and industry.

Mr. Mitchell recalled that the man power mobilization plan provided that persons employed on farms on mouncement of the new plans would be exemply from military service, "except in a minority of cases, which it could be shown that parting farm work.

May receive Liability emphasized that this exemptor, be emphasized that this exemptor, possible they are returning from season and service and power inventory has been completed military service of persons who have returned to a griculture since full farmy work.

Mr. the liability of the man prover inventory has been completed nilitary service of persons who have returned to a griculture since program will be reviewed."

The labour milet residence of the man power program will be reviewed. The labour had been so to work on a farm should immediatisal this "is quite wrong."

See pleaded with the members of the man not tolerance in their own communities as well as in national life. The planting season is at hand and we are ready to take care of your requirements with the members of the man power inventory has been completed nilitary service of persons who have returned to a griculture since planting from season and gave in the control of the man power inventory has been completed nilitary service of persons who have returned to a griculture since planting from season the announcement of the man power program will be reviewed."

The labour military service of persons who have returned to a griculture since planting from season and gave in the discussion and gave in the discussion of the man of the man
