Minimum Butter Price To Be Set

The report was issued from Ottawa this week that a minimum price will definitely be set on butter. The announcement will be a welcome one from the Producers point of view. after accepting a maximum price during the season of light production.

While the probable minimum price is expected to become effective in May, it still remains indefinite as to what it will be.

Those interested in dairying are making strong representations to the Government, to have the price set at prices varying from 30 to 40 cents. In view of the fact agricultural problems will be to the fore in parliament shortly, it is expected there will be many interesting debates on the problem.

At the sound of his

voice, a feeling of hero worship entered our heart. That feeling similar to the one when the pitcher of the home town ball club strikes out the last batter with the winning run on third. It did not occurr to us a year ago that such a man as Wendel Willkie existed. He won the candidature at the Republican Convention last year. If he had lost probably we would have forgotten all about him. Then we recall his campaign. How his voice grew huskier as he carried on that wearisome grind of three and four addresses a day. Even his political opponents must have admired the force of the man in that campaign. With the battle over and the count against him, he was not bitter. In fact shortly after he paid a personal call at the White House. Then his hazardous trip to England. No one has the veracity to suggest that Willkie's movements are Gallery play.

He has been loud in his praise of Winston Churchill. We wonder will it ever occurred to Wendel Willkie that he possess the Churchillian qualities of leadership. We think he does. And with that thought we lament the fact that Canada has not yet uncovered a man of similar ilk. With due regard for the splendid efforts of those giving leadership in Canada's war effort—we feel that any or all would be glad to enjoy the confidence that Willkie has inspired in the hearts of the people of Democracies the world over.

Walpole Municipal Council

Jarvis, March 15th, 1941

The Municipal Council of the Township of Walpole met on the above date pursuant to adjournment. All members present. Reeve R. M. Dennis presiding. Minutes of last meeting were read and due attention given to all correspondence.

Pond and Waldbrook — Resolved that the minutes be adopted as read Carried.

McKenzie and Catherwood — Resolved that this council grant permission to No. 1 Bonding and Gunnery School Jarvis, to dig a ditch, lay drain tile and backfill part of same on north side of road three, westerly from main entrance of No. 1 Bonding and Gunnery School, Jarvis, for a temporary parking place for workmen's cars to overcome congested condition now existing in front of gate. Carried.

Pond and McKenzie — Resolved that the report of the auditor, Mr. L. B. Holmes be accepted with thanks. Carried.

The following is Auditor's Report for 1940:

The Reeve, Deputy Reeve, Councillors and Ratepayers, Municipality of the Township of Walpole:

Gentlemen—

Having completed the audit for the whole of the calendar year, 1940 I submit the following report, believing it to be correct.

The Collectors rolls were correct as to the totals of assessments, rates and taxes included therein and all charges included in the rolls were accounted for.

The Treasurer's cash book balanced.

All moneys were deposited in the bank when received.

All payments were made by property signed cheques, after accounts had been passed in council.

Vouchers, cancelled cheques and accounts were examined and found to be in order.

Capital assets have been reasonably verified and present day values set by the road Superintendent.

All liabilities are shown.

There were no tax sales during the year.

The Tax Arrears Ledger balanced. All arrears were added to the current rolls and many of them were paid to the Collectors. This method again proved its worth. It verified the arrears as well as collecting many accounts which, it is doubtful would not have been otherwise paid. I recommend this method be continued.

The treasurer and collectors are bonded. There are no other officials requiring a bond.

Insurance policies are in order and I believe, provide adequate coverage.

I, your duly appointed Auditor, do certify:

That I have obtained all the explanations and information required; the transactions which have come under my notice, have been within the powers of the municipality:

The balance sheet, attached, is

Cigarettes Going Regularly Thanks To Contributors

Since the cigarette fund was first started for Jarvis district boys overseas, local citizens have been making steady contributions sufficient to cover the cost of regularly supplying the boys over there with an adequate supply of smokes. Money has not been coming in so rapidly however that we can just sit back and draw on the reserve for the duration.

Many hope readers of the Record have noticed our appeal for a dime a week carried at the top of the front page for the past few weeks. While many have taken our appeal to heart, we realize how easy it is to forget. We urge however, that you try to develop the habit. If we get too much money in the fund we will tell you and a moratorium will be called on contributions.

Sweater Knit By Nanticoke Lady Appreciated By Soldier

The following letter was received this week by Mrs. Ernie Dosser, of Nanticoke, from a Canadian Soldier overseas who was the recipient of a sweater which had been knitted by Mrs. Dosser and sent overseas with a consignment of supplies from the Nanticoke Red Cross. This like similar letters being received regularly are a further indication of the appreciation felt by the boys fighting our battle on the front line, of the wonderful efforts of the ladies back home.

Dear Mrs. Dosser:

No doubt you will be surprised to get a letter from England and may be more surprised to know that it comes from the soldier who is wearing the sweater which you knit for the Red Cross. I took the liberty of writing you to thank you very much for it. It is very warm and it surely comes in a good time just lately we had to go on some manoeuvres near the coasts and I had to spend nights out in the open, it came in very handy. I had kept the little piece of paper with your name and address on it so I said to myself I must write that lady and thank her for it. Well dear Madame, as to the news over here, it is quiet at present, not much activities, just air raids but I guess it won't last long that way now. Maybe by the time you get this letter Hitler will be on his way to invade England and from what we hear over here it will be a quite a slaughter. In any event, we are ready for him and we will give him a warm reception. Well, I guess I will close this letter as my time is very limited and I have a few more letters to write to the folks back home so will say good bye, good luck and again thank you very very much for the sweater.

Best of love.

County Grant $8250 To War Services Fund

WILL RAISE MONEY BY THREE QUARTER MILL RATE ON EQUALIZATION

Haldiman-J's share in the National War Services campaign now under way is $8250. to reach the National objective of $5,500,000. The County Council at their last meeting decided to raise the money by placing a three quarter mill rate on the equalized assessment of all municipalities. The chief reason apparently was to eliminate the work of canvassing, and it was also felt that the collection will be more equitable, than possible under any system of canvassing.

The assessment will mean very little to Jarvis, amounting to approximately $70. It will mean however somewhere in the neighborhood of $1000. from the Township of Walpole.

The action of the County Council is to be commended, but it should in no way interfere with those in a position to make private contributions. The people of Jarvis and district through the offices of the Jarvis District War Fund have already contributed excellently for this purpose, and it would be regretful if all other municipalities disregarded the call entirely merely because the Courtty have pledged an equalized share of the National appeal. We must remember that Haldimand County shares to a greater degree than many parts of Canada in our National Prosperity, and it behooves us at this time to show that our efforts are not gauged on equalized shares according to population, but on our ability to contribute according to the manner in which we have been blessed in this life.

Druggists Taking Refresher Course

L. L. McBride Attending Course of Lectures in Hamilton

The Ontario College of Pharmacy opened a refresher course for druggists in the Technical School at Hamilton on Tuesday night. The course will continue every night for six weeks and will certre upon the discoveries of vitamines, gland products and the use of chemicals in medicine as related to pharmacy dispensing.

The course was opened primarily for druggists who graduated several years ago. It will give them an opportunity of keeping up-to-date on the scientific advances available through the College without undue demands upon the druggist's time in business hours. M. L. L. McBride, proprietor of the Rexall Store in Jarvis, plans to take full advantage of the opportunity.

Letter to the Editor

March 19, 1941

Dear Laird:

Well Laird, here goes for a letter that is long overdue.

I want to thank you very much for the Record, which you have so kindly been sending to me since I joined the Air Force. I certainly enjoy reading the news of the old home town every week.

I arrived here in Eburne two weeks ago today and at last after four months have started my training as a pilot. I have about 8 hours instruction now and expect to solo tomorrow. I certainly like the flying very much and enjoy it more and more every day.

The weather has been grand ever since we arrived here on the coast and it was certainly a welcome change after the 40 below weather of Regina. I do not have a great deal of time off but I am planning and hoping that I get a week end off so that I can make a trip into the mountains which certainly look very nice at this time of the year.

Thanks again Laird, for the paper and please remember me to your Mother, Father and staff. I remain

Yours sincerely,
Bill Holmes

So that is settled. The Royal Canadian Mounted Police did not investigate the ignorant reporters They only interrogated them. Minister of Justice Lapointe has said so. Moreover there is no file on the reporters in RCMP headquarters They're kept under "Posters." So that is settled.

It's nice to know it is settled that way. It should be quite a comfort for Mr. Lapointe to have an RCMP report to tell him who are the liars; this and two other reporters—or the RCMP.
