What neither of the girls realized was that the Queen was driving on one of the saddest missions f her life-to the funeral of her youngest son, the Duke of Kent.

of Air Graduates

In days of peace the motor car manufacturers told with pride that the so-many-thousandth car had just rolled off the line. In like manner the R.C.A.F. Technical Training School at st. Thomas makes a bit of justifiable fuss every time the 10,000th graduate passes out of its portals a skilled man in some form of ground crew work. Last year the first 10,000th man graduated; last week the second 10,000 mark had been passed. It was a great day for this training centre and a greater day for the British Empire Commonwealth Air Training Plan, of which it is an in-

German savagery, can the German robbers and murderers regain the right to belong to human society." Now, guess who said that! Well, Mussolini wrote it in 1915.—Neal O'Hara.

WHAT SCIENCE

IS DOING

STATE OF MIND AFFECTS

STOMACH

Unusual evidence that emotion

are a factor in the development

of ulcers was reported recently

by two physicians who spied on a

The study was made on a 5

year old man who has to be fed through an artificial opening in

his stomach-remarkably simils

to the way an army doctor a cen-

tury ago discovered the nature o

digestion by looking into a man's

stomach through a gunshot wound

The new observations, confirm

ing the medical belief that th

state of one's mind affects the

state of one's stomach, were de

scribed in the journal of the

American Medical Association by Dr. Stewart Wolf, U. S. army cap-tain, and Dr. Harold G. Wolff of New York.

"It appears likely," they con-cluded, "that the chain of events

which begins with anxiety and

conflict and their associated over-

activity of the stomach and ends

with hemorrhages or perforation

is that which is involved in the

natural history of peptic ulcer in

human beings."

The physicians took a look at

that failed to heal completely.

man's stomach during emotion

disturbances.

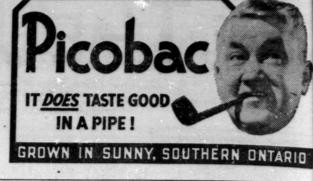

HOW CAN 1? Q. How can I prevent milk

from curdling when using it with brown sugar? A. It will not curdle when compined with brown sugar if a pinch of soda is placed in the mixture.

Q. How can I train vines to grow down over the edge of a flower pot or window box? A. By using long hair pins and oushing these into the soil over the vine at the base of the stems. The slight pressure will force the vines in any desired direction. Q. How can I make soup as

quickly as possible? A. When pressed for time, try cutting the meat for the soup into pieces the size for stew. It will Q. How can I keep pot holders

A. They will keep clean much longer if they are round instead of square. There will be no cor-

ners that are liable to get into India's Volunteer any of the food.

Q. How long should clothing be

A. The soiled parts of clother fore putting them to soak. put the clothes into cold suds: if o be washed within a short time, soak them in hot suds.

Modern Etiquette

1. Isn't it gracious for a hostess o urge more food upon a guest who has refused? 2. When a woman is traveling alone on a train and wishes to have a stubborn window shade raised or lowered, or a piece of heavy luggage moved, what should

3. What is the most becoming color to a girl who has "greenish eyes and golden brown hair? 4. Whose duty is it to see that the bride and oridegroom's car is ready and waiting for them, at the wedding reception? 5. When a man is with a girl and wishes to light a cigarette, should he offer her one?

6. At dinner, which fork should

be placed nearest to the plate?

Answers 1. It is very rude and distasteful to the guest for a hostess to do this. She should never make but one offer, and under no cirscold because the guest "is not eating enough." 2. Ask the porter to do this. 3. Jade green. 4. along." The best man should attend to this. 5. Yes, and light it for her if she accepts. If she declines, then ask if she objects to his

Africa."

Patience Urged

Whatever obscurities or apparent contradictions there may be

in the present American political policy in North Africa, we do not for a moment believe that the course our Government is following means that we have mistaken

our enemies for friends, or lost interest in the real cause for which our friends are fighting—

namely, the life of the French Re-public. We urge patience, and con-fidence, on the part both of Am-

leagues in arms. The French Re

public never had a better friend than President Roosevelt who dir-ects our policy in this crisis.

THE WAR - WEEK - Commentary on Current Events

This is a good time, says the New York Times, for a little patience, and confidence as well, about the political policy our Government of the crews that manned them. The vice was the content of the crews that manned them. crews that manned them. The vic-tory is all the more promising be-cause it was won within a few ernment is pursuing in North Africa. The situation is admittedly a strange one. Our friends the Free French are nowhere in the picture. Instead it is Darlan, until erican fleet operating from an im-provised island base which was a week ago the colleague of Laval, who is organizing North Africa on our side; Darlan who appoints in turn far from the centre of our General Giraud as the Command-er-in-Chief of the French forces; Enemy Will Come Again Darlan who uses the American-controlled Algiers radio to broadeast, in the same breath, a call to arms against the Germans and a claim that his authority to make war upon the Germans derives from Petain, who is a puppet in German hands. It is in these per-plexing circumstances that the de Gaulle committee in London an-nounces that it is "taking no part" in the present situation and will accept no decisions made by the Americans and British "should the

Japanese military to accept a loss of "face." He will come again, but when he comes he will sail withappreciably closer the supremacy of American seapower in the Panegotiations result in arrange-ments which would in effect confirm the Vichy regime in North Report To Britain Mr. Churchill, speaking in the Criticism Premature There will be some bewilderviewed the battle of Egypt and nent in this country also, and no doubt the charge will be made in certain quarters that our Governamount of time and careful prement has once more embarked on a policy of "appeasement" at the expense of its real friends. But

quiring a delicate precision in the such criticism, in our judgment, will be premature. It will also be seems to the layman almost mir made without full possession of the facts in a complex situation. Mr. Churchill's account was A great military operation is under way in North Africa. Whether it succeeds or fails is a matter of touch-and-go. Only the military commanders in the field, and the companied with a reproof and ad-monicion deserved by many wellmeaning persons in Great Britain and the United States. Where is the second front? Why is nobody Government officials in Washingdoing anything for Russia? What's ton who receive from them the first-hand information which they Russia was told that a landing this year if it could be. When this turned out to be impossible, the ted out. Mr. Churchill went to tual understanding." But for months a hullabaloo of censure which we have launched from a distance of three thousand miles. distance of three thousand miles. Surely there is only one thing that counts at the moment. This is to obtain control of the whole north coast of Africa, Tunisia included, as the necessary first step toward the liberation of France herself. was made in entire ignorance of

prises whose initial success,

Thanksgiving For Victory The President's wise and a erous course after the fall of To-bruk in letting the British have our best tanks and a lot of selfpropelled 105-mm. guns was not forgotten by Mr. Churchill.
