WITH THE BOYS OVERSEAS

Dear Friends:
I have received two parcels of cigarettes about two weeks apart. Thank you very much, for the same.
Pte. H. Pegler.
—v—

Dear Friends:
Again I say many thanks for the cigarettes. We had a very lovely Christmas this year and I think it excelled that of last year. I have forgotten just what snow looks like, but it is very nice to be able to go out without a heavy coat on.
Many thanks,
Gordon Blight.
—v—

Hello Everybody:
Once again the same old thanks and just as warmly sent. You're swell, all of you.
Well, once again a new year has rolled around, and although we have no more to look forward to, than has happened in the past two years, still, it isn't our fault and we are just as anxious to get going as the day we landed here.
Thanking everyone sincerely,
Phil. Colwill.

REPRESENTATIVE AT NATIONAL DAIRY COUNCIL

Mr. Lea Marshall, is in Winnipeg this week, representing the Ontario Milk Powder Manufacturers Association at the annual meeting of the National Dairy Council. Mr. Marshall, who is Vice President of the body he is representing at this important meeting, left on Saturday night and expects to return at the end of the week.

USGT. DICK METCALFE WRITES FROM ENGLAND

It is always a treat to hear from the boys overseas, and it was particularly gratifying this week to hear from Dick Metcalfe, who we are pleased to note has been promoted to the rank of L/Sgt.

Dick said he enjoyed receiving the "Record," and particularly appreciated the article by Judith Robinson entitled, "God Bless Uncle Joe." In fact all the boys in the room read it, was his comment.

ELASTIC AND REGRETS

(continued from page one)

A day when the powers of evil had been having things pretty much their own way against us two chosen charter members. A day when the hope of a new and better world order was leaning pretty hard on Chinese fortitude, Russian courage and the indomitable skill and spirit of a handful of old beggars of the sea reincarnated in the sailors of the Netherlands East Indies.

"Singapore provides a tragic example of the need of bombers and fighters to stop the Japanese. A hundred hurricanes, 30 flying fortresses might have made the difference between victory and defeat."

The quote is from an NBC war reporter, broadcasting from Java Sunday night.

Most of last summer the big Canadian factory where hurricane frames are made was working part time. Trained aircraft workers were laid off by the hundred, for lack of contracts. Last month, in Ottawa itself, an airframe factory let out 500 hands; again for lack of contracts.

And Singapore fell — for lack of 'planes.' The answer could be engines. No sense going ahead making aircraft frames all over Canada if you can't get the engines for them.

It's an answer all right, but not quite good enough for February 19-42. It doesn't lift from Ottawa incumbents at Ottawa the responsibility for repeated government refusals to have any aircraft engines at all built in Canada. It doesn't wipe out the evidence written in Hansard that "expense" was the reason given for the refusals.

If it should happen to Vancouver as it has happened to Singapore it ought to be a big comfort to us all to think of the money that was saved by Ottawa's decision to shop around and buy aircraft engines cheap instead of going to the trouble and expense of building some for ourselves, the way Australia did.

It ought to be a big comfort to us right now to think that the statesmen responsible for making that wise and farsighted decision are still at Ottawa making our decisions for us.

J.A.S. SPONSORING CROP COMPETITION

The Jarvis Agricultural Society are again sponsoring a Field Crop Competition in 1942. The crop selected is Barley, and the seed to be used will be O.A.C. No. 21, registered. All contestants must be regular paid-up members of the Society for the current year.

Each field of grain must have an area of at least three acres, and the Society must have not less than ten qualified entries before the regular grant can be received.

Last year the competition was in Vanguard Oats, and the total number of entries was twenty-eight. The Society aim this year is to exceed this number. Production of feed grains is vital at this time and you are urgently requested to make an entry in this competition as it has been abundantly proven that by sowing registered seed you have greater production results. The prizes in this competition amount to $75.00., by this method you can secure Registered seed without any cost to yourself. Full particulars and entry blanks can be obtained by calling at the office of the Secretary at Jarvis.

QUIET WEDDING AT HAGERSVILLE

Hagerville, Feb. 13. — A quiet wedding took place in All Saints' Anglican Church, on Wednesday afternoon when Lola Elizabeth McNeilly, daughter of William and Mrs. McNeilly, Woodhouse township, was united in marriage to Wilson John Kett, R.C.A.F., son of Elmer Kett and the late Mrs. Kett, Hagersville. The bride was attended by her sister, Miss Anne McNeilly, and the groomsman was Ralph Carrick, Hagersville.

GOOD ADVICE FROM OPPOSITION LEADER

Hon. R. B. Hanson, leader of the official opposition" in the House of Commons, has advised all adherents of the Conservative Party to vote "YES" on the Plebiscite to relieve the Government of former commitments, which is to be held in April or May.

The Conservative Leader admits to a feeling of "Frustration" over the whole thing. But he says since the Government are determined to go ahead with the Plebiscite, there would be no point in voting "No."

This, we feel, is good advice and supports the viewpoint expressed in an editorial in this paper on January 29th.

SUPPORT IS APPRECIATED

About two months ago the "Record" urged citizens to give evidence of their appreciation of the fine work being done by the local Branch of the Red Cross, by joining the Society The response, while a little slow, has been good, and we do appreciate the attitude taken by our readers.

That is not to say that the membership has yet reached the proportions it should, but we feel confident many more will join as the weeks go by. Our original objective of three hundred members is still far off, but indications are that it will be reached and perhaps passed. We hope so.

With the possibility of actual invasion of our own coastline becoming a reality, we realize more than ever, the necessity of increased effort on behalf of the Red Cross. There is little point in waiting for casualties to occur — but we should stand ready to meet them — no matter in what branch of service our efforts may be directed.

WHAT IS SACRIFICE?

There is still plenty of room in Canada for a better definition of the word sacrifice. As we understand the word, it means to surrender or give up something. Have we given anything? If so, what is it? It is true we have altered to some small extent our way of life, but this is certainly not to be classed as sacrifice. It is true we have been asked to invest our surplus savings, but surely this is not classed as sacrifice. It is true we now pay National Defence Tax, but this is only applicable when incomes exceed amounts, over and above actual cost of living. Is that sacrifice? Some classes of workmen are now paying unemployment insurance, as a guarantee for their own future. Is that a personal sacrifice?

And yet when some are asked to contribute from their bounty of worldly goods for some humanitarian cause, where the benefits will go to others, rather than themselves, they plead inability to do so because of the sacrifices they are making in connection with the items mentioned in the preceding paragraph.

We claim no right as a soothsayer, but we venture the opinion that before World War No. 2 is finished, many Canadians will have discovered a truer appreciation of the word sacrifice. The acknowledgment of the discovery will be a lesson which will have mucm to do in strengthening the Churches in years to come.

After sitting for one day, the Ontario Legislature adjourned last Wednesday on Premier Hepburn's motion, standing adjourned until a date next month to be named by the Lieutenant-Governor-in-Council.

The adjournment was forced, according to the Premier, because of disagreement between the Province and the Dominion over agreements on the Corporation and Unemployment Tax and validating legislation, which the Province insists the Dominion must pass before the issue is concluded.

Mr. Eric Cross, former Cabinet colleague of the Premier, took issue with the stand taken by the Government and the leader of the opposition, Col. Drew, and contended that there was lots of business for the Legislature to deal with and voiced strong dissent on the adjournment motion. Mr. Cross sought to bring the matter into debate, but was called to order by speaker Clark, who declared there was no question before the House. Mr. Cross continued to speak on a question of privilege and objected to the words used by Premier Hepburn in the previous day, that "the word of the Dominion government cannot be taken in relief matters." Mr. Cross declared that when he was Minister of Welfare, Ottawa's word was not broken.

Mr. Hepburn responded that he did make that statement and would bear it out by facts. "Differences with Ottawa, he said, on relief matters arose before Mr. Cross' tenure of office. Mr. King had agreed to contribute to relief on a 40-40-20 basis. But this basis was changed without consulting Ontario." "The Dominion broke it's word," Mr. Hepburn insisted. "We refused to sign a new agreement with Ottawa but they took the attitude unless we signed, there would be no more money coming, and relief grants were withheld for three months until we were compelled into signing. That is the instance I had in mind." In the course of his reply, the premier referred to Mr. Cross as his "disgruntled" friend.

Miss Alma Bailey, daughter of Mr. and Mrs. W. J. Bailey, has been appointed Dietitian at the Norfolk General Hospital. Prior to her appointment, Miss Bailey had been doing similar work at the General Hospital in Hamilton.

Jarvis Leads Other County Units

Preliminary Farm Survey Reveals Interesting Facts

Survey Promises to Prove of Outstanding Value to the Farming Industry

During the past two weeks Federation of Agriculture officials have been making a systematic survey of the farm situation in Haldimand County. Canvassers have been making a farm to farm visit gathering survey forms which had been previously mailed to the farmers of the County.

The survey is a most complete one and delves into the labour situation as well as the live stock and crop situation. At the same time valuable information dealing with the family and home life of the community has been gathered.

It will be some time before all the data has been tabulated but in the meantime a preliminary report has just been issued covering the farms from the first 108 farms in one of the larger townships. These farms were taken just as they came in and were not especially selected. This report reveals some very interesting and valuable information, and indicates the importance of a full and complete survey of the farms of the county. It should be kept in mind that this is only a preliminary report from 108 farms from our township.

Preliminary Report, Haldimand County Farm Survey
First 108 Farms

108 Farms in Walpole Township:
Average size of farm ... 119 acres
Average age of operator, 51.3 years
Average No. in family 4.2
Average No. at home 3.6
Males, adults 143 (1.3); 12 years and over, 35; under 12, 41.
Females, adults 117; 12 years and over, 21; Under 12, 31.
72 of the 108 operators report good health.
37 of the 108 operators did some work off the farm.
5 sons from these farms enlisted for active service.
1 son enlisted in the reserve forces.
13 sons were liable for military call.
90 of these 108 farms were said to be fully worked or 5 out of every 6.
18 farms (or 1 out of 6) were admitted to be partly worked.
Buildings were said to be adequate on 78 farms
20 farms needed additional stabling.
35 needed new barn roofs (1 out of every 3).
(13 shingle; 14 metal; 8 unstated)
Labour Situation on 108 Walpole Farms
These 108 farms normally employ 93 men. 14 by the month; 17 by the year and 62 day men. In 1941 97 men were employed. 18 by the month; 17 by the year and 62 day men.

During 1941, 3 men left employment on these farms to enlist, 12 to work in War industries and 13 to work in other industries. This in addition to 6 farmer's sons enlisted creates a labor problem that promises to become acute. It represented a loss of 26.5 per cent. of the hired help on these farms.

Wages increased 80 per cent. over pre-war time levels. Only 18 hired men are at present employed on these 108 farms; and 32 farmers report adequate help for 1942.

44 men are still required on these farms.

The women folk help with farm labor on 71 (65.7 per cent.) of these farms and on 32 of them these women are giving more such help than in peace time. One man commented, in answer to this question, "Caring for a house and 4 children is a full-time job for any woman."

17 of these 108 men felt that there would be some advantage to more exchanging of labour between farmers. With sufficient help available some farmers reported that it would be possible to increase their production as much as 50; 75 and even 100 per cent.

Only 35 of these 108 men expressed themselves as favorable to the Government decreeing that field work be permitted on Sundays during Seeding, Haying and Harvest.

Livestock

The average live stock maintained on the farms reporting live stock is as follows:

Horses: 103 farms, 1941 average, 2.9, 103 farms, 1942 average, 3.1.
Dairy Cows: 100 farms, 1941 average 6.5; 101 farms, 1942 average, 7.0.
Dairy Heifers: 73 farms, 1941 average 3.9, 67 farms, 1942 average 4.3
Other Dairy Cattle: 43 farms, 1941 average 6.2, 40 farms, 1942 average 6.5.
Sows: 64 farms, 1941 average 1.9, 70 farms, 1942 average 1.9.
Market Hogs: 78 farms, 1941 average 24.6, 67 farms, 1942 average 27.4.
Beef Cows: 11 farms, 1941 average 5.0, 8 farms, 1942 average 6.1.
Beef for Market: 37 farms 1941 average 3.0, 28 farms, 1942 average 3.2.

Who is leading his fellow Salesmen in the County in the Victory Loan Drive. He established a record on Friday of completing fifty-two separate sales for a total of $10,050.00.

MRS. R. E. MILLER DIED AT VARENCY

Suffering from a stroke which followed a lengthy illness, Catherine Parkinson, wife of R. E. Miller of Varency, passed away on Thursday, February 19th, in her Sixty-fifth year.

The late Mrs. Miller who was a lifelong resident of the district, was a daughter of the late Thomas Parkinson and Catherine Abercrombie. She was born in the Township of Walpole, and following her marriage in 1900, she moved with her husband to the Township of Woodhouse where they since made their home. She was devoted to her home and the familiar lines of Channing best describe her:

"She was little known beyond her home; but there she silently spread around her that soft, pure light, the preciousness of which is never fully understood until it is quenched."

She was a member of Wesley United Church, Jarvis.

Besides her husband she is survived by four sons, Ralph and Bruce, at home, Clair, of Aylmer and George of Caledonia; two daughters, Kathleen and Mary, both at home; and two brothers, Richard and Doc Parkinson, both of Walpole. Her youngest son, Sgt. Pilot James Miller, a member of the Royal Air Force, was the first Canadian to give his life in the present conflict, when his plane was shot down by neutral guns over Holland in March, 1940.

The funeral was held from the residence on Saturday afternoon at two o'clock. Rev. S. B. East conducted the service at the home and graveside and interment was made in Wesley Unitedchurch Cemetery. Pallbearers were: four sons and two nephews: Ralph, Clair, Bruce and George Miller, Kenneth Parkinson and Laird Miller.

VICTORY CONCERT WAS ENJOYED BY LARGE AUDIENCE

NEARLY $80.00 TURNED OVER TO RED CROSS

The Town Hall was filled to capacity last Friday night for the "Victory" Concert, held in connection with the Victory Loan Campaign. The program for the most part was put on by the local school, and S.S. No. 6, Walpole, and carried a patriotic theme.

The Rythum Band from Room 1 played under the direction of Mrs. A. J. Smitherman; the girls from room 2, directed by Miss Marion Osterman, gave a drill; the boys of the High School presented a short skit, and the pupils of S.S. No. 6, sang choruses. Miss Alma Bailey and Jack Bailey rendered a piano duet; Miss Inez MacMurchy accompanied in one of the school numbers on the violin; Miss Mae Burditt and Miss Helena Eadie rendered solos; and Misses Lola Lethong and Thelma Held sang a duet. Miss Margaret Doughty and Miss Meta MacMurchy, accompanied at the piano.

Mr. Harrison Arrell, K.C., of Caledonia, and Vice Chairman of the Haldimand Victory Loan Committee, addressed the audience during the program. His remarks, pertaining to the war, and of the importance of investing to our full ability in the War Loan, were delivered with a sincerety and forcefulness that met with the approval of his hearers. He also paid tribute to the fine showing made by the Jarvis unit so far in the campaign.

At the half-way mark in the program, Mr. Elson Held, Tenor, and Mr. Newton Marshall, Basso, led the three hundred people present in community singing. Mr. L. B. Holmes acted as chairman, and during the course of the evening outlined part of the work being done by the Red Cross, to which society the proceeds of the event were turned over.

Nearly $80.00 was realized from the sale of tickets to the concert.

BIG NIGHT IS PLANNED FOR LOCAL FUNDS

On Friday night, March 6th, big things are being planned in the way of entertainment at the Jarvis Town Hall.

First there is to be a dance, second ly there is to be a box social. Dances are not unusual in this vicinity, but it has been many a year since the boys have had to bargain for their best girl's cooking. What was several years ago, a popular feature of social evenings, is to be revived, and all in the interests of the Red Cross and the Jarvis Overseas Cigarette Fund.

If you have never attended a Box Social, you have missed something. A man was overheard to say the other day that on one occasion he had to pay $7.50 before the auctioneer and a competitive suitor for his best girl's hand, let him carry her box away to a corner and have his lunch with her. He admitted it was a sacrifice to pay such a price, and he had to forgo many of his usual pleasures for several weeks, but for his girl it was worth it.

We have something else besides a best girl to make such a sacrifice for now. It is the boys who are fighting our battles for us. And with a true appreciation of the value of both, it is difficult to say just how much will be recovered from the sale of Box lunches at the big social on Friday night, March 6th.

It promises to be the biggest event of the year, and the girl's are already planning to prepare something really fine to be auctioned. After all they have a duty in connection with this social, and their efforts will have much to do with the success of the undertaking. We can be sure the girls will not let us down and will enter into the spirit of the event with complete enthusiasm.

As an added attraction, the draw for the Pig donated by Mr. James Leonard, for the same fund, will be made on that night.

WITH THE BOYS OVERSEAS

Dear Folks:
I received another lot of smokes from you all and am thanking you who make it possible to send them. We really enjoy a good smoke and good smokes are a premium over here now. So keep up the good work and thanks again.
W. FESS
