SUNDAY SCHOOL LESSON

LESSON 19 MONDAY-THE DAY OF AU-THORITY-Matthew 21:12-22. (Matt. 21:18-22 followed by Matt. 21:12-17.)

GOLDEN TEXT-"My hou shall be called a house of prayer for all peoples."-Isaiah 56:7. THE LESSON IN ITS SETTING TIME-Monday, April 3, A.D.

PLACE-The cursing of the of Olives, as Jesus was on His way from Bethany to Jerusalem, while the cleansing of the templ occurred, of course, in the tem-ple area in Jerusalem.

The Natural Hunger 18. "Now in the morning as h rned to the city, he hungered." Our Lord appears as a true man, for such He was. At times, He was weary; He walked from place to place, as other men He labored with His hands; He became hungry; His soul was sometimes troubled; He had com-passion, and exceeding great sym-

Unnatural Barrenness 19. "And seeing a fig tree by the wayside, he came to it, and found nothing thereon but leaves only: and he saith unto it, 'Let ere be no fruit from thee henceforward forever.' And immediately the fig tree withered away." In thinking of the symbolic significance of this act, we must not lose sight of the fact that this was distinctly a miracle, ustrated His authority over the natural and inanimate world. He was proving himself to be not less the Lord of nature than the Lore

of men.
As Thou Wilt 20. "And when the disciples saw it, they marvelled, saying, ately wither away?" 21. And Jesus answered and said unto them, Verily I say unto you, If ye have faith, and doubt not, ye shall not only do what is done to the fig tree, but even if ye shall say unto this mountain, Be thou taken up and cast into the sea, it shall be done. 22. And all things whatsoever ye shall sak in prayer, believing, ye shall receive." The removing of mountains must be regarded as an exaggerated statement for 'the removing of obstacles', and the large promise here made to faith be qualified in reference to the answering of prayer. The God and the nature of things with the will and wisdom of God. Above all, we ought to remember that the undertone of every true prayer is, 'Nevertheless, not as I will, but as thou wilk'

Abominal Conditions 12. "And Jesus entered into all them that sold and bought in the temple, and overthrew the tables of the money-changers, and the seats of them that sold the doves." To make the temple of Jehovah a market place for the buying and selling of animals, and haggling over money, was to destroy the very purpose of the temple. The men who were occupied in this traffic were not they had no desire for worship. They had lost the sight of God by focusing their attention upon gold and the means for attracting

Cleansing The Temple 18. "And he saith unto them,

It is written, My house shall be called a house of prayer: but ye make it a den of robbers." These men did not know God. They named His name and studied His law but all the while they knew nothing of God. Because they did not know God there was corresponding failure in their relation-ship to their fellow-men. They were robbers of God.

Healing The Afflicted 14. "And the blind and the lame came to him in the temple; and He healed them. 15. But when the chief priest and the scribes saw the wonderful things that He did, and the children that were crying in the temple and saying, 'Hosanna to the Son of David', they were moved with indignation." Many afflicted peraons were doubtless to be seen in the temple courts, asking alma or seeking consolation in wor-ship. The miraculous healings, then and there, served to estabthe temple, and in the same sense reconsecrated the courts which had been profuned. The scribes and the Pharisees ought to have been led to earnest inquiry here. He who thus asserted authority and wrought miracles and allowe himself to be hailed as the Son of David was indeed the Messiah, They rejected the idea without laquiry, and were indigment at the apparent claim.

WOMEN JOIN INDUSTRIAL PARADE

defily as any man in turning out parts in an aircraft factory. It is estimated that between 50,000 and 75,000 women are now employed in industrial war work. Thousands more will be required to cope with manpower requirements as industry expands and men enlist.

Jesus' Final Word 16. "And said unto him, Hearast thou what these are saying? And Jesus saith unto them, 'Yea: did you never read, Out of the mouths of babes and sucklings thou hast perfected praise?" 17. And He left them, and went forth out of the city of Bethany, and lodged there." The quota-tion here is found in Psalm 8:2. We should never miss the significance of the fact that Jesus was able to quote Scriptures upon every occasion. What He did He

and utterances, to fullfil the pronouncements of the Old Testament Scriptures. The Son of God rose up in their midst and condemned them all for their barrenness in the place of fruitfulness and for a passion for money displacing a love for God. It was a needed rebuke then. It is a needed rebuke today.

Red lights are far more difficult for enemy airmen to see did in the light of the Old Testa-ment. He seemed, not only by U.S. War Department.

now made available by Britisl pigeon breeders for service with the Royal Air Force. King George is one of 15,000 owners who are members of the National Pigeon Service, a voluntary body set up under the control of the Signals Directorate of the Air Ministry to provide carrier pigeons for the Royal Air Force for taking messages, especially in an emergency. Each member of the Service supplies a number of birds daily, to the nearest R.A.F. station and

undertakes to look out for the return of the birds. When a bird flies back to its loft it alights on a specially arranged trap that sets an electric bell ringing, and the bell continues to ring until the owner retrieves the pigeon. Any messages it may be carrying are reported immediately by telephone to the C.O. of the station. Pigeons can be released from aircraft while actually in flight, and one thousand birds weekly are already engaged on active service with general reconnaissance planes.

The King has accepted the badge worn by members of the Service and he has asked that a fortnightly report on the acmeant that R.A.F. men wanted tivities of his own birds should be submitted to him. to be put in touch with their headquarters.

Must Treat Colored Cottons With Care

The dyes that are most scarce are those that make fast color—
a type of dye that goes by the incredible name of "Anthraquin-oid Vat." Cotton fabrics manufactured before the shortage was felt are lavishly dyed in all colors; many have color-fast labels. The new fabrics will probably be paper and place in the refriger-ator overnight, or until ready to use.

Roll one-half of the above mix
range. Where fast dyes are used, prints will be small or sparingly spaced to save the dyes. When there is no color-fast label, treat favorite dress for casual wear—
so save the pattern to make other
attractive versions. A small plaid
or checked fabric shows off the
bias effect best of all.

Pattern 4928 is available in
women's sizes 34, 36, 38, 40, 42,
44, 46, and 48. Size 36 takes
3½ yards 35-inch fabric.

Send Twenty Cents (20c) in
