Sirs:
Again I have the privilege to thank you for cigarettes which I received from you of late. They were more than welcome. Thanks Gur. R. W. PHILLIPS

Thanks again for another carton of cigarettes which I received to-day I certainly enjoy them. Thanks again and cherrio.
W. A. METCALFE

Dear Friends:

I wish to thank you for the cigarettes which I received today. It has been quite some time since I received any cigarettes from Canada, but I knew that sooner or later I would hear from you. I am getting along fine in England and after being here well over a year, I find I rather like it, but I guess I would sooner be in good old Canada.

There has been a very severe win ter here, but now spring has come and everything is looking up.

Well, so long for now and all the best. Hoping this finds you all in good health. Thanks again for the smokes.

Your friend,
RALPH FESS

# YOUR SCRAP RUBBER

is now a vital war material

Enemy action in the Far East has caused such an acute shortage of rubber that Enemy action in the Far East has caused such an acute shortage of rubber that our whole war effort is in serious danger. Canada and her Allies must have rubber, quickly, for the armed forces, for factories, for ships. The Japanese control our source of crude rubber imports—the only other quickly available supply is old scrap rubber, which can be reclaimed. Every citizen in Canada must do his part in collecting all the scrap rubber in the country and turning it over to the Covernment for war purposes. Here is how to do it it over to the Government for war purposes. Here is how to do it.

#### THIS IS AN URGENT APPEAL FOR YOUR HELP Question: What kind of scrap rubber is needed?

Answer: Every all-rubber or part-rubber article must be salvaged. Here are a few of the articles you must turn in: Answer: The shortage of rubber is so grave that any citizen hoarding rubber or using it unnecessarily is committing an act of disloyalty. It is now illegal to destroy any rubber article. Old Tires of every kind Rubbers
Old Inner Tubes Overshoes
Rubber Boots, Hats, Coats, Aprons, Pants,
Gloves, Tubing, Matting, Toys
Sport Shoes (crepe soles are especially good)
Garden Hose Hot Water Bottles Stair Treads
Bathing Caps and many other articles
Question: What happens to the scrap rubber
collected?

Answer: Old rubber is processed so that the rubber content is reclaimed. This reclaimed rubber is used in the manufacture of essential articles for our war effort, thus replacing crud

Question: How much scrap rubber is needed? Answer: Fifty Million Pounds. This is a large quantity, but it MUST be found. Every old piece of rubber in Canada, no matter how small, is needed, QUICKLY.

Question: Should I turn in any usable rubbe articles as well as worn out ones?

Answer: Start hunting for it TODAY. Clean out your cellars, attics, garages and sheds right away. You will find more rubber articles than you expect. Start them all on their way to the battlefront. Answer: Absolutely not! By no means discard anything that is still useful and that might have to be replaced. On the other hand, rubber tires used as boat bumpers, swings, etc., should be turned in for war uses.

#### HOW DO I TURN IN MY SCRAP RUBBER?

The school boys and girls of Canada are being organized, through the school authorities, to act as Official Collectors of Scrap Rubber. The school nearest you is, therefore, your best Collection Depot.
You may dispose of your scrap rubber in any one of the following four ways:

3. Leave it with any Servi Dealer where you see the Scrap Rubber Receiving D.
4. Sell it to a junk collector.

2. Give it to your local National Salvage Com-

Answer: The scrap is sorted, baled and assembled into carload lots and is then purchased by the Government at fixed prices throughout Canada. The Government pays forwarding transportation charges on these carload lots, and is responsible for their allocation. You may be sure that every pound will be used directly or indirectly in the war effort.

Question: How do I go about saving scrap

3. Leave it with any Service Station or Tire Dealer where you see the sign; "Voluntary Scrap Rubber Receiving Depot."

When you gather up your scrap rubber and dispose of it by one of these methods, it will be used by the Government for Canada's War Effort. Do it NOW!
