ANNUAL MEETING

The Annual General Meeting of the members of the Jarvis Agricultural Society will be held in the

Town Hall, Jarvis

ON

Wednesday, Jan. 21

AT 1.30 P.M.

for the purpose of submitting the Annual Statement of the Society for 1941, electing Directors for 1942 and any other business relative to the welfare of the Society.

A FULL ATTENDANCE IS REQUESTED

Geo. L. Miller, Secretary. Warren Jackson, President.

SCIENTIFIC DATA ON RATS —

—Rats that live high, eating all they want, are old and ready to die at the age of 700 days, which equals the proverbial "three score and ten" years allotted to humans.

—Rats that go hungry receiving only half the normal food ration in a rat is equal to about a year in a human. So in 800 days, scientists can see the results of 80 years of diet in a human.

ANNOUNCEMENT

Mr. and Mrs. Andrew A. Miller, announce the engagement of their only daughter Dorothy Mabel to Mr. Robert David Aiken, of Ottawa. The marriage to take place quietly in Toronto, on January 17th.

MR. HOWE SUPPLIES THE WORDS

(continued from page one)

was so proud and satisfied over the way things were done here that he went to Fort William and made a speech to some aircraft workers who were less p and a. He told them to maintain part and would do his. He said there would be no lay-offs in the plant while he was in control because he would see that good workmen were kept at work on contracts. That was his job, he said. But about the time we were looking for lack of planes, the good workmen in Fort William were laid off for lack of plants. Could the man who muffed that job be you, Mr. Howe?

He was the man who told the world that we were producing "every thing" necessary to outfit a division for active service. Canadian soldiers were going bootless. He was the man who broadcast his suspicions to start a cock-and-bull story about the Avro aircraft being "sabotaged." He was the man who alerted a twenty-five million dollar aircraft contract to a plant he had publicly denounced for having failed to produce on its past contracts. He was the man who overtook a week-long labour minister to force the St. Catharines strike to the edge of a bitter division among Canadians who all wanted to get on with the war. Could that man be you, Mr. Howe? If he could you might better save our money, and your words, however reasonable. If he could, there is little use in appealing to any of us to forget it. There is too much money and enjoyment, and to pitch in and do our part. There is too much, no matter how tremble you make the advertisement. For with such a man, so lacking in faith, so lacking in faith in Canadians, so lacking in humility and so lacking in accuracy, big jobs don't get done.

THERE ARE NO SIDELINES NOW

The entry of Japan into the war has brought more Canadians to the realization of the warning which people of this country have had for two years, — that nothing short of total war effort in Canada will be good enough to defeat the foe of free people. Now that Canada's western coastline is actually part of the battle front and now that we have the spectacle of unbounded energy and the hands of the Dominion in the morning service, it is no longer a matter of if, but when, that we will be called upon to defend our country.

Sometimes it is easier to do the spectacular than it is to carry out the drab duty. Workmen in stories can be carried on to almost superhuman effort by the definite knowledge that their handiwork is needed desperately by the boys who are the guns. Sailors, soldiers and men can rise to heights of heroism, so the time seemed opportune for the country depends on them. But the country depends on them. But the country depends on them.

Just before the sermon, the Rev. W. H. Fuller, requested LAC Keith Foss, Royal Air Force, Radio School, Clinton, Ont., and Able Seaman Bruce Miller, of H.M.C.S. "Columbia," to come forward to receive their gift.

The other six not being on leave during the previous week, so the time seemed opportune for the country depends on them. But the country depends on them.

Following the election the meeting was thrown open for general discussion. Several of those present would expand their organization during the coming year. It was decided to hold a dinner meeting at Hotel Jarvis, early in February, and to discuss objects which might be undertaken by the Board.

Geo. L. Miller moved a vote of thanks to Mr. A. B. Blight for the interest he has shown in the Board of Trade over a period of years, and to the members to give him their full support during the coming year.

THE RED CROSS MEMBERSHIP THERMOMETER

Last week shows the largest gain yet in the Red Cross Membership Thermometer with twenty new members added. This brings the total to Sixty-nine. But this is only a beginning. Let's show even a gain next week. We should have at least three hundred members before we can honestly say, as a humanitarian organization, that we are really behind this humanitarian organization.

Leave your membership today with the treasurer, Mr. L. B. Holmes, or to any member of the Red Cross Executive.

Red Fox Bagged By Rabbit Hunter

A rabbit drive ended successfully for a group of local hunters last week, when they bagged a Red Fox.

Pro. Barlow was said to have sighted and winged the fox on a first shot, while another hunter delivered the fatal shot.

The four new members of the Council elected for a two year term are: Les Marshall, C. McCarter, Mr. L. Miller, and J. G. Paterson.

The four other members of the Council whose term expires at the end of 1942 are: A. L. Miller, Thos. Harris, L. L. McBride, and J. G. Paterson.

The reports of the President and Secretary Treasurer were read and adopted, and Les Marshall acted as Chairman for the election of officers.

Following the election the meeting was thrown open for general discussion. Several of those present would expand their organization during the coming year. It was decided to hold a dinner meeting at Hotel Jarvis, early in February, and to discuss objects which might be undertaken by the Board.

The Lost Label

— by Judith Robinson —

This has not been a bad week, all things considered. Nothing cheers a fire more quickly than war. Nothing diverts the ear more surely than the cries of indignation the label-stickers lift when they talk. It sounds like a political speech, but it isn't. It's a speech of a man
