PRISONERS OF WAR FOOD PARCELS ARE BIG PART OF RED CROSS WORK
Like a sturdy Heloise stretching between soldiers of the Empire who back home, the Canadian Red Cross is now packing prisoners of war food parcels at the rate of 2,000,000 parcels a year by the end of 1942. Packed by volunteer workers at Red Cross depots in Montreal and Toronto, these parcels are sent to the International Red Cross at Geneva which sends them on to British, Canadian, Australian and New Zealand soldiers interned in prison camps in Germany, Italy and Africa.
More than one hundred thousand parcels, signed by prisoners of war and received by the Canadian Red Cross are conclusive evidence that the parcels are being distributed to the men of our armed forces for whom they were packed. The Canadian Red Cross is paying the cost of nearly 1,000,000 parcels a year which are being packed for them by the Canadian Red Cross.

The average family are told, spends \$10 a year on soap. The average small boy in the family consumes that a waste of money.

The Dominion Bureau of Statistics has found that the cost of living index number for April 1, 1942, of 115.9 [adjusted index 115] has not risen by one whole point or more over the index number for October 1, 1941, of 115.5 [adjusted index 114.6]. Accordingly, the National War Labour Board, pursuant to the provisions of Section 12 of Order in Council P. (a) There shall be no change in the amount or percentage of cost of living bonuses presently being paid;
(b) An employer who has not been paying cost of living bonuses may not begin to pay such bonuses.
By Order of the National War Labour Board.

Which side are you on Mrs. Brown?
Maybe you think your small change cannot help... that "total war" means "somebody else."
Maybe you're one of the thousands of housewives who haven't yet started to put even 50¢ a week into War Savings Stamps — just a neutral...
There aren't any neutrals in this war! You're a help or a hindrance to victory. You can't get out of it. If you spend thoughtlessly you'll deny our fighting forces the arms they need and imperil your own future. If you — and 2,000,000 other housewives in Canada — put only 50¢ a week into War Savings Stamps, it means \$1,000,000 a week to help win the war. Which side are you on?
