

PUT YOUR WARTIME TRAVEL ON A  
**4-DAY WEEK**

MONDAY TUESDAY WEDNESDAY THURSDAY

**Too Many People Need Seats on Week Ends**

Greyhound is making every effort to stretch its seats to hold all the travellers who want to take trips on week-ends — but you can help us ease the congestion. First of all, don't do unnecessary travelling just now — and when you do travel, go on a mid-week day if possible. That's the way to make each bus seat work full time. You'll save seat-space for men in uniform (there's a reduced rate for them now) and for war workers on week-ends — often the only time they can travel. Please get information and tickets well in advance, too — and avoid delay at departure time.

And by all means buy War Savings Stamps and Victory Bonds with the money you save on Greyhound trips!

**AT THE UNITED CHURCH**  
The annual Remembrance Day in connection with Wesley Cemetery, will be held on Sunday next, June 28th.

This year there will be but one service at 3 o'clock. Rev. Earl Lautonlager, formerly of Hagersville but now a Padre in the R.C.A.P.,

stationed at the Brantford Air Port, will be the preacher of the day. Tributes of cut flowers should be handed to the ushers, and will be displayed at the front of the church during the service, and reclaimed and laid on the graves as the service in the church concludes.

Special music by both senior and junior choirs has been prepared by Miss M. G. MacMurray. The offering will be for the Cemetery Perpetual Care Fund.

Sunday School will meet at 10 A.

M. as usual.

We would like to point out the splendid work of the Fireside Group in presenting a very worthwhile gift to every member of the congregation who has enlisted in the armed forces. The girls have served faithfully in this endeavour but now find it difficult to raise funds and would sincerely appreciate the help of the congregation. Donations may be given to any of the girls or to the Secretary, Mrs. A. Lundy.

THAT'S what everyone has to do these days — manufacturers, dealers and consumers.

Because of the reduction of materials available for the manufacture of Duro Pumping Systems, our many dealers have been requested to place the few new Duro Pumps we can allot each one with prospective purchasers whose war-time farm production can be materially increased by having running water.

These dealers, because we cannot supply as many new Duro Pumps as they can sell, will be anxious to keep every Duro Pump in their territory in good running order, so that it will give maximum uninterrupted service.

The Duro dealer in your vicinity will be glad to service and replace worn parts in your Duro Pump. Have it checked now to insure a continuation of the satisfactory service to which you are accustomed.

The Duro Special shown opposite pumps 250 gallons per hour and has a 25 gallon galvanized tank.
