There have been many and heavy calls upon Canada already. spirit that makes life worth living. If we fail, we fall. Be prepared for sacrifice. Great Britain has set us an example on a scale of heroic magnificence history doesn't record. Canada has the resources. Let us spare nothing. When our soldiers offer their Let us FIGHT! lives, let us be willing to share our livelihood. Presently the Government of Canada will call for money. The money is here. We are spending billions. We are already heavily taxed. But most of these billions and those taxes are being spent in Canada. That money comes back to you. Keep it rolling. Keep putting it back into the war effort, so that it may be spent again and again and again until Right prevails and the world is free. FIGHT...WORK...PAY
