,192,223 in June,

Should Not Worry On Your Holiday

A few words on how not to worry might not be inappropriate at this time. Some people persist in taking their pet office worry with them on their vacation.

Don't. Worry is the most futile
of all bad habits. It can do no good. It can cause definite harm. It reacts on the nervous system, causing indigestion and insomnia, which in turn causes more worry and so a vicious circle goes on Train yourself to accept life for what it is rather than fretting about what it is not. Learn to relax — it is the only means of treating the vicious circle. With rest and relaxation should come less nervous irritability, better sleep, better digestion and fewer worries. This is the only way to break the circle. This is what your holidays are really for. While you can, Rest and Relax. You owe it to yourself, your business, and to your country.

Hearing — and Believing

peared in the Portuguese press, says the Movie-Radio Guide, which was headed: GERMANY HEARS HER. The British Embassy soon replied with this: THE VOICE OF LONDON SPEAKS AND THE WORLD BELIEVES
