Thanks For Cigarettes

Dear Friends:  
Received cigarettes in good shape, thank you very much and a Happy New Year to all.  
Pie H. FEGLER

Dear Friends:  
Many thanks for the cigarettes I received a few days ago. I got two cartons together, sent at different times. They sure were welcome. We are in barracks now and to buy them five a day is the limit. Thanks again.  
Sgt. W. A. METCALFE

To the People of Jarvis:  
Many thanks for the cigarettes just received. Things here are much like home as we have quite a snow fall and it is quite cool. All the best.  
BILL ROSKIN

"PLEASE PASS THE AMMUNITION"

As a bitter joke against labor's quibbling over wages, and everyone's apathy over time for the war effort, Representative Harold Knutsen of Minnesota introduced a bill last week to pay General MacArthur's besieged soldiers time-and-a-half for overtime, double-time for fighting on Sunday.

On Bataan peninsula, MacArthur's men heard the joke, calculated that

## ASK FARMERS TO TAP MORE TREES FOR SAP

Large Output Will Further Reduce Sugar Consumption. U.S. Buyers Offering Higher Prices.

Ontario farmers having facilities for the production of maple syrup are being asked by the Ontario Department of Agriculture to tap every available tree this year. While weather conditions have much to do with the annual output of maple syrup, agricultural authorities are requesting the largest possible gallonage of maple syrup in 1942, pointing out that a large output will have the effect of further reducing sugar consumption. Thus the Ontario maple tree takes its place in agricultural war production with bacon, cheese, eggs and other dairy products.

Many firms in search for sugar substitutes have turned to maple syrup, and already United States buyers for maple syrup have appeared in Ontario offering three cents a pound more for syrup than the 1941 price. The prevailing wholesale price for maple syrup at Toronto last year was \$2.40 per gallon (weight 13 pounds 2 ounces) according to figures compiled by the Dominion government.

They point out that there is no ceiling price on maple syrup at the present time, but that with competitive buying from the United States, farmers will be well repaid for their efforts in maple bushes this Spring.
