

CANADA AT WAR

By R. M. P. WAR INDUSTRIES

Anyone who inspected the Department of Munitions and Supply exhibition this year must have stood amazed at the marvelous display of armaments of war shown there...

The entire plant re-erected with activity as trained hands of men and women put together huge bombers which will one day wreak vengeance over Hitlerland...

It was for the purpose of giving Canadian editors a chance to learn the inside story of production of these war weapons that the magazine "Canada at War" was published...

At Toronto we visited the John Inglis Co. plant producer of the famous Bren automatic machine gun, one of the most prized weapons of the Canadian Army...

Under his direction the Inglis Co. plant has become the largest producer of automatic guns in North America, if not in the world...

The editors had their first glimpse of a bomber as it was made in the new factory near Montreal. This particular plant is engaged in production of the Bunting bomber...
