LESSON XII JESUS CONDEMNED AND CRUCIFIED PRNTED TEXT, Luke 23 : 13-25.

GOLDEN TEXT-What then shall I do unto Jesus who is called Christ? Matt. 27 : 22.

THE LESSON IN ITS SETTING Time—The prayer in the garden, the betrayal by Judas, and the denials of Peter, all took place on Thursday evening, April 6, A.D. 30: all the remaining events in following, Friday, April 7th. Place.—The garden in which

He was betrayed by Judas was at the foot of the Mount of Olives, opposite to and East of the City of Jerusalem. The trial before the Sanhedrin, no doubt, too' place in the Palace of Caiaphas. The place where the trials of our Lord before Pilate and Herod took place is difficult to determine. All of them may have occurred in the Palace of Herod the Great, then occupied by Pilate, or in the Fortress Antonia, or in a palace near it. The palace at Jerusalem was situated on the North side of Mount Zion. The place of the Crucifixion of our Lord has never been exactly identified. We do not believe that it was on the spot where the Church of the Holy Sepulchre now stands. At least, it was outside of the city wall, and probably North of the city wall. We always speak of Calvary as a hill, but of this there is no evidence in the Scriptures, though it may have been a

The charges against Jesus var led from hour to hour. The Jews began by saying that Christ claimed to be a king. Then they declared Jesus had stirred up the people, even as far as Galilee. (Jesus was already condemned to death by the Sanhedrin, but it was necessary to have him condemned also by the Roman procurator, in order that the sentence might be executed, and without delay, by him who had the power of death).

Second Time Before Pilate

Mark 23 : 13. "And Pilate called together the chi- priests and the rulers and the people, 14, and said unto them, Ye brought unto me this man, as one that perverteth the people: and behold, I, having examined him before you, found no fault in this man touching those things whereof ye accuse him: 15. no, nor yet Herod: for he sent him back to us; and behold, nothing worthy of death hath been done by him. 16. I will therefore chastise him, and release him." Certainly Pilate was convinced of Jesus' innocence. If Pilate had not such a coward, so afraid of his position, afraid of Caesar, and afraid of the mob, Jesus would not have been condemned, at least by

"Crucify Him, Crucify Him!" 18. "But they cried out all together saying, Away with this man, d release unto us Barabbas: 19. one who for a certain insurrection made in the city, and for murder, is following the same theme with was cast into prison. 20. And Pilate spake unto them again, desiring to release Jesus. But they shouted, Crucify, crucify him. 22. And he put over Hamilton's Community said unto them the third time, Why, what evil hath this man ing the depression years-and he cone? He did the latter. It was the voice of justice that should have prevailed, but Pilate appeared to be incapable of rising up in a noble way to defend an innocent man against a howling mob. 24. "And Pilate gave sentend that what they asked for should be done. 25. And he released him that for insurrection and murder had been cast into prison, whom they asked for: but Jesus he de-Mvered up to their will." Pilate's judgment was for time. The coming judgment of Christ will be for

#### Man Has 2 Hearts; Dies As One Fails

John S. Frick, 78, who died in Medford, Ore., last week, revealed the man had two normal hearts, one above the other, county physician Dr. A. E. Mer-

kel reported.

Dr. Merkel said the two hearts were joined by the large aorta artery, and both had functioned. The ventricle of the lower heart had ruptured, causing death. Officers of the Jackson County Medical Society said they knew of no other case of a man possessing two hearts.

O.S.A. 69th Annual Show On View at Art Gallery of Toronto During Month of March

The sixty-ninth annual exhibiion of the Ontario Society of Artits is on view during the month
March at the Art Gallery of oronto. Pictures hung in the 1941 show have been done by professional painters, by busess men whose spare-time hobby 's painting, by art tudents who are making their first bow to the public. These exhibitions are never onfined to society members; it fact usually the number of non-nembers exceeds members in the thibition. This healthy encourage pent of the amateur in art is a aluable contribution to the artistic life of Canada and is the policy the O. S. A. now as it was sixty. nine years ago.
