The Junior Mission Band will have their meeting on Saturday, October 4th at 2.30 P.M. in the Presbyterian Manse.

The Senior Mission Bands of Knox Church will hold their first meeting on Friday, October 3rd at 4.00 P.M. in the Church basement.

That thread, if W. Limburg Houck only knew it, is quite a safeguard for him, too. Hope is what makes it possible for free peoples to tolerate politicians like Houck and Hep. In peacetime, that is to say, and up to a point. Hope is what makes it reasonable for boys, who never got anything but a free ride on a freight Miss Grace Walter of Toronto and out of the system, still to fight to save it; and Mr. Houck and his whimsies with it. It should not be too much to ask of Messrs. H & H that they occamionally consider without speech, why men are dying daily. It might be reasonable to suggest to them that at this dark hour of destiny, they try to serve the cause of freedom by keeping their mouths shut. It does no good to any end Canada wants served that a Premier of a Canadian Province should broadcast deliberate insults to 11 million organized American workers on whose goodwill the defence of Britain depends. The body was that of a young man 22—26 years of age, about six feet tall and weighing around 170—180 pounds. He had reddish brown hair, blue eyes, a good set of natural teeth and was clean shaven. The body was removed to Holmes' Funeral Home at Jarvis, and Coroner, Dr. J. J. McManus inspected the remains. No identification could be found on the body, nor in the clothing, which consisted of a sweat shirt, cotton trunks and overalls. The well calloused hands indicated the man was a laborer or a deck hand on a lake boat. Four American pennies were found in one pocket.

Woman Seriously
Hurt In Car Crash

CAR TURNED OVER TWICE AT ANCHORAGE CURVE ON No. 37
Mrs. Seivenia Fenner, 48, of Newington, Conn., suffered serious injuries, when the car driven by her son, Richard D. Fenner, and containing three other persons, including a year-old baby, took the ditch at the Anchorage curve a half mile west of here on Friday morning.

While all of the occupants suffered injuries, Mrs. Fenner suffered a punctured lung and a deep scalp cut. The car, a 1941 Buick sedan, after hitting a telephone pole, turned over at least twice before landing back on its wheels in the ditch. How the occupants of the back seat came out alive will remain a mystery. The back part of the top was flattened down almost to the rear seat. All of the occupants are confined to

Local Items

It is a small timid one designed to incite somebody else to start a Society for the Unification of the Spelling of Scottish Names in Telephone Books — Starting With Macs and Mcs. This is a perilous movement to start owing to the fact that the Scotch are a proud people and apt to be bigoted about their ancestral prefixes.

To the normal or non-Scottish mind there is nothing fundamentally

mind there is nothing fundamentally immoral in the suggestion that Maes and Mcs should be lumped under M' and run together in all telephone books and in city directories, who's whos and police station records. But the Scottish mind is different. It sees in such a suggestion the make merry on Flodden field, destroy his fathers' altars and as likely as not mock the poetry of Robert Bur-

or non-Scottish mind, a good idea. With time we can win this war and the way to get time is to save it.

It is estimated that, set end to end, the minutes now spent chasing the minor subdivisions of Scottish clans through telephone books, would suffice to build several tanks to chase (continued on page clant) (continued on page eight)
