VICTORY LOAN DRIVE
IS WELL ORGANIZED

Aid of School Enlisted in National Drive Opening Next Month.

An army moving to forward positions on the field of battle is what Ontario's administrative and canvasing organization for Canada's forth coming Second Victory Loan campaign will shortly resemble.

It is doubtful if in this or any other province in Canada there has ever been brought into being such a vast, efficient and energetic campaign organization as that now hard at work in every nook and corner of Ontario under the leadership of A. E. Arscott, Chairman of Ontario's Executive Committee, H. R. Tudhopa and R. V. LeSueur, his two Vice.

The province of Ontario has already revealed itself to be a pioneer in the field or art of campaigning. For the first time in the history of Canada this province has mobilized principals of her 9,000 public schools the entire teaching fratemity, school children, and, indirectly, their parents for a contribution in the period of the campaign proper - February 16th to March 7th - to the success of the national drive. The Hon. D. McArthur, provincel aminister of education, in conjunction with the Provincial Public Relations Committee, has asked all school authorities to aid to their utmost their local territorial committees and to hold at least one entertainments; it is expected, will take the form of musical plays or pageants to which
